SUPPLEMENTARY INFORMATION:

Title: Pretrial Services Agency for the District of Columbia 2013 Judicial Survey.

Abstract: Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they collect or sponsor. Section 3506(c)(2)(A) of the PRA (944 U.S.C. 3506(c)(2)(A)) requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection of information to OMB for approval. To comply with this requirement, PSA is publishing notice of the proposed collection of information set forth in this document.

The proposed information collection activity provides a means to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration’s commitment to improving service delivery. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training

or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The judicial officers at the District of Columbia Superior and District Courts are one of PSA’s critical customers. The Agency’s mission statement notes that “assistance to the courts” is critical to promoting pretrial justice and community safety. The proposed survey will assess judicial satisfaction with PSA’s responsiveness, staff professionalism, the quality and benefit of PSA reports, PSA’s supervision of higher risk defendants (including those with mental health and substance dependence issues), and the provision of treatment services. The judicial survey will represent the only qualitative or quantitative measure of this important metric. PSA will use the collected information to support several organizational improvements including: Enhancements to PSA’s supervision of medium to higher-risk pretrial defendants; improve communications with the Court regarding defendant compliance and noncompliance with supervision requirements; provide better performance ratings of Senior Executive Services staff; and creation of a qualitative performance measure to gauge overall judicial satisfaction under PSA’s “partnerships” strategic objective. This type of collection for qualitative information will be used for quantitative information collections that are designed to yield reliable actionable results, such as monitoring trends over time or documenting program performance.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

This evaluation study addresses PSA’s need for a report to inform strategic planning for dissemination and program activities to targeted 60 DC Superior Court and District Court judicial officers as survey participants—the universe of judicial officers hearing criminal matters in both courts and those with bail setting duties.

The survey is intended to assess judicial officers’ perceptions and attitudes through a structured survey to measure judicial perceptions and attitudes about specific elements of

Agency performance. Given the qualitative nature of these data, PSA will use a customer satisfaction rank order response of customer satisfaction questionnaire format for its survey. These customer satisfaction questionnaires are a proven method to solicit and record critical input from primary customers and partner agencies for PSA to address customer-related issues more competently and resolve issues more quickly.

The outcome will best provide a detailed analysis of customer feedback and may also provide “customer intelligence” that can be used as a roadmap to spur innovation efforts, research and development and new programs and initiatives. The outcome will also include a recommendation for strategic planning for future efforts which will engage and develop information and programming for DC judicial official audience. Survey results will not be published independently, but will be part of PSA’s Performance Budget submitted to the United States Congress every February and used as a metric for performance appraisals for Senior Executive Staff, submitted in September of each year.

Method of Collection

This survey will be conducted by PSA through its Office of Strategic Development. To achieve the goals that PSA hopes to obtain through its judicial survey, the following data collections will be implemented:

(1) On-line instrument: All responses to the survey will be solicited, collected and recorded via a web-based survey instrument. This method will increase participants’ ease in completing the survey and returning results to PSA. Automatically-logged results also ensure greater quality control of entered data and easier recording and analysis of results.

(2) Rank-ordered responses: Most survey questions ask respondents to rank-order responses on a standard five-item Likert-scale, for example, “Very Dissatisfied” to “Very Satisfied.” The remaining questions are value neutral and open ended and allow respondents to give opinions on how PSA can improve specific functions.

(3) Limited question set: The survey consists of 15 questions, making it relatively easy to understand, navigate and complete.

(4) Anonymity: Survey results are anonymous, although respondents have the choice to identify themselves.

Since the survey targets all judicial officers that have direct exposure and knowledge of PSA services and supervision, there are no anticipated issues with sample selection, stratification or estimation procedures.

Estimated Annual Respondent Burden

Exhibit 1 shows the estimated annualized burden hours for the respondents’ time to participate in this research. The judicial surveys will be conducted with 60 judicial officers and will take approximately 10–15 minutes to complete. The total burden is estimated to be 15 hours. Exhibit 2 shows the estimated annualized cost burden associated with the respondents’ time to participate in this research. The total cost burden is estimated to be \$1,200 annually. Exhibit 3 shows the total and annualized cost to the federal government for conducting this research. The total cost to the federal government is \$150.00. The total annualized cost is estimated to be approximately \$150.00. The total annual cost includes the questionnaire development, administration, analysis, and study management.

EXHIBIT 1—ESTIMATED ANNUALIZED BURDEN HOURS

Survey form	Number of respondents	Number of responses per respondent	Minutes per response	Total burden hours
DC Superior Court Judicial Survey	40	15	10–15	10
DC District Court Judicial Survey	20	15	10–15	5

EXHIBIT 2—ESTIMATED ANNUALIZED COST BURDEN

Form name	Number of respondents	Total burden	Average cost per survey	Total cost burden
DC Superior Court Judicial Survey	40	10	\$20.00	\$800.00
DC District Court Survey	20	5	20.00	400.00
Total	60	15	20.00	1,200.00

EXHIBIT 3—ESTIMATED TOTAL AND ANNUALIZED COST

Cost component	Total cost	Annualized cost
Project Development.	N/A	N/A
Data Collection Activities.	\$150.00	\$150.00
Project Management.	N/A	N/A
Overhead	N/A	N/A
Total	150.00	150.00

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on

respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying

information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

Dated: April 18, 2013.

Rorey Smith,

Deputy General Counsel, Court Services and Offender Supervision Agency.

BILLING CODE 3129-04-P

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Extension of Public Comment Period for the Notice of Intent To Prepare the Commonwealth of the Northern Mariana Islands Joint Military Training Environmental Impact Statement/Overseas Environmental Impact Statement

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: Marine Corps Forces, Pacific (MARFORPAC), as the Executive Agent designated by the United States (U.S.) Pacific Command (PACOM), is extending the public scoping comment period for the Commonwealth of the Northern Mariana Islands (CNMI) Joint Military Training Environmental Impact Statement (EIS)/Overseas EIS (OEIS) until May 13, 2013. A Notice of Intent (NOI) was published in the **Federal Register** on Thursday, March 14, 2013 (Vol. 78, No. 50, Pages 16257-16259). The Notice announced the initial public scoping comment period, including three public scoping meetings that took place on Wednesday, April 10, 2013; Thursday, April 11, 2013 and Friday, April 12, 2013. The public scoping meetings provided an opportunity for the public to obtain additional information and provide comments on the proposed action. The NOI requested the submission of all public scoping comments to MARFORPAC by April 29, 2013 Chamorro Standard Time (ChST). With this Notice, MARFORPAC is extending the public scoping comment period until May 13, 2013 (ChST).

FOR FURTHER INFORMATION CONTACT: Please visit the project Web site or contact the CNMI Joint Military Training EIS/OEIS Project Manager by telephone at 808-472-1253 or by email via the project Web site (www.cnmijointmilitarytrainingeis.com).

SUPPLEMENTARY INFORMATION: Pursuant to section (102)(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality Regulations (40 Code of Federal Regulations parts 1500-1508), and Executive Order 12114, and United States Marine Corps NEPA implementing regulations in Marine Corps Order P5090.2A, MARFORPAC, as the Executive Agent designated by PACOM, announces its intent to prepare an EIS/OEIS to evaluate the potential impacts associated with preliminary alternatives for meeting PACOM Service Components' unfilled unit level and combined level military training requirements in the Western Pacific. The proposed action is to establish a series of live-fire and maneuver Ranges and Training Areas (RTAs) within the CNMI to meet this purpose.

Existing Department of Defense RTAs and support facilities in the Western Pacific, particularly those in the Mariana Islands, are insufficient to support PACOM Service Components' U.S. Code (U.S.C.) Title 10 training requirements for the region. The expansion of existing RTAs and construction of new RTAs will satisfy identified training deficiencies for PACOM forces that are based in or regularly train in the Mariana Islands. These RTAs will be available to U.S. forces and their allies on a continuous and uninterrupted schedule. These RTAs are needed to support ongoing operational requirements, changes to U.S. force structure and geographic positioning of forces, and U.S. training relationships with allied nations.

MARFORPAC, as the Executive Agent, has invited the Federal Aviation Administration; International Broadcasting Bureau; U.S. Army Corps of Engineers; National Marine Fisheries Service; U.S. Fish and Wildlife Service; and U.S. Department of Interior, Office of Insular Affairs, to participate as cooperating agencies in the preparation of the EIS/OEIS. MARFORPAC has also developed a Memorandum of Understanding with the military services regarding their support and engagement in the development of the EIS/OEIS.

More information on the proposed action can be found on the previously published NOI (see **Federal Register** on March 14, 2013 (Vol. 78, No. 50, Pages 16257-16259)). Federal, State, and local agencies, elected officials, and other interested parties and individuals, are invited and encouraged to review and comment on proposed action. Comments on the proposed action can be submitted via the project Web site (www.cnmijointmilitarytrainingeis.com)

or submitted in writing to: Naval Facilities Engineering Command, Pacific, Attn: EV21, CNMI Joint Military Training EIS/OEIS Project Manager, 258 Makalapa Drive, Suite 100, JBPHH, HI 96860-3134.

All comments must be postmarked or electronically dated on or before May 13, 2013 (ChST).

C.K. Chiappetta,

Lieutenant Commander, Office of the Judge Advocate General, U.S. Navy. Federal Register Liaison Officer.
