BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Prospective Grant of Start-Up Exclusive License: Photosensitizing Antibody-Fluorophore Conjugates for Photoimmunotherapy

AGENCY: National Institutes of Health, Public Health Service, HHS.

ACTION: Notice.

SUMMARY: This is notice, in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i), that the National Institutes of Health (NIH), Department of Health and Human Services (HHS), is contemplating the grant of a worldwide exclusive patent license, to practice the inventions embodied in PCT patent application PCT/US2012/044421, filed June 27, 2012 (HHS Reference# E-205-2010/2-PCT-01), which is a continuation-in-part of U.S. Application No. 13/180,111 (E-205-2010/1-US-01) which claims priority to U.S. provisional application No. 61/363,079 (E-205-2010/0-US-01), and entitled "Photosensitizing Antibody-Fluorophore Conjugates," to Aspyrian Therapeutics, Inc., a company incorporated under the laws of the State

of Delaware, having its headquarters in San Diego, California.

The United States of America is the assignee of the rights of the above invention.

The field of use may be limited to "use of photosensitizing antibody-fluorophore conjugate by itself for Photoimmunotherapy (PIT), or in combination with cancer therapeutic agents, to treat cancer or pre-cancerous hyperplasia", and may be further limited to certain types of cancer and/or specific platforms.

The license will include the priority case US 13/180,111, which is currently licensed to Aspyrian under an exclusive evaluation option license. The exclusive commercialization license proposed in this notice will supersede and replace the exclusive evaluation option license.

DATES: Only written comments and/or applications for a license received by the NIH Office of Technology Transfer on or before April 12, 2013 will be considered.

ADDRESSES: Requests for a copy of the patent application, inquiries, comments and other materials relating to the contemplated license should be directed to: Uri Reichman, Ph.D., M.B.A, Office of Technology Transfer, National Institutes of Health, 6011 Executive Boulevard, Suite 325, Rockville, MD 20852-3804; Telephone: (301) 435-4616; Facsimile: (301) 402-0220; Email: Reichman@mail.nih.gov. A signed confidentiality nondisclosure agreement will be required to receive copies of any patent applications that have not been published or issued by the United States Patent and Trademark Office or the World Intellectual Property Organization.

SUPPLEMENTARY INFORMATION: The invention is in the field of Photoimmunotherapy (PIT). More specifically, the invention relates to antibody-fluorophore conjugates where the antibody is specific for cancer cells and the fluorophore is IR700 dye. Binding of such conjugates to targeted cancer cells followed by irradiation with near infrared light (NIR) was shown to kill cancer cells in a highly specific manner. Furthermore, the invention discloses that the therapeutic effect of the PIT conjugate is significantly enhanced by the administration of one or more anti-cancer agents following the irradiation step. This is achieved by the markedly rapid accumulation of the therapeutic agent in the PIT-treated tissue. Also provided in the invention are wearable devices that incorporate NIR light emitting diodes (LEDs) and can be used to activate the PIT conjugates.

The prospective exclusive license will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within fifteen (15) days from the date of this published notice, NIH receives written evidence and argument that establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Properly filed competing applications for a license filed in response to this notice will be treated as objections to the contemplated license. Comments and objections submitted in response to this notice will not be made available for public inspection, and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

Dated: March 22, 2013.

Richard U. Rodriguez,

Director, Division of Technology Development and Transfer, Office of Technology Transfer, National Institutes of Health.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Accreditation and Approval of SGS North America, Inc., as a Commercial Gauger and Laboratory

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of accreditation and approval of SGS North America, Inc., as a commercial gauger and laboratory.

SUMMARY: Notice is hereby given, pursuant to CBP regulations, that SGS North America, Inc., has been approved to gauge and accredited to test petroleum and petroleum products, organic chemicals and vegetable oils for customs purposes for the next three years as of November 1, 2012.

DATES: *Effective Dates:* The accreditation and approval of SGS North America, Inc., as commercial gauger and laboratory became effective on November 1, 2012. The next triennial inspection date will be scheduled for November 2015.

FOR FURTHER INFORMATION CONTACT: Approved Gauger and Accredited Laboratories Manager, Laboratories and Scientific Services, U.S. Customs and Border Protection, 1300 Pennsylvania Avenue NW., Suite 1500N, Washington, DC 20229, tel. 202-344-1060.

SUPPLEMENTARY INFORMATION: Notice is hereby given pursuant to 19 CFR 151.12 and 19 CFR 151.13, that SGS North America, Inc., 1084 West Lathrop Ave., Savannah, GA 31415, has been approved to gauge and accredited to test petroleum and petroleum products, organic chemicals and vegetable oils for customs purposes, in accordance with the provisions of 19 CFR 151.12 and 19 CFR 151.13. Anyone wishing to employ this entity to conduct laboratory analyses and gauger services should request and receive written assurances from the entity that it is accredited or approved by the U.S. Customs and Border Protection to conduct the specific test or gauger service requested. Alternatively, inquiries regarding the specific test or gauger service this entity is accredited or approved to perform may be directed to the U.S. Customs and Border Protection by calling (202) 344-1060. The inquiry may also be sent to cbp.labhq@dhs.gov. Please reference the Web site listed below for a complete listing of CBP approved gaugers and accredited laboratories. http://cbp.gov/linkhandler/cgov/trade/basic_trade/labs_scientific_svcs/commercial_gaugers/gaulist.ctt/gaulist.pdf.

Dated: March 19, 2013.

Ira S. Reese,

Executive Director, Laboratories and Scientific Services.

BILLING CODE 9111-14-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R5-R-2012-N170; BAC-4311-K9-S3]

Montezuma National Wildlife Refuge, Cayuga, Seneca, and Wayne Counties, NY; Final Comprehensive Conservation Plan and Finding of No Significant Impact for Environmental Assessment

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the availability of a final comprehensive

conservation plan (CCP) and finding of no significant impact (FONSI) for the environmental assessment (EA) for Montezuma National Wildlife Refuge (NWR), located in Cayuga, Seneca, and Wayne Counties, New York. In this final CCP, we describe how we will manage the refuge for the next 15 years.

ADDRESSES: You may view or obtain copies by any of the following methods. You may request a hard copy or a CD-ROM of the document.

Agency Web site: Download a copy of the document at <http://www.fws.gov/northeast/planning/Montezuma/ccphone.html>.

Email: Send requests to northeastplanning@fws.gov. Please include "Montezuma NWR Final CCP" in the subject line of the message.

Mail: Lia McLaughlin, Natural Resource Planner, U.S. Fish and Wildlife Service, 300 Westgate Center Drive, Hadley, MA 01035.

Fax: Attention: Lia McLaughlin, 413-253-8468.

In-Person Viewing or Pickup: Call 315-568-5987 to make an appointment (necessary for view/pickup only) during regular business hours at 3395 Route 5/20 East, Seneca Falls, NY 13148-9778.

FOR FURTHER INFORMATION CONTACT: Tom Jasikoff, Refuge Manager, 315-568-5987 (phone), or Lia McLaughlin, Planning Team Leader, 413-253-8575 (phone); email: northeastplanning@fws.gov.

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for Montezuma NWR. We started this process through a notice in the **Federal Register** (75 FR 25286; May 7, 2010). We released the draft CCP and EA to the public, announcing and requesting comments in a notice of availability in the **Federal Register** (75 FR 25286; May 22, 2012).

Montezuma NWR was established in 1938 to provide nesting, feeding, and resting habitat for waterfowl and other migratory birds. Situated in Seneca, Wayne, and Cayuga Counties, the refuge currently encompasses 9,809 acres. Refuge habitats include emergent marshes and shallow water mudflats, open water, bottomland floodplain forest, old fields, shrublands, croplands, grassland, and successional forest. The refuge is part of the Montezuma Wetlands Complex, an area identified by the Service, the New York State Department of Environmental Conservation (NYSDEC), and other partners for its role in the conservation of migratory birds, particularly waterfowl. The refuge's public use program provides wildlife-oriented
