

increased volume benefits all market participants (including Market-Makers or affiliates who do not achieve the higher tiers on the VIP; indeed, this increased volume may allow them to reach these tiers). This increased volume will also assist other Trading Permit Holders in achieving higher tiers on the VIP, including those that do not have affiliated Market-Makers. The Exchange does not believe that the proposed change will impose an unnecessary or inappropriate burden on intermarket competition because it only applies to CBOE. To the extent that this rebate, or the resulting increased volume, proves attractive to market participants on other options exchanges, such market participants may elect to become market participants at CBOE.
