DEPARTMENT OF ENERGY

Update on Reimbursement for Costs of Remedial Action at Active Uranium and Thorium Processing Sites

AGENCY: Department of Energy.

ACTION: Notice of the Title X claims during fiscal year (FY) 2013.

SUMMARY: In light of fiscal uncertainties facing the Department of Energy (DOE) and the passing of the Consolidated and Further Continuing Appropriations Act, 2013 (Public Law 113-6), funds are not currently available for reimbursement for cleanup work performed by licensees at eligible uranium and thorium processing sites in accordance with Title X of the Energy Policy Act of 1992 (Public Law 102-486). However, licensees may submit their claims for

cleanup work with the understanding that DOE is not able to perform audits on the claims or provide licensees with reimbursements unless sufficient funds become available. If licensees do not submit claims in FY 2013, they can do so the following year. In order to keep an accurate account of claims, DOE will continue to provide an annual status report or report letter on reimbursements to licensees of eligible uranium and thorium processing sites. If licensees submit claims in FY 2013, those licensees are not required to resubmit those same claims in later years.

DATES: If claims are submitted during FY 2013 for cleanup work, the closing date is October 1, 2013. All reimbursements are subject to the availability of funds from congressional appropriations.

ADDRESSES: Claims should be forwarded by certified or registered mail, return

receipt requested, to U.S. Department of Energy, Office of Legacy Management, Attn: Tracy Plessinger, Title X Coordinator, 2597 Legacy Way, Grand Junction, Colorado 81503. Two copies of the claim should be included with each submission.

FOR FURTHER INFORMATION CONTACT: Contact Theresa Kliczewski at (202) 586-3301 of the U.S. Department of Energy, Office of Environmental Management, Office of Disposition Planning & Policy.

SUPPLEMENTARY INFORMATION: DOE published a final rule under 10 CFR Part 765 in the **Federal Register** on May 23, 1994, (59 FR 26714) to carry out the requirements of Title X of the Energy Policy Act of 1992 (sections 1001-1004 of Public Law 102-486, 42 U.S.C. 2296a *et seq.*) and to establish the procedures for eligible licensees to submit claims for reimbursement. DOE amended the final rule on June 3, 2003, (68 FR 32955) to adopt several technical and
