[Docket No. FDA-2007-D-0369; (Formerly Docket No. 2007D-0168)]

Draft Guidance for Industry on Bioequivalence Recommendations for Metronidazole Vaginal Gel; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the availability of a draft guidance for industry entitled "Bioequivalence Recommendations for Metronidazole Vaginal Gel." The guidance provides specific recommendations on the design of bioequivalence (BE) studies to support abbreviated new drug applications (ANDAs) for metronidazole vaginal gel.

DATES: Although you can comment on any guidance at any time (see 21 CFR 10.115(g)(5)), to ensure that the Agency considers your comments on this draft guidance before it begins work on the final version of the guidance, submit either electronic or written comments on the draft guidance by May 28, 2013. **ADDRESSES:** Submit written requests for single copies of the draft guidance to the Division of Drug Information, Center for Drug Evaluation and Research, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 51, rm. 2201, Silver Spring, MD 20993-0002. Send one self-addressed adhesive label to assist that office in processing your requests. See the SUPPLEMENTARY **INFORMATION** section for electronic access to the draft guidance document.

Submit electronic comments on the draft guidance to *http://www.regulations.gov*. Submit written comments to the Division of Dockets

Management (HFA–305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852.

SUPPLEMENTARY INFORMATION:

I. Background

In the Federal Register of June 11, 2010 (75 FR 33311; FDA-2007-D-0433), FDA announced the availability of a guidance for industry entitled "Bioequivalence Recommendations for Specific Products," which explained the process that would be used to make product-specific bioequivalence (BE) recommendations available to the public on FDA's Web site at *http://www*. fda.gov/Drugs/GuidanceCompliance RegulatoryInformation/Guidances/ default.htm. As described in that guidance, FDA adopted this process as a means to develop and disseminate product-specific BE recommendations and provide a meaningful opportunity for the public to consider and comment on those recommendations. This notice announces the availability of draft BE recommendations for metronidazole vaginal gel.

New drug application 020208 for MetroGel-Vaginal (metronidazole) vaginal gel, 0.75%, was initially approved by FDA in August 1992. On October 31, 2006, FDA approved ANDA 077264 for a generic version of MetroGel-Vaginal 0.75% (metronidazole). FDA is now issuing a draft guidance for industry on BE recommendations for generic metronidazole vaginal gel (Draft Metronidazole Vaginal Gel BE Recommendations).

In March 2006, Foley & Lardner LLP (the petitioner) submitted a citizen petition requesting that FDA require that any ANDA referencing Metro-Gel Vaginal meet certain conditions, including conditions related to demonstrating BE (Docket No. FDA– 2006–P–0080). FDA is reviewing the issues raised in the petition. FDA will consider any comments on the Draft Metronidazole Vaginal Gel BE Recommendations in responding to the citizen petition.

This draft guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the Agency's current thinking on the design of BE studies to support ANDAs for metronidazole vaginal gel. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

II. Comments

Interested persons may submit either written comments regarding this document to the Division of Dockets Management (see **ADDRESSES**) or electronic comments to *http:// www.regulations.gov.* It is only necessary to send one set of comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at *http:// www.regulations.gov.*

III. Electronic Access

Persons with access to the Internet may obtain the document at either http://www.fda.gov/Drugs/Guidance ComplianceRegulatoryInformation/ Guidances/default.htm or http:// www.regulations.gov.
