**BILLING CODE 4165-15-P**

**DEPARTMENT OF HEALTH AND  
 HUMAN SERVICES**

**Health Resources and Services  
 Administration**

**Agency Information Collection  
 Activities; Proposed Collection; Public  
 Comment Request**

**AGENCY:** Health Resources and Services  
 Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** In compliance with the  
 requirement for opportunity for public  
 comment on proposed data collection  
 projects (Section 3506(c)(2)(A) of the  
 Paperwork Reduction Act of 1995), the  
 Health Resources and Services  
 Administration (HRSA) publishes  
 periodic summaries of proposed  
 projects being developed for submission  
 to the Office of Management and Budget  
 (OMB) under the Paperwork Reduction  
 Act of 1995.

HRSA especially requests comments  
 on: (1) The necessity and utility of the  
 proposed information collection for the  
 proper performance of the agency's  
 functions, (2) the accuracy of the  
 estimated burden, (3) ways to enhance  
 the quality, utility, and clarity of the  
 information to be collected, and (4) the  
 use of automated collection techniques  
 or other forms of information  
 technology to minimize the information  
 collection burden.

**Information Collection Request Title:  
 The Teaching Health Center Graduate  
 Medical Education (THCGME) Program  
 Eligible Resident/FTE Chart (OMB  
 0915-xxxx) NEW**

*Abstract:* The THCGME Program  
 Eligible Resident/FTE Chart published  
 in the THCGME Funding Opportunity  
 Announcements (FOAs) is a means for  
 determining the number of eligible  
 residents/FTEs in an applicant's  
 primary care residency program. The  
 chart requires applicants to provide data  
 related to the size and/or growth of the  
 residency program over previous  
 academic years, the number of residents  
 enrolled in the program during the  
 baseline academic year, and a projection  
 of the program's proposed expansion  
 over the next four academic years. It is  
 imperative that applicants complete this

chart and provide evidence of a planned  
 expansion, as per the statute, THCGME  
 funding may only be used to support an  
 expanded number of residents in a  
 residency program. Utilization of a chart  
 to gather this important information has  
 decreased the number of errors in the  
 eligibility review process resulting in  
 more accurate review and funding  
 process.

*Burden Statement:* Burden in this  
 context means the time expended by  
 persons to generate, maintain, retain,  
 disclose or provide the information  
 requested. This includes the time  
 needed to review instructions; to  
 develop, acquire, install and utilize  
 technology and systems for the purpose  
 of collecting, validating and verifying  
 information, processing and  
 maintaining information, and disclosing  
 and providing information; to train  
 personnel and to be able to respond to  
 a collection of information; to search  
 data sources; to complete and review  
 the collection of information; and to  
 transmit or otherwise disclose the  
 information. The total annual burden  
 hours estimated for this Information  
 Collection Request are summarized in  
 the table below.

Total Estimated Annualized burden  
 hours:

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Teaching Health Center GME program Eligible Resident/ FTE Chart .....	09	1	9	0.5	4.5
Total .....	09	1	9	0.5	4.5

**ADDRESSES:** Submit your comments to  
[paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or mail the HRSA  
 Information Collection Clearance  
 Officer, Room 10-29, Parklawn  
 Building, 5600 Fishers Lane, Rockville,  
 MD 20857.

**FOR FURTHER INFORMATION CONTACT:** To  
 request more information on the  
 proposed project or to obtain a copy of  
 the data collection plans and draft  
 instruments, email [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov)  
 or call the HRSA Information Collection  
 Clearance Officer at (301) 443-1984.

**SUPPLEMENTARY INFORMATION:** When  
 submitting comments or requesting  
 information, please include the  
 information request collection title for  
 reference.

*Deadline:* Comments on this  
 Information Collection Request must be  
 received within 60 days of this notice.

Dated: May 17, 2013.

**BILLING CODE 4165-15-P**

**DEPARTMENT OF HEALTH AND  
 HUMAN SERVICES**

**Health Resources and Services  
 Administration**

**Ryan White HIV/AIDS Program Core  
 Medical Services Waiver; Application  
 Requirements**

**AGENCY:** Health Resources and Services  
 Administration, HHS.

**ACTION:** Final Notice with Opportunity  
 for Comment

**SUMMARY:** Title XXVI of the Public  
 Health Service Act, as amended by the  
 Ryan White HIV/AIDS Treatment  
 Extension Act of 2009 (Ryan White  
 Program or RWP), requires that grantees  
 expend 75 percent of Parts A, B, and C  
 funds on core medical services,  
 including antiretroviral drugs, for  
 individuals with HIV/AIDS identified  
 and eligible under the statute. The  
 statute also grants the Secretary  
 authority to waive this requirement if  
 there are no waiting lists for the AIDS  
 Drug Assistance Program (ADAP) and  
 core medical services are available to all  
 individuals identified and eligible  
 under Title XXVI in an applicant's  
 service area.

Prior to this policy announcement,  
 grantees seeking a waiver of the 75  
 percent requirement have been required  
 to submit core medical services waiver  
 requests at the same time as the annual

grant application. Recognizing RWP grantees' request for additional flexibility in the timing of waiver applications, the Health Resources and Services Administration (HRSA) is providing grantees additional options for making waiver requests.

HRSA is amending the uniform waiver standards for RWP grantees requesting a core medical services waiver for fiscal year (FY) 2014 and beyond. The amended standards will allow grantees to apply for a waiver (a) at the same time as their annual Part A, B, or C application submission, (b) at any time up to their annual Part A, B, or C application submission, or (c) up to four months after their grant award for that funding year. This **Federal Register** notice seeks to make public the revised policy and provide an opportunity for public comment before its implementation.

**DATES:** Comments on this final policy must be received by June 24, 2013. The policy will become effective on September 23, 2013.

**ADDRESSES:** Written comments should be sent via email to the Division of Policy and Data, HIV/AIDS Bureau, Health Resources and Services Administration at [RyanWhiteComments@hrsa.gov](mailto:RyanWhiteComments@hrsa.gov) by June 24, 2013.

**FOR FURTHER INFORMATION CONTACT:** Theresa Jumento using the email above or by telephone at (301) 443-5807.

**SUPPLEMENTARY INFORMATION:** In response to the requests from the grantee community, and in order for grantees to plan appropriately, HRSA is revising the requirement that core medical services waiver requests be submitted with an applicant's grant application for the upcoming fiscal year. Under this revision, grantees may submit core medical services waiver requests prior to the annual grant application, with the application, or up to four months after the grant award date. HRSA believes that this change will allow grantees to more robustly assess and develop their funding and service delivery proposal. In addition, if the waiver request has already been received and approved, the application can be based on the approved waiver, and therefore include allocation tables based on that approval. Further, HRSA is clarifying that grantees approved for a core medical services waiver are not compelled to implement that waiver should the grantee determine that the actual needs of the jurisdiction are best met by maintaining funding for core medical services.

This revision replaces policy notice #08-02 and more clearly outlines the

requirements to request a waiver of the core medical services provision. In response to concerns expressed by grantees, it provides additional clarity with regard to specific documentation expectations for each element of the waiver. It specifies clearly those documentation expectations whether the waiver request is submitted separately or jointly with the annual funding application.

For waiver applicants that do not submit their request with their annual grant application, HRSA is now requiring that these applicants submit a tentative allocation table outlining the percentage of funds that the grantee plans to spend on core medical and support services under the waiver, if approved. This will provide additional information to HRSA on how the grantee anticipates allocating its resources and will help to demonstrate that the request for a waiver is consistent with either the applicant's forthcoming grant application or their proposed budget revision. In addition to the applicant's annual grant application, waiver applicants now must also demonstrate that the proposed waiver is also consistent with the Comprehensive Plan and Statewide Coordinated Statement of Need.

The revised policy removes the section entitled "Types of Documentation and Evidence." Instead, the requirements for the waiver are listed and then the policy specifies the documentation necessary to establish compliance. These changes clarify the documentation that grantees must use to meet each core medical services waiver request requirement. By standardizing the documentation for all grantees, HRSA will gain a clearer understanding of the availability of core medical services in the applicant's jurisdiction. Furthermore, HRSA will be able to make a more informed decision about the appropriateness of waiving the core medical services requirement in a jurisdiction.

In addition, the standardization of the documentation will ensure that HRSA has sufficient information to make an informed decision on each waiver request. Finally, the revised policy imposes a page number limitation on the narrative section of the core medical services waiver request. In addition, applicants will now submit core medical services waiver requests through the Electronic Handbook (EHB) Prior Approval portal when the core medical services waiver application is not being submitted with an annual grant application.

These revisions are intended to clarify the waiver process, and respond to the

changing needs of the grantee community, while at the same time ensuring that the waiver process is fair and sufficiently robust so that HRSA undertakes appropriate reviews.

## Policy

*Uniform Standard for Waiver of Core Medical Services Requirement for Grantees Under Parts, A, B, and C*

POLICY NUMBER 13-xx (Replaces Policy Notice 08-02).

### Scope of Policy

Ryan White Parts A, B, C.

### Summary and Purpose of Policy

The purpose of this policy is to outline the Health Resources and Services Administration (HRSA) HIV/AIDS Bureau (HAB) requirements for applying for a waiver of the requirement that 75 percent of Ryan White HIV/AIDS program funds be spent on core medical services.

### Background

Title XXVI of the Public Health Service Act, Part A section 2604(c), Part B section 2612(b), and Part C section 2651(c) requires that grantees expend not less than 75 percent of their grant funds on core medical services. These sections also grant the Secretary authority to waive this requirement if there are no waiting lists for the AIDS Drug Assistance Program (ADAP) and core medical services are available to all individuals identified and eligible under Title XXVI in an applicant's service area.

### Policy

Grantees may submit a waiver request at any time prior to submission of the annual grant application, along with the annual grant application, or up to 4 months after the start of the grant year for which a waiver is being requested. Applications submitted before or after an annual grant application have different requirements than those submitted with an annual grant application. Applicants should choose the method that best meets their needs. The requirements for each process are outlined below.

### *Requirements To Apply for a Waiver Before or After an Annual Grant Application*

This section outlines the requirements to submit a waiver application: (1) in advance of a grantee's annual grant application or (2) after the grant application has been submitted up to 4 months into the grant year for which a waiver is being requested. Waiver requests must be submitted through the

EHB *Prior Approval* portal and must identify the grant year for which the waiver is being requested. The waiver request must be signed by the chief elected official or the Project Director, and include the following documentation that will be utilized by HRSA in determining whether to grant the waiver:

1. Letter signed by the Director of the Part B State/Territory Grantee indicating that there is no current or anticipated ADAP services waiting list in the State/Territory.

2. Evidence that all core medical services listed in the statute (Part A section 2604(c)(3), Part B section 2612(b)(3), and Part C section 2651(c)(3)), regardless of whether such services are funded by the Ryan White HIV/AIDS Program, are available and accessible within 30 days for all identified and eligible individuals with HIV/AIDS in the service area, without need to expend at least 75 percent of Ryan White funds on these services. Acceptable evidence must include all of the following:

a. HIV/AIDS care and treatment services inventories, including identification of the specific core medical services available, from whom, and through what funding source;

b. HIV/AIDS client/patient service utilization data in addition to what has previously been submitted via the Ryan White Services Report (RSR); and

c. Letters from Medicaid and other State and local HIV/AIDS entitlement and benefits programs, which may include private insurers.

3. Evidence of a public process, which documents that the applicant has sought input from affected communities; including consumers and the Ryan White HIV/AIDS Program-funded core medical services providers, related to the availability of core medical services and the decision to request a waiver. This public process may be the same one that is utilized for obtaining input on community needs as part of the annual priority setting and resource allocation, comprehensive planning, Statewide Coordinated Statement of Need (SCSN), public planning, and/or needs assessment process. Acceptable evidence must, at a minimum, include:

a. Letters from both the Planning Council Chair in the Metropolitan area (if grantee serves such area) and the State HIV/AIDS Director describing the public process that occurred in each jurisdiction.

4. A narrative of up to, but no more than, 10 pages that explains each item in a. through d. below:

a. Any underlying State or local issues that influenced the grantee's decision to request a waiver.

b. How the documentation submitted under item two supports the assertion that such core services are available and accessible to all individuals with HIV/AIDS, identified and eligible under Title XXVI in the service area.

c. How the approval of a waiver will positively contribute to the grantee's ability to address service needs for HIV/AIDS non-core services. Specifically address the grantee's ability to perform outreach and linkage of HIV-positive individuals not currently in care.

d. How the receipt of the core medical services waiver will allow for implementation consistent with the applicant's proposed percentage allocation of resources, comprehensive plan, and SCSN. Applicants must also document consistency by providing a proposed allocation table.

#### *Waiver Review and Notification Process*

HRSA/HAB will review the request and notify grantees of waiver approval or denial within eight weeks of receipt of the request. Core medical services waivers will be effective for the grant award period for which it is approved. Subsequent grant periods will require a new waiver request. Grantees that are approved for a core medical services waiver in advance of their annual grant application are not compelled to utilize the waiver should circumstances change.

#### *Requirements To Apply for a Waiver With the Annual Grant Application*

This section provides guidance for grantees who wish to submit a waiver request with their annual grant application. Waiver requests must be submitted as an attachment to the grantee's annual grant application and should *not* be submitted through the EHB *Prior Approval* portal. The waiver request must be signed by the chief elected official or the Project Director, and include the following documentation that will be utilized by HRSA in determining whether to grant the waiver:

1. Letter signed by the Director of the Part B State/Territory Grantee indicating that there is no current or anticipated ADAP services waiting list in the State/Territory.

2. Evidence that all core medical services listed in the statute (Part A section 2604(c)(3), Part B section 2612(b)(3), and Part C section 2651(c)(3)), regardless of whether such services are funded by the Ryan White HIV/AIDS Program, are available and accessible within 30 days for all

identified and eligible individuals with HIV/AIDS in the service area, without need to expend at least 75 percent of Ryan White funds on these services. Acceptable evidence must include all of the following:

a. HIV/AIDS care and treatment services inventories, including identification of the specific core medical services available, from whom, and through what funding source;

b. HIV/AIDS client/patient service utilization data in addition to what has previously been submitted via the Ryan White Services Report (RSR); and

c. Letters from Medicaid and other State and local HIV/AIDS entitlement and benefits programs, which may include private insurers.

3. Evidence of a public process, which documents that the applicant has sought input from affected communities; including consumers and the Ryan White HIV/AIDS Program-funded core medical services providers, related to the availability of core medical services and the decision to request a waiver. This public process may be the same one that is utilized for obtaining input on community needs as part of the annual priority setting and resource allocation, comprehensive planning, Statewide Coordinated Statement of Need (SCSN), public planning, and/or needs assessment process. Acceptable evidence must, at a minimum, include:

a. Letters from both the Planning Council Chair in the Metropolitan area (if grantee serves such area) and the State HIV/AIDS Director describing the public process that occurred in each jurisdiction.

4. A narrative of up to, but no more than, 10 pages that explains each item in a. through d. below:

a. Any underlying State or local issues that influenced the grantee's decision to request a waiver.

b. How the documentation submitted under item two supports the assertion that such core services are available and accessible to all individuals with HIV/AIDS, identified and eligible under Title XXVI in the service area.

c. How the approval of a waiver will positively contribute to the grantee's ability to address service needs for HIV/AIDS non-core services. Specifically address the grantee's ability to perform outreach and linkage of HIV-positive individuals not currently in care.

d. How the receipt of the core medical services waiver is consistent with the applicant's grant application, comprehensive plan, and SCSN. Applicants must also document consistency by providing the following:

i. Proposed allocation table, if not included as part of the grant application and

ii. (PART A) "Description of Priority Setting and Resource Allocation Processes" and "Unmet Need Estimate and Assessment" sections of the current grant application; or

iii. (PART B) "Needs Assessment and Unmet Need" section of the current grant application; or

iv. (PART C) "Description of the Local HIV Service Delivery System" and "Current and Projected Sources of Funding" sections of the current grant application.

#### *Waiver Review and Notification Process*

HRSA/HAB will review the request and notify grantees of waiver approval or denial no later than the date of issuance of the Notice of Award (NoA). Core medical services waivers will be effective for the grant award period for which it is approved. Subsequent grant periods will require a new waiver request. Grantees that are approved for a core medical services waiver in their annual grant application are not compelled to utilize the waiver should circumstances change.

#### *The Paperwork Reduction Act of 1995*

This activity has been reviewed and approved by the Office of Management and Budget, under the Paperwork Reduction Act of 1995 (Control number 0915-0307).

Dated: May 17, 2013.

**BILLING CODE 4165-15-P**

## **DEPARTMENT OF HEALTH AND HUMAN SERVICES**

### **Health Resources and Services Administration**

#### **Discretionary Grant Program**

**AGENCY:** Health Resources and Services Administration (HRSA), HHS.

**ACTION:** Notice of Single Single-Case Deviation: Administrative Supplement From Competition Requirements for the Maternal and Child Health Bureau's (MCHB) National Center for Community Based Services.

**SUMMARY:** HRSA will be issuing a non-competitive award to the National Center for Community Based Services program. The 1-year award for \$449,125 will be made available in the form of a cooperative agreement to the current grantee, University of Massachusetts,

during the budget period July 1, 2013, through June 30, 2014. This will provide feasible time for the Maternal and Child Health Bureau (MCHB) to align fiscal resources and programmatic goals with the least disruption to the states, communities, and constituencies that currently receive leadership, assistance, and services.

#### **SUPPLEMENTARY INFORMATION:**

*Intended Recipient of the Award:* National Center for Community Based Services/University of Massachusetts (U42MC18283).

*Amount of the Non-Competitive Awards:* \$449,125.

*CFDA Number:* 93.110.

*Period of Supplemental Funding:* July 1, 2013, through June 30, 2014.

**Authority:** Section Title V, Section 501(a)(2) of the Social Security Act, as amended.

*Justification:* As authorized by section 501(a)(2) of the Social Security Act, MCHB's Division of Children with Special Health Needs is responsible for facilitating the development of community-based systems of services for children and youth with special health care needs (CYSHCN).

To meet this legislative mandate, the Division funds the National Center for Community Based Services and the State Implementation Grant Program (D70). The National Center for Community Based Services (U42MC18283), a cooperative agreement funded at \$449,125 per year for a 3-year project period, is due to end June 30, 2013. This national center focuses on improving access to services for underserved CYSHCN and their families, especially those from Latino Families. The D70 grant program has had several funding cycles since 2005, with a minimum of six grants in each cycle. In fiscal year (FY) 2014, the project period for eight of the D70 grants will end. At that time, the Division plans to begin a new cycle of D70 competitive awards to states to improve the system of services for CYSHCN.

The Division explored several grant funding options that would align with its strategic goals of funding entities to improve the services for CYSHCN at the state and community levels. The amount available in FY 2013 could only fund two D70 grants and would not provide the grantees with a peer learning community that has existed with previous cycles. Moreover, the resources and objective review costs for a funding cycle for only two grants is not cost effective. Therefore, in lieu of a D70 competition in FY 2013, the Division proposes to use these funds to extend the project period for the

National Center for Community Based Services (U42MC18283) for 1 year until June 30, 2014. At that time, with the project period ending for the eight D70 grants, all funds will be available for a new, competitive cycle of D70 grants in 2014.

The MCHB proposes the 1-year non-competitive funding action for three strategic programmatic reasons: (1) To appropriately spend the necessary preparation time to complete a full grant competition aligned with the Division's strategic goals; (2) to provide for sufficient fiscal resources to continue programmatic activities; and (3) to maintain MCHB programmatic support with the least disruption to the state, community, and maternal and child health constituencies who are currently receiving assistance and services from these grantees, and the grantees themselves.

## **DEPARTMENT OF HEALTH AND HUMAN SERVICES**

### **Health Resources and Services Administration**

#### **National Vaccine Injury Compensation Program; List of Petitions Received**

**AGENCY:** Health Resources and Services Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Health Resources and Services Administration (HRSA) is publishing this notice of petitions received under the National Vaccine Injury Compensation Program ("the Program"), as required by Section 2112(b)(2) of the Public Health Service (PHS) Act, as amended. While the Secretary of Health and Human Services is named as the respondent in all proceedings brought by the filing of petitions for compensation under the Program, the United States Court of Federal Claims is charged by statute with responsibility for considering and acting upon the petitions.
