### Agricultural Marketing Service

[Doc. No. AMS-LS-13-0008]

#### Federal Seed Act Program; Request for Extension and Revision of a Currently Approved Information Collection

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), this document announces the Agricultural Marketing Service's (AMS) intention to request approval, from the Office of Management and Budget (OMB), for an extension of and revision to the currently approved information collection 7 CFR part 201 for Federal Seed Act Labeling and Enforcement.

**DATES:** Comments on this document must be received by June 24, 2013 to be assured of consideration.

**ADDRESSES:** Interested persons are invited to submit written comments concerning this information collection document. Comments should be submitted online at [www.regulations.gov](http://www.regulations.gov) or sent to Fawad S. Shah, Director, Seed Regulatory and Testing Division (SRTD), Livestock, Poultry, and Seed Program, AMS, USDA, 801 Summit Crossing Place, Suite C, Gastonia, North Carolina 28054-2193, or by facsimile to (704) 852-4109. All comments should reference the docket number (AMS-LS-13-0008), the date, and the page number of this issue of the **Federal Register**. All comments received will be posted without change, including any personal information provided, online at <http://www.regulations.gov> and will be made available for public inspection at the above physical address during regular business hours.

#### SUPPLEMENTARY INFORMATION:

*Title:* Federal Seed Act Program.

*OMB Number:* 0581-0026.

*Expiration Date of Approval:* October 31, 2013.

*Type of Request:* Extension and revision of currently approved information collection.

*Abstract:* This information collection and recordkeeping requirements are necessary to conduct the Federal Seed

Act (FSA) (7 U.S.C. 1551 *et seq.*) program with respect to certain testing, labeling, and recordkeeping requirements of agricultural and vegetable seeds in interstate commerce. Regulations under the FSA are contained in 7 CFR part 201.

The FSA, Title II, is a truth-in-labeling law that regulates agricultural and vegetable planting seed in interstate commerce. Seed subject to the FSA must be labeled with certain quality information and it requires that information to be truthful. The FSA prohibits the interstate shipment of falsely advertised seed and seed containing noxious-weed seeds that are prohibited from sale in the State into which the seed is being shipped.

No unique forms are required for this information collection. The FSA requires seed in interstate commerce to be tested and labeled. Once in a State, seed must comply with the testing and labeling requirements of the State seed law. The same testing and labeling required by the FSA nearly always satisfies the State's testing and labeling requirements. Also the receiving, sales, cleaning, testing, and labeling records required by the FSA, are records that the shipper would normally keep in good business practice.

The information in this collection is the minimum information necessary to effectively carry out the enforcement of the FSA. With the exception of the requirements for entering a new variety into a State seed certification program (set forth separately below), the information collection is entirely recordkeeping rather than reporting.

#### Seed Testing, Labeling, and Recordkeeping

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 2.69 hours per record keeper.

*Respondents:* Interstate shippers and labelers of seed.

*Estimated Number of Respondents:* 3,032.

*Estimated Total Annual Responses:* 9,854.

*Estimated Number of Responses per Respondent:* 3.25.

*Estimated Total Annual Burden on Respondents:* 26,507.26 hours.

#### Eligibility Requirements for Certification of New Varieties and Recordkeeping

*Estimate of Burden:* Public reporting burden for this collection of information (eligibility for certification of new varieties) is estimated to average 2.42 hours per response.

*Respondents:* Entities seeking to enter new varieties into State seed certification programs.

*Estimated Number of Respondents:* 54.

*Estimated Total Annual Responses:* 486.

*Estimated Number of Responses per Respondent:* 9.

*Estimated Total Annual Burden on Respondents:* 1,176.12 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Dated: April 17, 2013.

**David R. Shipman,**  
Administrator.

### Agricultural Research Service

#### Notice of Intent To Grant Exclusive License

**AGENCY:** Agricultural Research Service, USDA.

**ACTION:** Notice of intent.

**SUMMARY:** Notice is hereby given that the U.S. Department of Agriculture, Agricultural Research Service, intends to grant to Headwall Photonics, Inc. of Fitchburg, Massachusetts, an exclusive license to U.S. Patent No. 7,460,227, "METHOD TO DETECT BONE FRAGMENTS DURING THE PROCESSING OF MEAT OR FISH," issued on December 2, 2008, U.S. Patent No. 7,787,111, "SIMULTANEOUS ACQUISITION OF FLUORESCENCE AND REFLECTANCE IMAGING TECHNIQUES WITH A SINGLE IMAGING DEVICE FOR MULTITASK INSPECTION," issued on August 31, 2010, U.S. Patent No. 8,126,213,

"METHOD AND SYSTEM FOR WHOLESOMENESS INSPECTION OF FRESHLY SLAUGHTERED CHICKENS ON A PROCESSING LINE," issued on February 28, 2012, and U.S. Patent No. 8,159,525, "PORTABLE MULTISPECTRAL IMAGING SYSTEMS," issued on April 17, 2012.

**DATES:** Comments must be received on or before May 23, 2013.

**ADDRESSES:** Send comments to: USDA, ARS, Office of Technology Transfer, 5601 Sunnyside Avenue, Rm. 4-1174, Beltsville, Maryland 20705-5131.

**FOR FURTHER INFORMATION CONTACT:** June Blalock of the Office of Technology Transfer at the Beltsville address given above; telephone: 301-504-5989.

**SUPPLEMENTARY INFORMATION:** The Federal Government's patent rights in these inventions are assigned to the United States of America, as represented by the Secretary of Agriculture. It is in the public interest to so license these inventions as Headwall Photonics, Inc. of Fitchburg, Massachusetts has submitted a complete and sufficient application for a license. The prospective exclusive license will be royalty-bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within thirty (30) days from the date of this published Notice, the Agricultural Research Service receives written evidence and argument which establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

**Robert Griesbach,**

*Deputy Assistant Administrator.*

## DEPARTMENT OF AGRICULTURE

### Commodity Credit Corporation

#### Notice of Funds Availability: Inviting Applications for the Technical Assistance for Specialty Crops Program

**SUMMARY:** The Commodity Credit Corporation (CCC) announces that it is inviting proposals for the 2014 Technical Assistance for Specialty Crops (TASC) program. The intended effect of this notice is to solicit applications from the private sector and from government agencies for fiscal year 2014 and to set out criteria for the award of funds in October 2013. The TASC program is administered by personnel of the Foreign Agricultural Service (FAS).

The funding authority for TASC expires at the end of fiscal year 2013. This notice is being published at this time to allow awards to be made early in fiscal year 2014, provided that program funding is reauthorized prior to that time. In the event this program is not reauthorized, or is substantially modified, FAS will publish a notice in the **Federal Register** rescinding this Notice of Funds Availability.

**DATES:** To be considered for funding, applications must be received by 5 p.m. Eastern Daylight Time, May 28, 2013. Any applications received after this time will be considered only if funds are still available.

**FOR FURTHER INFORMATION CONTACT:** Entities wishing to apply for funding assistance should contact the Program Operations Division, Office of Trade Programs, Foreign Agricultural Service *by courier address:* Room 6512, 1400 Independence Ave. SW., Washington, DC 20250, or *by phone:* (202) 720-4327, or *by fax:* (202) 720-9361, or *by email:* [podadmin@fas.usda.gov](mailto:podadmin@fas.usda.gov). Information is also available on the FAS Web site at <http://www.fas.usda.gov/mos/tasc/default.asp>.

#### SUPPLEMENTARY INFORMATION:

##### I. Funding Opportunity Description

*Announcement Type:* New.  
*Catalog of Federal Domestic Assistance (CFDA) Number:* 10.604.

*Authority:* The TASC program is authorized by section 3205 of Pub. L. 107-171. TASC regulations appear at 7 CFR part 1487.

*Purpose:* The TASC program is designed to assist U.S. organizations by providing funding for projects that address sanitary, phytosanitary, or related technical barriers that prohibit or threaten the export of U.S. specialty crops. U.S. specialty crops, for the purpose of the TASC program, are defined to include all cultivated plants, or the products thereof, produced in the United States, except wheat, feed grains, oilseeds, cotton, rice, peanuts, sugar, and tobacco.

As a general matter, TASC program projects should be designed to address the following criteria:

- Projects should identify and address a sanitary, phytosanitary, or related technical barrier that prohibits or threatens the export of U.S. specialty crops;
- Projects should demonstrably benefit the represented industry rather than a specific company or brand;
- Projects must address barriers to exports of commercially-available U.S. specialty crops for which barrier removal would predominantly benefit U.S. exports; and
- Projects should include an explanation as to what specifically could not be accomplished without Federal funding assistance and why the participating organization(s) would be unlikely to carry out the project without such assistance.

Examples of expenses that CCC may agree to reimburse under the TASC program include, but are not limited to:
