SUPPLEMENTARY INFORMATION:

Proposed Collection

Title: VMLRP Veterinarian Shortage Situation Nomination.

OMB Number: 0524-0046.

Type of Request: Intent to request OMB approval to renew an information collection for VMLRP.

Abstract: NIFA established a process to designate veterinarian shortage situations for the VMLRP as authorized under section 1415A of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (NARETPA). This information collection applies to Subpart A of 7 CFR Part 3431.

Need and Use of the Information: NIFA publishes an annual solicitation in the **Federal Register** which requests the Animal Health Official in each state and insular area to submit the VMLRP Veterinarian Shortage Situation Nomination Form for each situation or position for which there is a critical shortage of practicing veterinarians.

This form includes questions requiring checkboxes or text with a word limitation to minimize the burden for nominators and reviewers. Submitted nomination forms are reviewed and evaluated by a panel according to the criteria identified in the published solicitation. From these evaluations, the VMLRP Program Director may designate the recommended shortage situations and these designations are identified in the Request for Applications (RFA) for VMLRP loan repayment applications from individual veterinarians.

Method of Collection: The information collection (nomination form) is available on the NIFA Web site and nominators are required to make submissions by emailing the completed forms to vmlrp@nifa.usda.gov.

Frequency of Response: Annual nominations.

Type of Respondents: Animal Health Official of each state and insular area.

Estimated Number of Respondents: 57 respondents.

Estimated Number of Responses: 267 respondents (range of 1 to 8 for each nominating entity).

Estimated Total Annual Burden on Respondents: 534 hours.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of the information collection. All comments will become a matter of public record. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the VMLRP, including whether the information will have practical utility; (b) the accuracy of the public burden estimate (the estimated amount of time needed for individual respondents to provide the requested information), including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the public burden through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Obtaining a Copy of the Information Collection: A copy of the information collection and related instructions may be obtained free of charge by contacting Jason Hitchcock by telephone, (202) 720-4343, or by email, jhitchcock@nifa.usda.gov. Information is also available at: <http://www.nifa.usda.gov/vmlrp>.
