(c) *Requirement of a CAP.* After review, a State whose program year EER is determined not to be deficient will be notified that a CAP will not be required; a State whose program year EER is determined to be deficient will be required to submit a CAP to improve the State's performance in assisting veterans to meet their employment needs as a condition of receiving its next-due JVSG.

(1) Any State whose program year EER has been determined to be deficient will be notified by March 31 of the year following the calendar year in which the program year under review ended.

(2) For any State that is required to submit a CAP, VETS will provide technical assistance (TA), with input from ETA, on the development of the CAP. The CAP must be submitted to the Grant Officer's Technical Representative by June 30 of the year following the calendar year in which the program year under review ended.

(3) We will review the CAP submitted by the State and determine, with input from ETA, whether to approve it or to provide additional TA to the State.

(i) If we approve the CAP, the State must expeditiously implement it.

(ii) If we do not approve the CAP, we will take such steps as are necessary to implement corrective actions to improve the State's EER for veterans and eligible persons.

(4) If a State fails to take the actions we impose under paragraph (c)(3)(ii) of this section, the Assistant Secretary for Veterans' Employment and Training may take any actions available to remedy non-compliance under 20 CFR 1001.130(a) (referring to the compliance measures discussed in 20 CFR part 658, subpart H).

§ 1001.167 In addition to the procedures specified in this part, will the Department be conducting any other monitoring of compliance regarding services to veterans?

Yes. We will continue to monitor compliance with the regulations on veterans' priority of service at 20 CFR 1010.240(b) jointly with the ETA. If a State's program year EER is determined to be deficient for a given program year, that deficiency would constitute information to be considered in monitoring priority of service, since failure to fully implement priority of service could be one of the contributors to a deficient program year EER.

Keith Kelly,

Assistant Secretary, Veterans' Employment and Training.
