Notice of Proposed Expansion, Extension, and Notification of a Public Meeting for the Chocolate Mountain Aerial Gunnery Range Withdrawal; CA

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: Pursuant to section 808 of the California Military Lands Withdrawal and Overflight Act of 1994 (Act), the Department of the Navy (DoN), on behalf of the U.S. Marines, has filed an application to modify and extend the current legislative withdrawal of public lands from all forms of appropriation under the public land laws, including the mining laws, the mineral leasing laws, and the geothermal leasing laws, for military use of the Chocolate Mountain Aerial Gunnery Range (CMAGR) in Imperial and Riverside Counties, California. The lands are currently withdrawn under the Act, which is a part of the California Desert Protection Act, which reserves these lands for defense-related purposes for a period of 20 years. Unless Congress extends the withdrawal, it will expire on October 30, 2014. The extension application includes a request that additional Federal lands be withdrawn in aid of a proposed legislative adjustment to the boundary for the purpose of improving management. This notice gives an opportunity for the public to comment on the proposed withdrawal expansion and extension and announces the date, time, and location of a public meeting.

DATES: Comments must be received on or before June 25, 2013. The BLM will hold a public meeting in connection with the proposed withdrawal extension on April 25, 2013. For the time and location, please see **SUPPLEMENTARY INFORMATION** below.

ADDRESSES: Comments should be sent to Cynthia Staszak, Assistant Deputy State Director, Natural Resources (CA-930), California Bureau of Land Management, 2800 Cottage Way, Suite 1834, Sacramento, CA 95825-1886.

FOR FURTHER INFORMATION CONTACT: Elizabeth Easley, Realty Specialist, 916-978-4673. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual. The FIRS is available 24 hours a day, 7 days

a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The Act provides that the DoN may seek an extension of the CMAGR withdrawal and requires the Secretary of the Navy both to submit an application to extend the withdrawal to the Secretary of the Interior for processing in accordance with the Bureau of Land Management's (BLM) regulations pertaining to withdrawals, and to publish a Draft Legislative Environmental Impact Statement (EIS) addressing legislative alternatives and the effects of continued withdrawal. The CMAGR Draft Legislative EIS, published on August 31, 2012, is available at www.chocolatemountainrenewal.com. The Department of the Navy's Notice of Availability can be found at 77 FR 53189. The Draft Legislative EIS evaluates the environmental effects of extending the withdrawal for an additional 25 years, as well as expanding the area withdrawn in order to facilitate restructuring the existing range boundary to improve efficiency in the management of the CMAGR and adjacent lands, safeguard public use of adjacent public lands, and consolidate the lands for more efficient environmental stewardship. As a result of the proposed boundary restructuring, Federal and non-Federal lands may be added to the existing withdrawal.

This notice temporarily segregates the additional 24,700 acres Federal lands from all forms of appropriation under the public land laws, including the United States mining laws, and from the operation of the mineral and geothermal leasing laws, and the Mineral Materials Act of 1947, for up to 2 years while the legislative withdrawal application is being processed. Approximately 24,700 acres of Federal lands may be added to the existing 225,100 acre withdrawal. This notice also invites the public to comment on the proposed extension and expansion of the CMAGR withdrawal, and initiates a 90-day comment period on the withdrawal extension/expansion application. The lands involved in the application are:

For a period until March 27, 2015, the additional Federal lands of approximately 24,700 acres will be segregated from all forms of appropriation under the public land laws, including the United States mining laws, and from the operation of the mineral and geothermal leasing laws, and the Mineral Materials Act of 1947, unless the application is denied or canceled or the withdrawal is approved prior to that date.

Licenses, permits, cooperative agreement, or discretionary land use authorizations of a temporary nature which will not significantly impact the values to be protected by the withdrawal may be allowed with the approval of the authorized officer of the BLM during the temporary segregative period.

No water rights would be needed to fulfill the purpose of the requested withdrawal extension.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Partial Consent Decree Under the Clean Water Act

On March 21, 2013, the Department of Justice lodged a proposed partial consent decree with the United States District Court for the District of Kansas in the lawsuit entitled *United States v. Unified Government of Wyandotte County and Kansas City, Kansas, et al.*, Civil Action No. 13-02141-EFM-KGG.

The United States filed this Clean Water Act lawsuit on behalf of the United States Environmental Protection Agency. The complaint seeks injunctive relief and civil penalties for violations of the Clean Water Act in connection with the Unified Government's sewer and storm water systems. The proposed Partial Consent Decree will require the Unified Government to implement improved operation and maintenance programs for the sewer system, perform initial work over the next four years to address sewer overflows, develop a proposed overflow control plan for the sewer system by September 2016, and implement an improved Storm Water Management Plan for the storm water system. The partial settlement will not resolve the United States' claims for civil penalties or injunctive relief.

The publication of this notice opens a period for public comment on the Partial Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v.
