

moved from Exchange Rule 1066(i) to Exchange Rule 1080.03 because such order is (and would continue to be) only available on Phlx XL. Exchange Rule 1066(f) would also be amended to add three new definitions—Spread Type Order; Complex Order and DNA Order. The Commission believes that these changes are consistent with and necessary in light of the changes being made to FBMS, and are appropriate and beneficial to investors because they update the Exchange's Rules and provide the investing public with clearer information on order types available for execution on the Exchange.

The Commission also finds that the addition of new subsection (g) to Exchange Rule 1000 is consistent with the Act. Exchange Rule 1000(g) would require bids and offers to either be entered electronically or made by public outcry in the trading crowd. As described above, public outcry is defined in Rule 1000(g). The Commission believes that the additional clarity provided by Rule 1000(g) on how bids and offers are made and maintained on the trading floor is appropriate because, in light of the elimination of most Floor Broker verbal executions, additional emphasis will be placed on how long a bid/offer is in effect.

The Commission finds that it is consistent with the Act for the Exchange to begin implementation of the new FBMS enhancements and related rules on June 1, 2013, with a two to four week trial period. The Commission believes that this will provide Floor Brokers and other market participants with an appropriate amount of time to familiarize themselves with the changes, and, similarly, a trial period of two to four weeks will allow the Exchange and market participants to work together in making a transition from floor based executions to FBMS.

#### IV. Conclusion

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act<sup>39</sup> that the proposed rule change (SR-Phlx-2013-09) is approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>40</sup>
