SUPPLEMENTARY INFORMATION:

A. Purpose

GSA, on behalf of the Federal Grants Streamlining Initiative, proposes to renew a standard form, the Tangible Personal Property Report (SF–428). The SF–428 includes a cover page, an Annual Report attachment, a Final Report attachment, a Disposition/Request Report attachment and a Supplemental Sheet to provide detailed item information. The purpose of this form is to provide a standard form for assistance recipients to use when they are required to provide a Federal agency with information related to federally owned property, or equipment and supplies (tangible personal property) acquired with assistance award funds. The form does not create any new reporting requirements. It does establish a standard annual reporting date of

September 30 to be used if an award does not specify an annual reporting date. The standard form will replace any agency unique forms currently in use to allow uniformity of collection and to support future electronic submission of information.

Background

Public Law 106–107 requires OMB to direct, coordinate, and assist Executive Branch departments and agencies in establishing an interagency process to streamline and simplify Federal financial assistance procedures for non-Federal entities. The law also requires executive agencies to develop, submit to Congress, and implement a plan for that streamlining and simplification.

Twenty-six Executive Branch agencies jointly submitted a plan to the Congress in May 2001. The plan described the interagency process through which the agencies would review current policies and practices and seek to streamline and simplify them. The process involved interagency work groups under the auspices of the U.S. Chief Financial Officers Council, Grants Policy Committee. The plan also identified substantive areas in which the interagency work groups had begun their review. Those areas are part of the Federal Grants Streamlining Initiative.

This proposed form is an undertaking of the interagency Post-Award Workgroup that supports the Federal Grants Streamlining Initiative. Additional information on the Federal Grants Streamlining Initiative, which focuses on implementing the Federal Financial Assistance Management

Improvement Act of 1999 (Pub. L. 106–107), is set forth in the **Federal Register** published on September 13, 2006 (71 FR 54098). An overview of the SF–428 and five other report forms being developed under the Initiative was provided during a webcast of the Grants Policy Committee of the U.S. Chief Financial Officers Council held on March 8, 2007 (72 FR 7090, February 14, 2007).

Under the standards for management and disposition of federally-owned property, equipment and supplies (tangible personal property) in 2 CFR part 215, the “Uniform Administrative Requirements for Grants and Agreements With Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” and the “Uniform Administrative Requirements for Grants and Agreements with State and Local Governments,” codified by Federal agencies at 53 FR 8048, March 11, 1988, recipients may be required to provide Federal agencies with information concerning property in their custody annually, at award closeout or when the property is no longer needed. During the public consultation process mandated by Public Law 106–107, recipients suggested the need for clarification of these requirements and the establishment of a standard form to help them submit appropriate property information when required. The Tangible Personal Property Report (SF–428) must be used in connection with requirements listed in the table below and Federal awarding agency guidelines:
