PURPOSE:

To assemble in one system information to provide government agencies with: (1) Information on Federal employees, contractors, and other individuals who apply for and/or use Government-assigned travel charge cards, including the requirement for banks to collect certain information in compliance with the OFAC regulations; (2) Necessary information on the commercial travel and transportation payment and expense control system, which provides travelers charge cards and the agency an account number for official travel and related travel expenses on a worldwide basis; (3) attendant operational and control support; and (4) management information reports for expense control purposes.
