DEPARTMENT OF AGRICULTURE**Office of the Secretary****Waivers Under the Refined Sugar Re-Export Program**

AGENCY: Office of the Secretary, USDA.

ACTION: Notice.

SUMMARY: The Office of the Secretary of the Department of Agriculture (USDA) is waiving certain provisions in the Refined Sugar Re-Export Program, effective today. These actions are authorized under the waiver authority for the Refined Sugar Re-Export Program regulation at 7 CFR 1530.113. These waivers will facilitate a re-balancing of re-export program license amounts and provide greater flexibility to offset exports and transfers with raw sugar imports.

DATES: *Effective Date:* May 1, 2013.

FOR FURTHER INFORMATION CONTACT: Ron Lord, Director, Import Policies and Export Reporting Division, Foreign Agricultural Service, Department of Agriculture, 1400 Independence Avenue SW., AgStop 1021, Washington, DC 20250-1021; by telephone (202) 720-6939; by fax (202) 720-0876; or by email ronald.lord@fas.usda.gov.

SUPPLEMENTARY INFORMATION: Under the Refined Sugar Re-Export Program, refiners may enter raw sugar unrestricted by the quantitative limit established for the raw sugar tariff-rate quota or the requirements of certificates of quota eligibility provided for in 15 CFR part 2011, as long as licensees export an equivalent quantity of refined sugar, either as refined sugar or as an ingredient in sugar-containing products, or use the refined sugar in the production of polyhydric alcohols. Because of current sugar market conditions, to operate the Sugar Program in accordance with the statutory mandate in section 156(f)(1) of the Federal Agriculture Improvement and Reform Act of 1996, as amended, at no cost to the Federal Government by avoiding the forfeiture of sugar to Commodity Credit Corporation, USDA is implementing the following two waivers under the waiver authority for the Refined Sugar Re-Export Program regulation at 7 CFR 1530.113. This will facilitate a re-balancing of re-export

program license amounts and provide greater flexibility to offset exports and transfers with raw sugar imports.

(1) USDA will temporarily permit licensed refiners to transfer program sugar from their license to another licensed refiner's license. This waiver shall be effective on the date of publication of this notice, and expire on September 30, 2013.

(2) USDA is temporarily increasing the license limit for raw cane sugar refiners from 50,000 metric tons raw value of credits to 100,000 metric tons raw value of credits. This waiver will expire on December 31, 2014. Beginning on January 1, 2015, the credit limit will again be 50,000 metric tons raw value. No change is being made to the 50,000 metric ton raw value limit for debits.

Dated: April 25, 2013.

Michael T. Scuse,

Under Secretary, Farm and Foreign Agricultural Services.

Agricultural Marketing Service

[Doc. Number AMS-FV-11-0054]

United States Standards for Grades of Okra

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: The Agricultural Marketing Service (AMS), of the United States Department of Agriculture (USDA), proposes to revise the voluntary United States Standards for Grades of Okra by removing the "Unclassified" section from the standards.

DATES: Comments must be received by May 31, 2013.

ADDRESSES: Interested persons are invited to submit written comments to the Standardization Branch, Specialty Crops Inspection Division, Fruit and Vegetable Program, AMS, USDA, National Training and Development Center, Riverside Business Park, 100 Riverside Parkway, Suite 101, Fredericksburg, VA 22406; Fax (540) 361-1199, or on the Web at: www.regulations.gov. Comments should make reference to the dates and page number of this issue of the **Federal Register** and will be made available for public inspection in the above office during regular business hours. Comments can also be viewed as submitted, including any personal

information you provide, on the www.regulations.gov Web site.

FOR FURTHER INFORMATION CONTACT:

Dave Horner, Standardization Branch, Specialty Crops Inspection Division, (540) 361-1128 or 1150. The United States Standards for Grades of Okra are available through the Specialty Crops Inspection Division Web site at <http://www.ams.usda.gov/freshinspection>.

SUPPLEMENTARY INFORMATION: Section 203(c) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627), as amended, directs and authorizes the Secretary of Agriculture "to develop and improve standards of quality, condition, quantity, grade and packaging and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices." AMS is committed to carrying out this authority in a manner that facilitates the marketing of agricultural commodities, and makes copies of official standards available upon request. The United States Standards for Grades of Fruits and Vegetables not connected with Federal Marketing Orders or U.S. Import Requirements, no longer appear in the Code of Federal Regulations, but are maintained by USDA, AMS, Fruit and Vegetable Program, and are available on the internet at www.ams.usda.gov/freshinspection.

AMS proposes to revise the voluntary United States Standards for Grades of Okra using the procedures that appear in Part 36, Title 7 of the Code of Federal Regulations (7 CFR part 36). These standards were last revised December 18, 1928.

Background and Response to Comments

On February 9, 2012, AMS published a notice in the **Federal Register** (77 FR 6772), soliciting comments regarding removing the unclassified section and any other possible revision to the United States Standards for Grades of Okra. The public comment period closed on April 9, 2012, with no responses.

Based on the information gathered, AMS proposes to remove and reserve Section "51.3946 Unclassified." AMS believes the revision will bring the okra standards in line with current marketing practices and other commodity standards. This section is being removed in standards for all commodities as they are revised. It is no longer considered necessary, since it is not a grade and only serves to show that no grade has been applied to the lot.

This notice provides for a 30 day comment period for interested parties to

comment on the proposed revision in the standards. This period is deemed appropriate in order to implement this change, if it is adopted, as soon as possible to reflect current marketing practices.

Authority: 7 U.S.C. 1621-1627.

Dated: April 25, 2013.

David R. Shipman,

Administrator, Agricultural Marketing Service.
