

The following is a brief overview of the request:

The City of Oroville, California requested a release from Federal surplus property and grant assurance obligations for approximately 6.50 acres of airport land to allow for its sale and a land-use change for approximately 13.62 acres of airport land for long term leasing for non-aeronautical revenue generating purposes. The property was originally acquired pursuant to the Surplus Property Act of 1944 and was deeded to the City of Oroville on May 9, 1947. The parcels of land are located south of the airfield, outside of the airport fence line; and along the southern perimeter of the Airport near Larkin Road.

The City of Oroville will sell the 6.50 acres of property at fair market value and lease 13.62 acres of undeveloped airport land for fair market rental value for non-aeronautical revenue producing purposes.

The sales proceeds and rental income will be devoted to airport operations and capital projects. The reuse of the property will not interfere with the airport or its operation; thereby serve the interests of civil aviation.

Issued in Brisbane, California, on April 11, 2013.

Robin K. Hunt,

Manager, San Francisco Airports District Office, Western-Pacific Region.

National Highway Traffic Safety Administration

[Docket No. NHTSA-2013-0045]

Reports, Forms and Record Keeping Requirements, Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Notice of proposed extension, without change, of a currently approved collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, the agency must receive approval from the Office of Management and Budget ("OMB"). Under procedures established by the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatements of previously approved collections. In compliance with the Paperwork Reduction Act of 1995, this notice

describes one collection of information for which NHTSA intends to seek OMB approval.

DATES: Comments must be submitted on or before June 17, 2013.

ADDRESSES: You may submit comments to the docket number identified in the heading of this document by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Mail:* Docket Management Facility, U.S. Department of Transportation, West Building, Ground Floor, Rm. W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590.
- *Hand Delivery or Courier:* West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., between 9 a.m. and 5 p.m. Eastern Time, Monday through Friday, except Federal holidays.
- *Fax:* (202) 493-2251.

Regardless of how you submit your comments, please be sure to mention the docket number of this document and cite OMB Clearance No. 2127-0609, "Criminal Penalty Safe Harbor Provision."

You may call the Docket at 202-366-9322.

Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act discussion below.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).

FOR FURTHER INFORMATION CONTACT: For questions please contact Mr. John Piazza in the Office of the Chief Counsel at the National Highway Traffic Safety Administration, telephone (202) 366-9511. Please identify the relevant collection of information by referring to OMB Clearance Number 2127-0609 "Criminal Penalty Safe Harbor Provision."

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has

promulgated regulations describing what must be included in such a document. Under OMB's regulations (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) how to enhance the quality, utility, and clarity of the information to be collected; and

(iv) how to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks public comment on the following proposed extension, without change, of a currently approved collection of information:

Criminal Penalty Safe Harbor Provision

Type of Request—Extension, without change, of a currently approved collection.

OMB Clearance Number—2127-0609.

Form Number—This collection of information uses no standard forms.

Requested Expiration Date of Approval—Three (3) years from the date of approval of the collection.

Summary of the Collection of Information—Each person seeking safe harbor protection from criminal penalties under 49 U.S.C. 30170 related to an improper report or failure to report is required to submit the following information to NHTSA: (1) A signed and dated document that identifies (a) each previous improper report and each failure to report as required under 49 U.S.C. 30166, including a regulation, requirement, request or order issued thereunder, for which protection is sought and (b) the specific predicate under which the improper or omitted report should have been provided; and (2) the complete and correct information that was required to be submitted but was improperly submitted or was not previously submitted, including relevant documents that were not previously submitted to NHTSA or, if the person cannot do so, provide a detailed description of that information and/or the content of those documents and the reason why the individual

cannot provide them to NHTSA. *See* 49 U.S.C. 30170(a)(2) and 49 CFR 578.7. *See also*, 66 FR 38380 (July 24, 2001) (safe harbor final rule) and 65 FR 81414 (Dec. 26, 2000) (safe harbor interim final rule).

Description of the Need for the Information and Use of the Information—This information collection was mandated by Section 5 of the Transportation Recall Enhancement, Accountability, and Documentation Act, codified at 49 U.S.C. 30170(a)(2). The information collected will provide NHTSA with information the agency should have received previously and will also promptly provide the agency with correct information to do its analyses, such as, for example, conducting tests or drawing conclusions about possible safety-related defects. NHTSA anticipates using this information to help it to accomplish its statutory assignment of identifying safety-related defects in motor vehicles and motor vehicle equipment and, when appropriate, seeking safety recalls.

Description of the Likely Respondents, Including Estimated Number and Proposed Frequency of Response to the Collection of Information—This collection of information applies to any person who seeks a “safe harbor” from potential criminal liability for knowingly and willfully acting with the specific intention of misleading the Secretary by an act or omission that violates section 1001 of title 18 with respect to the reporting requirements of 49 U.S.C. 30166, regarding a safety-related defect in motor vehicles or motor vehicle equipment that caused death or serious bodily injury to an individual. Thus, the collection of information applies to the manufacturers, and any officers or employees thereof, who respond or have a duty to respond to an information provision requirement pursuant to 49 U.S.C. 30166 or a regulation, requirement, request or order issued thereunder.

We believe that there will be very few criminal prosecutions under section 30170, given its elements. Since the safe harbor related rule has been in place, the agency has not received any reports. Accordingly, it is not likely to be a substantial motivating force for a submission of a proper report. We estimate that no more than one such person a year would invoke this new collection of information, and we do not anticipate receiving more than one report a year from any particular person.

Estimate of the Total Annual Reporting and Recordkeeping Burdens Resulting from the Collection of Information—2 hours.

As stated before, we estimate that no more than one person a year would be subject to this collection of information. Incrementally, we estimate that on average it will take no longer than two hours for a person to compile and submit the information we are requiring to be reported. Therefore, the total burden hours on the public per year is estimated to be a maximum of two hours.

Since nothing in the rule requires those persons who submit reports pursuant to this rule to keep copies of any records or reports submitted to us, recordkeeping costs imposed would be zero hours and zero costs.

Authority: 44 U.S.C. 3506; delegation of authority at 49 CFR 1.95.

Issued on: April 11, 2013.

O. Kevin Vincent,
Chief Counsel.

[Docket No. FD 35730]

Ballard Terminal Railroad Company, L.L.C.—Lease Exemption—Line of Eastside Community Rail, LLC

Ballard Terminal Railroad Company, L.L.C. (Ballard), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to lease from Eastside Community Rail, LLC (ECRR) and to operate a 14.45-mile line of railroad between milepost 23.8 in Woodinville, Wash., and milepost 38.25 in Snohomish, Wash. (the Line).¹ Ballard states that it currently operates the Line under an agency relationship/interim operating agreement with ECRR.

Ballard has certified that its projected annual revenue as a result of this transaction will not result in Ballard’s becoming a Class II or Class I rail carrier, and that its projected annual revenue will not exceed \$5 million.

The transaction is expected to be consummated on or after May 2, 2013, the effective date of the exemption (30 days after the notice of exemption was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed by April 25, 2013 (at least seven days before the exemption becomes effective).

¹ Concurrently with the verified notice of exemption, Ballard submitted two petitions concerning an adjacent segment between milepost 23.8 in Woodinville and milepost 12.6 in Bellevue, Wash. (the adjacent segment), currently owned by the City of Kirkland and the Port of Seattle in King County, Wash. Specifically, in Docket No. AB 6 (Sub-No. 465X), Ballard asks the Board to partially vacate the Notice of Interim Trail Use or Abandonment (NITU) issued by the Board for the adjacent segment in *BNSF Railway Co.—Abandonment Exemption—In King County, Wash.*, AB 6 (Sub-No. 465X) (STB served Nov. 28, 2008). Also, in Docket No. FD 35731, Ballard has filed a petition for exemption pursuant to 49 U.S.C. 10502 to acquire the residual common carrier rights and obligations, including the right to reinstitute rail service, over the adjacent segment. Ballard seeks to acquire the physical trackage assets of the adjacent segment and to resume providing common carrier rail service over this trackage. These filings will be addressed by the Board in subsequent decisions.
