Texas Eastern seeks authorization to convert an existing injection/withdrawal well to an observation well, and to abandon an associated storage lateral line and ancillary facilities at the Accident Storage Field in Garrett County, Maryland.

Questions regarding this application may be directed to Lisa A. Connolly, General Manager, Rates & Certificates,

Texas Eastern Transmission, LP, P.O. Box 1642, Houston, Texas 77251-1642, or by calling 713 627-4102, by faxing 713 627-5947, or by emailing laconnolly@spectraenergy.com.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review (NSER). If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a NSER will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Any person or the Commission's staff may, within 60 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the regulations under the NGA (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the allowed time for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such motions or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the

“eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

SUPPLEMENTARY INFORMATION:

Title: Electric Fees, Annual Charges, Waivers, and Exemptions.

OMB Control No.: 1902–0132.

Type of Request: Three-year extension of the FERC–582 information collection requirements with no changes to the current reporting requirements.

Abstract: The information required by FERC–582 is contained within 18 Code of Federal Regulations (CFR) part 381¹ and part 382.²

The Commission uses the FERC–582 to implement the statutory provisions of the Independent Offices Appropriation Act of 1952 (IOAA)³ which authorizes the Commission to establish fees for its

services. In addition, the Omnibus Budget Reconciliation Act of 1986 (OBRA)⁴ authorizes the Commission to assess and collect fees and annual charges in any fiscal year in amounts equal to all the costs incurred by the Commission in that fiscal year.

To comply with the FERC–582 respondents submit to the Commission the sum of the megawatt-hours (MWh) of all unbundled transmission (including MWh delivered in wheeling transactions and MWh delivered in exchange transactions) and the megawatt-hours of all bundled wholesale power sales (to the extent the bundled wholesale power sales were not separately reported as unbundled transmission). The data collected within the FERC–582 is drawn directly from the FERC Form 1 transmission data. The Commission sums the costs of its electric regulatory program and subtracts all electric regulatory program filing fee collections to determine the total collectible electric regulatory program costs. Then, the Commission uses the data submitted under FERC–582 to determine the total megawatt-hours of transmission of electric energy in interstate commerce.

Respondents (e.g. public utilities, power marketers) subject to these annual charges must submit FERC–582 data to the Commission by April 30 of each year.⁵ The Commission issues bills for annual charges to respondents. Then, respondents must pay the charges within 45 days of the Commission’s issuance of the bill.

Respondents file requests for waivers and exemptions of fees and charges⁶ based on need. The Commission’s staff uses the filer’s financial information to evaluate the request for a waiver or exemption of the obligation to pay a fee or an annual charge.

*Estimate of Annual Burden:*⁷ The Commission estimates the total Public Reporting Burden for this information collection as:

FERC–582—ELECTRIC FEES; ANNUAL CHARGES; WAIVERS; AND EXEMPTIONS

	Number of respondents	Number of responses per respondent	Total number of responses	Average burden hours per response	Estimated total annual burden
	(A)	(B)	(A) × (B) = (C)	(D)	(C) × (D)

¹ Title 18 CFR, Sections 381.105, 381.106, 381.108, 381.302, and 381.305.

² Title 18 CFR, Sections 382.102, 382.103, 382.105, 382.106, and 382.201.

⁴ 42 U.S.C. 7178.

⁷ The Commission defines burden as the total time, effort, or financial resources expended by

persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, reference 5 CFR 1320.3.
