SUPPLEMENTARY INFORMATION:**A. Purpose**

Per FAR 47.208, military (and, as required, civilian agency) storage and distribution points, depots, and other receiving activities require advance notice of shipments en-route from contractors' plants. Generally, this notification is required only for classified material; sensitive, controlled, and certain other protected material; explosives, and some other hazardous materials; selected shipments requiring movement control; or minimum carload or truckload shipments. It facilitates arrangements for transportation control, labor, space, and use of materials handling equipment at destination. Also, timely receipt of notices by the consignee transportation office precludes the incurring of demurrage and vehicle detention charges. Unless otherwise directed by a contracting officer, a contractor shall send the notice to the consignee transportation office at least twenty-four hours before the arrival of the shipment.

B. Annual Reporting Burden

There is no centralized database in the Federal Government that maintains information regarding advance notice of shipments of classified material; sensitive, controlled, and certain other protected material; explosives, and some other hazardous materials; selected shipments requiring movement control; or minimum carload or truckload shipments en-route from contractor's plants. No public comments were received in prior years that have challenged the validity of the Government's estimates. Based on the number of unique vendors awarded contracts for Fiscal Year 2011 in the Federal Procurement Data System, the estimated respondents required to

submit the Report of Shipment notice make up less than one-quarter percent of the total number unique vendors awarded contracts. Additionally, consultation with Government subject matter experts did not yield information to warrant a revision to the estimate. The estimated annual reporting burden remains unchanged.

Respondents: 250.

Responses per Respondent: 4.

Annual Responses: 1,000.

Hours per Response: 167.

Total Burden Hours: 167.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat (MVCB), 1275 First Street NE., Washington, DC 20417, telephone (202) 501-4755. Please cite OMB Control No. 9000-0056, Report of Shipment, in all correspondence.

Dated: February 13, 2013.

William Clark,

Acting Director, Federal Acquisition Policy Division, Office of Governmentwide Acquisition Policy, Office of Acquisition Policy, Office of Governmentwide Policy.
