[Docket No. FR–5693–C–01]

**Privacy Act of 1974; Republication To
Delete and Update Privacy Act System
of Records Notifications; Correction**

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice of a Correction to System of Records.

SUMMARY: On February 6, 2013, HUD issued a notice in the **Federal Register** entitled, “Republication to Delete and Update Privacy Act System of Records Notifications”. Moreover, HUD inadvertently repeated in the “Prefatory Statement of General Routine Uses” two routine uses. This duplication was made in error and this notice corrects that error, and updates the total number of Prefatory Statements of General Routine Uses reported under that notice.

FOR FURTHER INFORMATION CONTACT: The Chief Privacy Officer, 451 Seventh Street SW., Room 4156, Washington, DC 20410, (202) 402–8073 (Attention: Capitol View Building, 4th Floor). (This is not a toll-free number.) A telecommunication device for hearing- and speech-impaired individuals (TTY) is available at (800) 877–8339 (Federal Information Relay Service).

SUPPLEMENTARY INFORMATION:

Subsequent to the republication on February 6, 2013, HUD discovered that the Prefatory Statement of General Routine Uses inadvertently reported repeated information that HUD proposes to exclude from that publication. In addition, this notice updates and corrects the proposed number of Prefatory Statements of Routine Uses published for that notice to 17.

In conclusion, in the **Federal Register** on February 6, 2013, in FR Doc. 2013–02672, on page 8554, the second column, this notice removes the “Action” caption for routine use number 10: To appropriate Federal, state, local, tribal, or governmental agencies or multilateral governmental organizations responsible for investigating or prosecuting the violations of, or for enforcing or implementing, a statute, rule, regulation, order, or license, where HUD determines that the information would assist in the enforcement of civil or criminal laws; and, routine use number

11: To third parties during the course of a law enforcement investigation to the extent necessary to obtain information pertinent to the investigation, provided disclosure is appropriate to the proper performance of the official duties of the officer making the disclosure.

Dated: March 21, 2013.

Jerry E. Williams,
Chief Information Officer.

**Endangered and Threatened Wildlife
and Plants; Initiation of 5-Year Reviews
of 56 Species in California and Nevada**

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of initiation of reviews; request for information.

SUMMARY: We, the U.S. Fish and Wildlife Service, are initiating 5-year status reviews under the Endangered Species Act of 1973, as amended (Act), of 18 animal species and 38 plant species. A 5-year status review is based on the best scientific and commercial data available at the time of the review; therefore, we are requesting submission of any such information that has become available since the last review for the species. In this notice, we also announce 5-year reviews that were completed for 27 species in California and Nevada between March 1, 2012, and January 31, 2013.

DATES: To ensure consideration, we are requesting submission of new information no later than May 31, 2013. However, we will continue to accept new information about any listed species at any time.

ADDRESSES: For how to submit information, see Request for Information and “How Do I Ask Questions or Provide Information?” in the **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT: For information on a particular species, contact the appropriate person or office listed in the table in the **SUPPLEMENTARY INFORMATION** section.

SUPPLEMENTARY INFORMATION:
Why do we conduct a 5-year review?

Under the Act (16 U.S.C. 1531 *et seq.*), we maintain Lists of Endangered and Threatened Wildlife and Plants (which we collectively refer to as the List) in the Code of Federal Regulations (CFR) at 50 CFR 17.11 (for animals) and 17.12 (for plants). Section 4(c)(2)(A) of the Act requires us to review each listed species’ status at least once every 5 years. Our regulations at 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing those species under active review. For additional information about 5-year reviews, go to <http://www.fws.gov/angered/what-we-do/recovery-overview.html>, scroll down to “Learn More about 5-Year Reviews,” and click on our factsheet.

What information do we consider in our review?

A 5-year review considers all new information available at the time of the review. In conducting these reviews, we consider the best scientific and commercial data that have become available since the listing determination or most recent status review, such as:

(A) Species biology, including but not limited to population trends, distribution, abundance, demographics, and genetics;

(B) Habitat conditions, including but not limited to amount, distribution, and suitability;

(C) Conservation measures that have been implemented that benefit the species;

(D) Threat status and trends in relation to the five listing factors (as defined in section 4(a)(1) of the Act); and

(E) Other new information, data, or corrections, including but not limited to taxonomic or nomenclatural changes, identification of erroneous information contained in the List, and improved analytical methods.

Any new information will be considered during the 5-year review and will also be useful in evaluating the ongoing recovery programs for the species.

Which species are under review?

This notice announces our active review of the species listed in the table below.
