##### I. Background

The information collection is necessary for the U.S. Department of Labor's (DOL's) award of National Emergency Grants (NEGs) which are discretionary grants intended to temporarily expand the service capacity at the state and local area levels by providing funding assistance in response to significant dislocation events for workforce development and employment services and other adjustment assistance for dislocated workers and other eligible individuals as defined in sections 101, 134 and 173 of the Workforce Investment Act (WIA) (Pub. L. 105-220); sections 113, 114 and 203 of the Trade Adjustment Assistance (TAA) Reform Act of 2002 (Pub. L. 107-210), as amended; and 20 CFR 671.140. Applications are accepted on an ongoing basis as the need for funds arises at the state and local levels. The provisions of WIA and the Regulations define four NEG project types:

- *Regular*, which encompasses plant closures, mass layoffs, and multiple layoffs in a single community.
- *Disaster*, which includes all eligible Federal Emergency Management Agency (FEMA)-declared natural and manmade disaster events.
- *TAA-WIA Dual Enrollment*, which provides supplemental funding to ensure that a full range of services is available to individuals eligible under the TAA program provisions of the TAA Reform Act of 2002, as amended.
- *TAA Health Insurance Coverage Assistance*, which provides specialized health coverage, support services, and income assistance to targeted individuals defined in the TAA program provisions of the TAA Reform Act of 2002, as amended.
