SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements

outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at http://floodsrp.org/pdfs/srp_fact_sheet.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

[CIS No. 2532-13; DHS Docket No.: USCIS-2006-0068]

Introduction of the Revised Employment Eligibility Verification Form; Correction

AGENCY: U.S. Citizenship and Immigration Services, DHS.

ACTION: Notice; correction.

SUMMARY: On March 8, 2013, U.S. Citizenship and Immigration Services (USCIS) published a notice in the **Federal Register** announcing the recently revised Employment Eligibility Verification, Form I-9. USCIS also

announced in the **DATES** section of the notice that employers can no longer use prior versions of Form I-9 effective May 7, 2013. In the **SUPPLEMENTARY INFORMATION** section of the notice, however, USCIS incorrectly described the effective date as being after May 7, 2013. This notice corrects this error and clarifies that employers may no longer use prior versions of the Form I-9 beginning May 7, 2013.

FOR FURTHER INFORMATION CONTACT: Sharon Ryan, Department of Homeland Security, U.S. Citizenship and Immigration Services, Verification Division, 131 M Street NE., Suite 200, Washington, DC 20529. For information about the employment eligibility verification process, employers can call the Verification hotline at 888-464-4218 (877-875-6028 for TTY) and

employees can call 888-897-7781 (877-875-6028 for TTY) for further information. The public can also email the Verification Division at 9Central@dhs.gov.

Correction

In the notice published in the **Federal Register** on March 8, 2013 at 78 FR 15030, USCIS incorrectly described the date on which employers can no longer use prior versions of Employment Eligibility Verification, Form I-9 (Form I-9). As correctly stated under the **DATES** caption of the notice, prior versions of Form I-9 can no longer be used effective May 7, 2013.

Accordingly, USCIS is correcting the notice as follows:

1. On page 15030, in the third column under the heading, III. Use of the Revised Form I-9, in the first sentence of the second paragraph, replace the word "After" with the word "Effective" so that the sentence reads: "Effective May 7, 2013, all prior versions of Form I-9 can no longer be used by the public."

2. On page 15030, in the third column under the heading, III. Use of the Revised Form I-9, in the third sentence of the second paragraph, replace the word "After" with the word "Effective" so that the sentence reads: "Effective May 7, 2013, employers who fail to use Form I-9 (Rev. 03/08/13)N may be subject to all applicable penalties under section 274A of the INA, 8 U.S.C. 1324a, as enforced by U.S. Immigration and Customs Enforcement (ICE) and DOJ."

Alejandro N. Mayorkas,

Director, U.S. Citizenship and Immigration Services.
