## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68975; File No. SR-BYX-2013-008]

### Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Notice of Filing of Proposed Rule Change Amending the Attestation Requirement of Rule 11.24 Allowing a Retail Member Organization to Attest That “Substantially All” Orders Submitted to The Retail Price Improvement Program Will Qualify as “Retail Orders”

February 25, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on February 12, 2013, BATS Y-Exchange, Inc. (the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is proposing to amend the attestation requirement of BYX Rule 11.24 to allow a Retail Member Organization<sup>3</sup> (“RMO”) to attest that “substantially all” orders submitted to the Retail Price Improvement Program (the “Program”) will qualify as Retail Orders.<sup>4</sup> BYX Rule 11.24(b)(2)(C) currently requires RMOs to attest that “any order” will so qualify, effectively preventing certain significant retail brokers from participating in the Program due to operational constraints.

The text of the proposed rule change is available at the Exchange’s Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange is proposing an amendment to BYX Rule 11.24 to provide that an RMO may attest that “substantially all” of the orders it submits to the Program are Retail Orders, replacing the requirement that the RMO must attest that all submitted orders qualify as Retail Orders. Currently, under BYX Rule

<sup>3</sup> A Retail Member Organization is a Member (or a division thereof) that has been approved by the Exchange under BATS Rule 11.24 to submit Retail Orders.

<sup>4</sup> A Retail Order is an agency order that originates from a natural person and is submitted to the Exchange by a RMO, provided that no change is made to the terms of the order with respect to price or side of market and the order does not originate from a trading algorithm or any computerized methodology.

11.24(b)(2)(C), a Member<sup>5</sup> wishing to become an RMO must submit: (A) An application form; (B) supporting documentation; and (C) an attestation that “any order” submitted as a Retail Order will qualify as such under BYX Rule 11.24.

The Exchange believes that the categorical nature of the current attestation language is preventing certain Members with retail customers from participating in the Program. In particular, the Exchange understands that some Members wishing to participate in the Program represent both Retail Orders as well as other agency flow that may not meet the strict definition of “Retail Order.” The Exchange further understands that limitations in order management systems and routing networks used by such Members may make it infeasible for them to isolate 100% of Retail Orders from other agency, non-Retail Order flow that they would direct to the Program. Unable to make the categorical attestation required by the current language of BYX Rule 11.24, some Members have chosen not to participate, notwithstanding that substantially all order flow from such Members would be Retail Orders. This limitation has the effect of preventing their retail customers from benefiting from the enhanced price competition and transparency of the Program.

Accordingly, the Exchange is proposing a de minimis relaxation of the RMO attestation requirement in order to accommodate these system limitations and expand the access of retail customers to the benefits of the Program. Specifically, as proposed, an RMO would be permitted to send de minimis quantities of agency orders to the Exchange as Retail Orders that cannot be explicitly attested to under existing definitions of the Program.

The Exchange will issue notice to its Members to make clear that the “substantially all” language is meant to permit the presence of only isolated and de minimis quantities of agency orders that do not qualify as Retail Orders that cannot be segregated from Retail Orders due to systems limitations. In this regard, an RMO would need to retain, in its books and records, adequate substantiation that substantially all orders sent to the Exchange as Retail Orders met the strict definition and that those orders not meeting the strict definition are agency orders that cannot be segregated from Retail Orders due to system limitations, and are de minimis

in terms of the overall number of Retail Orders sent to the Exchange.

## 2. Statutory Basis

The rule change proposed in this submission is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.<sup>6</sup> Specifically, the proposed change is consistent with Section 6(b)(5) of the Act,<sup>7</sup> in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices because, while the proposed rule change represents a relaxation of the attestation requirements, the change is a de minimis relaxation that still requires the RMO applicant to attest that "substantially all" of its orders will qualify as Retail Orders. The slight relaxation will allow enough flexibility to accommodate system limitations while still ensuring that only a fractional amount of orders submitted to the Program would not qualify as Retail Orders.

The Exchange believes that the proposed rule change promotes just and equitable principles of trade because it will ensure that similarly situated Members who have only slight differences in the capability of their systems will be able to equally benefit from the Program.

The Exchange believes that the proposed rule change will remove impediments to and perfect the mechanism of a free and open market and a national market system because it will allow Members, who are concerned about its system limitations not allowing 100% certification that submitted orders are Retail Orders, to still participate in the Program. By removing impediments to participation in the Program, the proposed change would permit expanded access of retail customers to the price improvement and transparency offered by the Program and thereby potentially stimulate further price competition for retail orders.

## B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the amendment, by increasing the level of participation in the Program, will increase the level of competition around retail executions such that retail investors would receive better prices than they currently do on the Exchange and potentially through bilateral internalization arrangements. The Exchange believes that the transparency and competitiveness of operating a program such as the Program on an exchange market would result in better prices for retail investors and benefits retail investors by expanding the capabilities of Exchanges to encompass practices currently allowed on non-exchange venues.

## C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve or disapprove the proposed rule change, or
- (B) Institute proceedings to determine whether the proposed rule change should be disapproved.
