

appropriately balance the demand for the product with increasing platform, overhead and technology infrastructure costs.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁴ in general, and with Section 6(b)(4)⁵ of the Act, in particular. The Exchange believes it is consistent with Section 6(b)(4) of the Act because it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls. All similarly situated members are subject to the same fee structure, and access to this NASDAQ service is offered on fair and non-discriminatory terms. NASDAQ has not increased the fees assessed under Rule 7015(h) since 2011 despite incurring a substantial decrease in subscribership, resulting in higher per-subscription costs as fixed costs are spread among fewer users. Moreover, during this time NASDAQ has also experienced increased costs associated with ongoing support of the VTE platform, which include platform, overhead and technology infrastructure costs. In order to continue to offer this service, NASDAQ must increase the subscriber fees as proposed to cover the overall general increase in cost to support the service, and to cover the increased cost resulting from a smaller subscriber base. The proposed fees realign the balance of the costs discussed above to the fees received for the service so that it is similar to the ratio at the time of the last fee increase. NASDAQ notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. Use of VTE terminals is entirely optional and members can avail themselves of numerous other means of accessing The Nasdaq Market Center. Members are not obligated to subscribe to VTE terminals and may cancel an existing subscription at any time, with the obligation to pay only for full the monthly fee for the month canceled. As such, the Exchange believes that the proposed fees are reasonable.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance

of the purposes of the Act, as amended. The proposed fees merely allow NASDAQ to recapture the increasing platform, overhead and technology infrastructure costs it incurs in support of the service, which are magnified on a per subscription basis given a declining subscriber base. The fees are applied uniformly among subscribing member firms, which are not compelled to subscribe to the service and may access the information provided through other means. For these reasons, any burden arising from the fees is necessary in the interest of promoting the equitable allocation of a reasonable fee.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing change has become effective pursuant to Section 19(b)(3)(A) of the Act,⁶ and paragraph (f)⁷ of Rule 19b-4, thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
