#### Natural Gas Pipeline Company of America LLC; Notice of Request Under Blanket Authorization

Take notice that on May 10, 2013, Natural Gas Pipeline Company of America LLC (Natural), pursuant to the blanket certificate authorization granted in Docket No. CP82-402-000,<sup>1</sup> filed an

application in accordance to sections 157.205, 157.208, and 157(213) of the Commission's Regulations under the Natural Gas Act (NGA) as amended, requesting authority to convert one (1.0) Bcf of cushion gas to working gas at its Herscher Mount Simon Reservoir located in Kankakee County, Illinois. The proposed project will provide greater operational flexibility with the ability to withdraw additional working gas from the Mount Simon Reservoir instead of the Galesville Reservoir, which could be used to partially recharge or refill the Galesville Reservoir during low demand period, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The proposed conversion will result in an increase in working gas inventory from 12.6 Bcf to 13.6 Bcf and a decrease in the cushion gas inventory from 54.4 Bcf to 53.4 Bcf. Natural states that the conversion will not change the total volume of 67 Bcf stored at the Mount Simon Reservoir. The conversion of one (1.0) Bcf of cushion gas to working gas will be achieved by stimulation of existing I/W wells to improve their withdrawal capacity. The stimulation will be conducted during daytime hours using truck mounted equipment. The trucks will use existing roads to access the well sites. No new ground disturbance is required to complete the proposed well stimulation activities.

## ENVIRONMENTAL PROTECTION AGENCY

[FRL 9801-5]

### Proposed Consent Decree, Clean Air Act Citizen Suit

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of Proposed Consent Decree; Request for Public Comment.

**SUMMARY:** In accordance with section 113(g) of the Clean Air Act, as amended ("CAA" or the "Act"), notice is hereby given of a proposed consent decree to address a lawsuit filed by Sierra Club in the United States District Court for the Northern District of California: *Sierra Club v. Perciasepe*, No. 3:12-cv-4078-JST (N.D. CA). On August 2, 2012, Plaintiff filed a complaint alleging that EPA failed to take action on certain state implementation plan ("SIP") submissions from the State of Nevada by the statutory deadline established by CAA section 110(k)(2). EPA has since taken final action on most of these SIP submissions, and the proposed consent decree establishes a deadline for EPA to take action on the one remaining SIP submission.

**DATES:** Written comments on the proposed consent decree must be received by June 24, 2013.

**ADDRESSES:** Submit your comments, identified by Docket ID number EPA-HQ-OGC-2013-0391, online at [www.regulations.gov](http://www.regulations.gov) (EPA's preferred method); by email to [oei.docket@epa.gov](mailto:oei.docket@epa.gov); by mail to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. #### SUPPLEMENTARY INFORMATION:

#### I. Additional Information About the Proposed Consent Decree

The proposed consent decree would resolve a lawsuit filed by the Sierra Club seeking to compel the Administrator to take final action under sections 110(k) of the CAA, 42 U.S.C. 7410(k), to approve or disapprove, in whole or in part, five regulations submitted by the State of Nevada for inclusion in the Clark County portion of Nevada's state

implementation plan ("SIP"). EPA has already taken final action on four of these regulations and notice of such final action was published in the **Federal Register** on October 18, 2012. The proposed consent decree only addresses the fifth regulation identified in the Complaint as "Section 25 of the Clark County Air Quality Regulations, as amended May 18, 2010 and submitted to EPA on September 1, 2010" ("Section 25"). Section 25 pertains generally to the treatment of excess emissions during startup, shutdown, and malfunction events.

The proposed consent decree provides that no later than December 2, 2013, EPA shall sign a notice of the Agency's final action on the SIP submission with respect to Section 25 pursuant to section 110(k) of the CAA, 42 U.S.C. 7410(k). The proposed consent decree requires that following signature of EPA's final action, EPA shall promptly send the notice to the Office of the Federal Register for publication in the **Federal Register**. After EPA fulfills its obligations under the proposed consent decree, the consent decree shall be terminated and the case dismissed with prejudice.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this consent decree should be withdrawn, the terms of the decree will be affirmed.
