## B. Regulatory History and Information

This is a first time event with no regulatory history.

## C. Basis and Purpose

The legal basis for this temporary rule is 33 U.S.C. 1231; 46 U.S.C. chapters 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6 and 160.5;

Public Law 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1 which collectively authorize the Coast Guard to define regulatory safety zones.

This temporary regulation is necessary to ensure the safety of vessels and spectators from hazards associated with fireworks display.

## D. Discussion of Proposed Rule

This temporary rule proposes to establish a safety zone for the Fairfield Estates fireworks display. This proposed regulated area includes all waters of the Atlantic Ocean within a 1000 foot radius of the fireworks barge located 1000 feet south of the Fairfield Estate in Sagaponack, NY.

This rule will be effective from 8:30 p.m. on August 1, 2013 through 10:30 p.m. on August 2, 2013.

The fireworks display is scheduled to occur from 8:30 p.m. until 10:30 p.m. on August 1, 2013. If the event is cancelled due to inclement weather, then this regulation will be enforced from 8:30 p.m. until 10:30 p.m. on August 2, 2012.

Because spectator vessels are expected to congregate around the location of the fireworks display, this regulated area is necessary to protect both spectators and participants from the hazards created by unexpected pyrotechnics detonation, and burning debris. This proposed rule would temporarily establish a regulated area to restrict vessel movement around the location of the fireworks display to reduce the safety risks associated with it.

To aid the public in identifying the launch platform; fireworks barges used for this display will have a sign on their port and starboard side labeled "FIREWORKS—STAY AWAY." This sign will consist of 10 inch high by 1.5 inch wide red lettering on a white background.

Public notifications may be made to the local maritime community prior to the event through the Local Notice to Mariners, and Broadcast Notice to Mariners.

## E. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

### 1. Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving

Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

The Coast Guard determined that this rulemaking would not be a significant regulatory action for the following reasons: The regulated area will be of limited duration, the area covers only a small portion of the navigable waterways and waterway users may transit around the area. Also, mariners may request permission from the COTP Sector Long Island Sound or the designated representative to transit the zone.

Advanced public notifications will also be made to the local maritime community through the Local Notice to Mariners as well as Broadcast Notice to Mariners.

### 2. Impact on Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered the impact of this proposed rule on small entities. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on a substantial number of small entities.

Those potentially impacted include owners or operators of vessels intending to enter, transit, anchor or moor within the regulated area during the effective period. The temporary safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: The regulated area will be of limited size and of short duration and mariners may request permission from the COTP Sector Long Island Sound or the designated representative to transit the zone. Notifications will be made to the maritime community through the Local Notice to Mariners and Broadcast Notice to Mariners well in advance of the event.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

### 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this proposed rule. If the

rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

#### 4. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

#### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and determined that this rule does not have implications for federalism.

#### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

#### 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### 8. Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

#### 9. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

#### 10. Protection of Children From Environmental Health Risks

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

#### 11. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

#### 12. Energy Effects

This proposed rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

#### 13. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

#### 14. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves establishing a safety zone. This rule may be categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are

available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.
