Abstract: The Minority Farm Register is a voluntary register of minority farm and ranch operators, landowners, tenants and others with an interest in farming or agriculture. The registrant's name, address, email, phone number, race, ethnicity, gender, farm location, and signature will be collected; however, the registrant's name, address, and signature are the only items required to register. Providing this

information is completely voluntary. USDA's Office of Advocacy and Outreach will use this information to help inform minority farmers and ranchers about programs and services provided by USDA agencies.

The Minority Farm Register is maintained by FSA and jointly administered by FSA and USDA's Office of Advocacy and Outreach. Because USDA partners with community-based organizations, minority-serving educational institutions, and other groups to communicate USDA's program and services, the Office of Advocacy and Outreach may share information collected with these organizations for outreach purposes. The race, ethnicity, and gender of registrants may be used to provide information about programs and services that are designed for these particular groups. Information about the Minority Farm Register is available on the Internet to ensure that the program is widely publicized and accessible to all.
