

or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on May 9, 2013.

FTZ 52 was approved by the FTZ Board on December 13, 1979 (Board Order 150, 44 FR 76381, 12/26/1979). The current zone includes the following site: *Site 1* (53 acres)—MacArthur Airport, 1 Trade Zone Drive, Ronkonkoma, Suffolk County.

The grantee’s proposed service area under the ASF would be portions of Suffolk County, New York, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The proposed service area is adjacent to the JFK Airport Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project to include its existing site as a “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 52’s previously authorized subzone.

In accordance with the FTZ Board’s regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.
