### Foreign-Trade Zones Board

[B-39-2013]

#### **Foreign-Trade Zone (FTZ) 265— Conroe, Texas; Notification of Proposed Production Activity; Bauer Manufacturing Inc.; (Foundation Casings and Tools/Accessories for Pile Drivers and Boring Machinery); Conroe, Texas**

The City of Conroe, Texas, grantee of FTZ 265, submitted a notification of proposed production activity to the FTZ Board on behalf of Bauer Manufacturing Inc. (Bauer), located in Conroe, Texas. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on April 18, 2013.

The Bauer facility is located within Site 1 of FTZ 265. The facility is used for the production of foundation casings and tools and accessories for pile drivers and boring machinery. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Bauer from customs duty payments on the foreign status components used in export production. On its domestic sales, Bauer would be able to choose the duty rates during customs entry procedures that apply to foundation casings and tools and accessories for pile drivers and boring machinery (free, 2.9%, 5.0%) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

Components and materials sourced from abroad include: plastic tubes/pipes/hoses, articles of rubber (joining bands, plates, sheets, strips, bands), paper sheets/dials/rolls, articles of steel (shapes; U, H and I beams; sections; sheets; fittings), and air compressors/pumps (duty rates range from free to 5.0%). The request indicates that all foreign steel products subject to an antidumping/countervailing duty (AD/CVD) order will be admitted to the zone in domestic (duty-paid) status (19 CFR § 146.43).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is June 11, 2013.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

For further information, contact Pierre Duy at [Pierre.Duy@trade.gov](mailto:Pierre.Duy@trade.gov) or (202) 482-1378.

Dated: April 25, 2013.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-533-847]

#### **1-Hydroxyethylidene-1, 1-Diphosphonic Acid From India: Preliminary Results of Antidumping Duty Administrative Review; 2011—2012; and Intent to Revoke Order (in Part)**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on 1-hydroxyethylidene-1, 1-diphosphonic acid (HEDP) from India. The period of review (POR) is April 1, 2011, through March 31, 2012. The review covers one producer and exporter of the subject merchandise, Aquapharm Chemicals Pvt., Ltd. (Aquapharm). We have preliminarily determined that sales of subject merchandise have not been made at prices below normal value by Aquapharm. In addition, we determine that Aquapharm qualifies for revocation and, thus, we preliminarily intend to revoke the antidumping duty order, in part, with respect to HEDP produced and exported by Aquapharm.

**DATES:** Effective May 2, 2013.

**FOR FURTHER INFORMATION CONTACT:** Brandon Custard or David Goldberger, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution

Avenue NW., Washington, DC, 20230; telephone (202) 482-1823 or (202) 482-4136, respectively.

#### **SUPPLEMENTARY INFORMATION:**

##### **Scope of the Order**

The merchandise covered by this order includes all grades of aqueous, acidic (non-neutralized) concentrations of 1-hydroxyethylidene-1, 1-diphosphonic acid.<sup>1</sup> The product is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at item numbers 2931.90.9043 and 2811.19.6090.<sup>2</sup> Although the HTS numbers are provided for convenience and customs purposes, the full written scope description, as published in the antidumping order<sup>3</sup> and described in the memorandum entitled "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: 1-Hydroxyethylidene-1, 1-Diphosphonic Acid (HEDP) from India" (Preliminary Decision Memorandum), remains dispositive.

##### **Methodology**

The Department has conducted this review in accordance with Section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. To determine the appropriate comparison method, the Department applied a "differential pricing" analysis and has preliminarily determined to use the average-to-average method in making comparisons of export price or constructed export price and normal value for Aquapharm. We have also determined that Aquapharm qualifies for revocation from the order and, thus, we preliminarily intend to revoke the antidumping duty order, in part, with respect to HEDP produced and exported by Aquapharm.<sup>4</sup> For a full description of the methodology underlying our conclusions, see Preliminary Decision Memorandum, which is hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized

<sup>1</sup> C<sub>2</sub>H<sub>5</sub>O<sub>7</sub>P<sub>2</sub> or C(CH<sub>3</sub>)(OH)(PO<sub>3</sub>H<sub>2</sub>)<sub>2</sub>.

<sup>2</sup> We have revised the HTSUS item numbers for the merchandise subject to this order to reflect the current HTSUS schedule available on the International Trade Commission's Web site at <http://www.usitc.gov/tata/hts/bychapter/index.htm>.
