To determine whether the duty assessment rates were *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), the Department calculated importer-specific *ad valorem* ratios based on the entered value or the estimated entered value, when entered value was not reported. Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the assessment rate is *de minimis* (*i.e.*, less than 0.50 percent).

The Department clarified its "automatic assessment" regulation on May 6, 2003.8 This clarification will apply to entries of subject merchandise during the POR produced by Ehwa and Shinhan for which these companies did not know that their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the allothers rate if there is no rate for the intermediate involved in the transaction. For a full discussion of this clarification, see Assessment Policy Notice
