

copy of their RUS Operating Report for Telecommunications Borrowers; (13) Recognizes that satellite backhaul may limit the performance of broadband networks as compared to terrestrial backhaul, thus carriers compelled to rely exclusively on satellite backhaul in their study area must certify that no terrestrial backhaul options exist; (14) All incumbent local exchange carrier recipients of high-cost support must already report all of their rates for residential local service for all portions of their service area, as well as state fees (state subscriber line charges, state universal service fees and mandatory extended area service charges), to the extent the sum of those rates and fees are below the rate floor, and the number of lines for each rate specified.

OMB Control Number: 3060-1030.

Title: Service Rules for Advance Wireless Services (AWS) in the 1.7 GHz and 2.1 GHz.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities, not-for-profit institutions, Federal Government, and state, local or tribal government.

Number of Respondents: 979 respondents; 1,625 responses.

Estimated Time per Response: .25 hours to 5 hours.

Frequency of Response: On occasion, annual and every 10 year reporting requirements, recordkeeping requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. sections 151, 152, 154(i), 201, 301, 302, 303(f), 303(g), 303(r), 307, 308, 309, 310, 316, 319, 324, 332, and 333 of the Communications Act of 1934, as amended; and the Commercial Spectrum Enhancement Act (CSEA), Public Law 108-494, 118 Stat. 3896, 3992 (2004).

Total Annual Burden: 32,384 hours.

Total Annual Cost: \$581,800.

Privacy Impact Assessment: N/A.

Nature and Extent of Confidentiality: There is no need for confidentiality except as follows: some relocators that seek reimbursement through the FCC cost-sharing plan administered by the clearinghouses will be required to retain records for more than three years, as will the clearinghouses themselves.

Needs and Uses: The Commission will submit this information collection after this comment period to obtain the full, three year clearance from the Office of Management and Budget (OMB). The Commission is requesting OMB approval for a revision.

The Commission in the revisions proposed in the AWS-4 *NPRM*, FCC 12-32, which was submitted for OMB approval, proposed terrestrial service, technical, assignment and licensing rules for the 2000-2020 MHz and 2180-2200 MHz spectrum bands. These proposed rules were designed to provide for flexible use of this spectrum, to encourage innovation and investment in mobile broadband, and to provide a stable regulatory environment in which broadband deployment could develop. The AWS-4 *NPRM* proposed terrestrial service rules for these spectrum bands that would generally follow the Commission's Part 27 rules, which apply to flexible use services (such as AWS-1), modified as necessary to account for issues unique to the 2000-2020 MHz and 2180-2200 MHz bands. The proposals in the AWS-4 *NPRM* included band-specific buildout, renewal, and discontinuance of service criteria. Given the proximity of these spectrum bands to spectrum bands previously identified as Advanced Wireless Services (AWS), the *NPRM* referred to these spectrum bands as "AWS-4" or "AWS-4 spectrum". The AWS-4 *NPRM* proposed to expand spectrum available for AWS, which the Commission first adopted in the AWS-1 *Report and Order*.

For this revision, subject to OMB approval, the Commission in the AWS-4 *Report and Order*, FCC 12-151, adopts flexible use rules for 40 megahertz of spectrum in the 2 GHz band (2000-2020 MHz and 2180-2200 MHz) that would increase the nation's supply of spectrum for mobile broadband. We adopt AWS-4 terrestrial service, technical, and licensing rules that generally follow the Commission's Part 27 flexible use rules, modified as necessary to account for issues unique to the AWS-4 bands.

Recordkeeping, reporting and third party disclosure requirements associated with the items listed in paragraph one of the supporting statement that is submitted to OMB for approval, will be used by incumbent licensees and new entrants to negotiate relocation agreements and to coordinate operations to avoid interference. The information will also be used by the clearinghouses to maintain a national database, determine reimbursement obligations of entrants pursuant to the Commission's rules, and notify such entrants of their reimbursement obligations. Additionally, the information will be used to facilitate dispute resolution and for FCC oversight of the clearinghouses and the cost-sharing plan.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

Information Collection Being Submitted for Review and Approval to the Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: The Federal Communications Commission (FCC), as part of its continuing effort to reduce paperwork burdens, invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act (PRA) of 1995. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid control number. Comments are requested concerning whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written comments should be submitted on or before March 27, 2013. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should

advise the contacts below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, OMB, via fax 202-395-5167, or via email *Nicholas.A.Fraser@omb.eop.gov*; and to Cathy Williams, FCC, via email *PRA@fcc.gov* and to *Cathy.Williams@fcc.gov*. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** section below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418-2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the Web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, (6) when the list of FCC ICRs currently under review appears, look for the OMB control number of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0748.

Title: Section 64.104, 64.1509, 64.1510 Pay-Per-Call and Other Information Services.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 5,125 respondents; 5,175 responses.

Estimated Time per Response: 2 to 260 hours.

Frequency of Response: Annual and on occasion reporting requirements; Recordkeeping requirement; Third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority(s) for the information collection are found at 47 U.S.C. 228(c)(7)-(10); Public Law 192-556, 106 stat. 4181 (1992), codified at 47 U.S.C. 228 (The Telephone Disclosure and Dispute Resolution Act of 1992).

Total Annual Burden: 47,750 hours.

Total Annual Cost: None.

Nature and Extent of Confidentiality: An assurance of confidentiality is not offered because this information

collection does not require the collection of personally identifiable information from individuals.

Privacy Impact Assessment: No impact(s).

Needs and Uses: 47 CFR 64.1504 of the Commission's rules incorporates the requirements of Sections 228(c)(7)-(10) of the Communications Act restricting the manner in which toll-free numbers may be used to charge telephone subscribers for information services. Common carriers may not charge a calling party for information conveyed on a toll-free number call, unless the calling party: (1) Has executed a written agreement that specifies the material terms and conditions under which the information is provided, or (2) pays for the information by means of a prepaid account, credit, debit, charge, or calling card and the information service provider gives the calling party an introductory message disclosing the cost and other terms and conditions for the service. The disclosure requirements are intended to ensure that consumers know when charges will be levied for calls to toll-free numbers and are able to obtain information necessary to make informed choices about whether to purchase toll-free information services.

47 CFR 64.1509 of the Commission rules incorporates the requirements of 47 U.S.C. (c)(2) and 228 (d)(2)-(3) of the Communications Act. Common carriers that assign telephone numbers to pay-per-call services must disclose to all interested parties, upon request, a list of all assigned pay-per-call numbers. For each assigned number, carriers must also make available: (1) A description of the pay-per-call services; (2) the total cost per minute or other fees associated with the service; and (3) the service provider's name, business address, and telephone number. In addition, carriers handling pay-per-call services must establish a toll-free number that consumers may call to receive information about pay-per-call services. Finally, the Commission requires carriers to provide statements of pay-per-call rights and responsibilities to new telephone subscribers at the time service is established and, although not required by statute, to all subscribers annually.

Under 47 CFR 64.1510 of the Commission's rules, telephone bills containing charges for interstate pay-per-call and other information services must include information detailing consumers' rights and responsibilities with respect to these charges. Specifically, telephone bills carrying pay-per-call charges must include a consumer notification stating that: (1) The charges are for non-communication

services; (2) local and long distance telephone services may not be disconnected for failure to pay per-call charges; (3) pay-per-call (900 number) blocking is available upon request; and (4) access to pay-per-call services may be involuntarily blocked for failure to pay per-call charges. In addition, each call billed must show the type of services, the amount of the charge, and the date, time, and duration of the call. Finally, the bill must display a toll-free number which subscribers may call to obtain information about pay-per-call services. Similar billing disclosure requirements apply to charges for information services either billed to subscribers on a collect basis or accessed by subscribers through a toll-free number. The billing disclosure requirements are intended to ensure that telephone subscribers billed for pay-per-call or other information services can understand the charges levied and are informed of their rights and responsibilities with respect to payment of such charges.

Federal Communications Commission.

FEDERAL COMMUNICATIONS COMMISSION

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice; request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of
