Determinations Terminating Investigations of Petitions for Worker Adjustment Assistance

After notice of the petitions was published in the **Federal Register** and on the Department’s Web site, as required by Section 221 of the Act (19

U.S.C. 2271), the Department initiated investigations of these petitions. The following determinations terminating investigations were issued in cases where these petitions were not filed in accordance with the requirements of 29 C.F.R. 90.11. Every petition filed by workers must be signed by at least three individuals of the

petitioning worker group. Petitioners separated more than one year prior to the date of the petition cannot be covered under a certification of a petition under Section 223(b), and therefore, may not be part of a petitioning worker group. For one or more of these reasons, these petitions were deemed invalid.

TA-W No.	Subject firm	Location	Impact date
82,430	Genuent IT Fluency, Also known as Genuent, Segula Technologies.	Webster, NY	

The following determinations terminating investigations were issued because the petitioning groups of

workers are covered by active certifications. Consequently, further investigation in these cases would serve

no purpose since the petitioning group of workers cannot be covered by more than one certification at a time.

TA-W No.	Subject firm	Location	Impact date
82,460	Recycling and Treatment Technologies of Baltimore, LLC, Magnus International Group, Steel Sparrows Point LLC.	Sparrows Point, MD	

I hereby certify that the aforementioned determinations were issued during the period of March 18, 2013 through March 22, 2013. These determinations are available on the Department’s Web site tradeact/taa/taa_search_form.cfm under the searchable listing of determinations or by calling the Office of Trade Adjustment Assistance toll free at 888-365-6822.

Dated: March 26, 2013.
