

recommends use of appropriately descriptive file names (e.g., "Project Narrative," "Maps," "Memoranda of Understanding and Letters of Support," etc.) for all attachments. Cover pages, tables of contents, and the federal wage rate certification do not count towards the 30-page limit for the narrative portion of the application. Otherwise, the only substantive portions of the application that should exceed the 30-page limit are any supporting documents (including a more detailed discussion of the benefit-cost analysis) provided to support assertions or conclusions made in the 30-page narrative section.

D. Contact Information

Contact information for a direct employee of the lead applicant organization is required as part of the SF-424. DOT will use this information to inform parties of DOT's decision regarding the selection of projects, as well as to contact parties in the event that DOT needs additional information about an application. Contact information for a contractor, agent, or consultant of the lead applicant organization is insufficient for DOT's purposes.

E. Protection of Confidential Business Information

All information submitted as part of or in support of any application shall use publicly available data or data that can be made public and methodologies that are accepted by industry practice and standards, to the extent possible. If the application includes information you consider to be a trade secret or confidential commercial or financial information, you should do the following: (1) Note on the front cover that the submission "Contains Confidential Business Information (CBI);" (2) mark each affected page "CBI;" and (3) highlight or otherwise denote the CBI portions. DOT protects such information from disclosure to the extent allowed under applicable law. In the event DOT receives a Freedom of Information Act (FOIA) request for the information, DOT will follow the procedures described in its FOIA regulations at 49 CFR 7.17. Only information that is ultimately determined to be confidential under that procedure will be exempt from disclosure under FOIA.

VII. Performance Measurement

Each applicant selected for TIGER Discretionary Grant funding will be required to work with DOT on the development and implementation of a plan to collect information and report

on the project's performance with respect to the relevant long-term outcomes that are expected to be achieved through construction of the project. Each recipient of a TIGER Discretionary Grant will, in accordance with its grant agreement, report on specified performance indicators for its project. Performance indicators will be negotiated for each project, and will consider the individual project's stated goals as well as resource constraints of applicants. Performance indicators will not include formal goals or targets, but will include baseline measures as well as post-project outputs for an agreed upon timeline, and will inform the TIGER Discretionary Grant program in working towards best practices, programmatic performance measures, and future decision making guidelines.

VIII. Questions and Clarifications

For further information concerning this notice please contact the TIGER Discretionary Grant program staff via email at TIGERGrants@dot.gov, or call Howard Hill at 202-366-0301. A TDD is available for individuals who are deaf or hard of hearing at 202-366-3993. DOT will regularly post answers to these questions and other important clarifications on DOT's Web site at www.dot.gov/TIGER.

Federal Highway Administration

Notice of Final Federal Agency Actions on the Proposed Presque Isle Bypass in Aroostook County, Maine

AGENCY: Federal Highway Administration (FHWA), U.S. DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA and Other Federal Agencies.

SUMMARY: This notice announces actions taken by the FHWA and other Federal agencies that are final within the meaning of 23 U.S.C. 139(l)(1). The actions relate to the proposed Aroostook County Transportation Study Tier II Presque Isle Bypass FEIS located in the Town of Presque Isle, Aroostook County, Maine. Those actions grant approvals for the project.

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the

Federal agency actions on the highway project will be barred unless the claim is filed on or before September 23, 2013. If this date falls on a Saturday, Sunday, or legal holiday, parties are advised to file their claim no later than the business day preceding this date. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT:

Charette, Project Manager, Maine Department of Transportation, Child Street, 16 State House Station, Augusta, ME 04333-0016, Telephone (207) 624-3238.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the FHWA and other Federal agencies have taken final agency actions by issuing licenses, permits, and approvals for the following highway project in the State of Maine: Aroostook County Transportation Study Tier II Presque Isle Bypass Final Environmental Impact Statement (FEIS), a proposed new controlled access highway extending northeast from U.S. Route 1 immediately north of Cambridge Road in Westfield, Maine, continuing north for 7.3 miles, crossing the Aroostook River, and reconnecting to Route 1 immediately south of Brewer Road in Presque Isle, Maine. The total length of the proposed Presque Isle Bypass is 9.8 miles, of which 0.6 miles is in Westfield, Maine. The actions by the Federal agencies, and the laws under which such actions were taken, are described in the FEIS for the project, approved on January 22, 2013, in the FHWA Record of Decision (ROD) issued on April 15, 2013, and in other documents in the FHWA administrative record. The FEIS, ROD, and other documents in the FHWA administrative record file are available by contacting the FHWA or the Maine Department of Transportation at the addresses provided above. The FHWA FEIS and ROD can be viewed and downloaded from the project Web site at <http://www.maine.gov/mdot> or viewed at public libraries in the project area.

FOR FURTHER INFORMATION CONTACT:

Elaine M. Papp, Chief, Medical Programs Division, (202) 366–4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue SE., Room W64–224, Washington, DC 20590–0001. Office hours are from 8:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the Federal Motor Carrier Safety Regulations for a 2-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The statute also allows the Agency to renew exemptions at the end of the 2-year period. The 23 individuals listed in this notice have recently requested such an exemption from the diabetes prohibition in 49 CFR 391.41(b)(3), which applies to drivers of CMVs in interstate commerce. Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting the exemption will achieve the required level of safety mandated by the statutes.

Qualifications of Applicants

Willie J. Brock

Mr. Brock, 55, has had ITDM since 1991. His endocrinologist examined him in 2012 and certified that he has had no severe hypoglycemic reactions resulting in loss of consciousness, requiring the assistance of another person, or resulting in impaired cognitive function that occurred without warning in the past 12 months and no recurrent (2 or more) severe hypoglycemic episodes in the last 5 years. His endocrinologist certifies that Mr. Brock understands diabetes management and monitoring, has stable control of his diabetes using insulin, and is able to drive a CMV safely. Mr. Brock meets the vision requirements of 49 CFR 391.41(b)(10). His ophthalmologist examined him in 2012 and certified that he has stable nonproliferative diabetic retinopathy. He holds a Class E operator’s license from Missouri.

Kenneth L. Bunn

Mr. Bunn, 52, has had ITDM since 2002. His endocrinologist examined him in 2013 and certified that he has had no severe hypoglycemic reactions resulting in loss of consciousness, requiring the assistance of another person, or
