

Determinations Terminating Investigations of Petitions for Worker Adjustment Assistance

After notice of the petitions was published in the **Federal Register** and on the Department's Web site, as

required by Section 221 of the Act (19 U.S.C. 2271), the Department initiated investigations of these petitions.

The following determinations terminating investigations were issued because the petitioning groups of

workers are covered by active certifications. Consequently, further investigation in these cases would serve no purpose since the petitioning group of workers cannot be covered by more than one certification at a time.

82,212	BJR Selected Trucking, Inc.	Washington, PA

because the petitions are the subject of ongoing investigations under petitions

filed earlier covering the same petitioners.

DEPARTMENT OF LABOR**Office of Workers' Compensation Programs****Proposed Extension of Existing Collection; Comment Request****ACTION:** Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. SUPPLEMENTARY INFORMATION:**I. Background**

In order to qualify as a dependent that is eligible for black lung benefits, a child aged 18 to 23 must be a full-time student as described in the Black Lung Benefits Act, 30 U.S.C. 901 et. seq. and attending regulations 20 CFR 725.209. The CM–981 is partially completed by the appropriate district office so that the school official or registrar's office will know for which student and time period the information is being requested and is also used to verify the full-time student status. This information collection is currently approved for use through July 31, 2013.

* Evaluate whether the proposed collection of information is necessary for the proper performance of the

* Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

* Enhance the quality, utility and clarity of the information to be collected; and

* Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
