The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to amend Class E airspace extending upward from 700 feet above the surface at Bedford County Airport, Bedford, PA. Airspace reconfiguration to within a 12.5-mile radius of the airport is necessary due to the decommissioning of the St. Thomas VORTAC, and for continued safety and management of IFR operations at the airport. The geographic coordinates of the airport would be adjusted to coincide with the FAA’s aeronautical database.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9W, dated August 8, 2012, and effective September 15, 2012, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a “significant

regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would amend Class E airspace at Bedford County Airport, Bedford, PA.

This proposal would be subject to an environmental analysis in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

RIN 1076–AF15

Land Acquisitions: Appeals of Land Acquisition Decisions

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Proposed rule.

SUMMARY: This proposed rule revises a section of regulations governing decisions by the Secretary to approve or deny applications to acquire land in trust under this part. This rule is appropriate to address changes in the applicability of the Quiet Title Act as interpreted by a recent United States Supreme Court decision. This rule revises a regulatory provision the Department added in 1996 to ensure that interested parties had the opportunity to timely seek judicial review of decisions when available under the Administrative Procedure Act. The Department had determined the provision was necessary because, consistent with Federal court decisions at the time, once the Secretary acquired title, the Quiet Title Act precluded judicial review of the Secretary’s decision to take the land into trust. The Supreme Court has since held that the Quiet Title Act does not preclude timely Administrative Procedure Act challenges to agency decisions to acquire land in trust unless the aggrieved party claims an ownership interest in the property at issue. This rule revises the regulation to reflect this change in the law and to make other

revisions to codify the current process for issuing decisions approving or denying requests to acquire land in trust under this part. It also broadens and clarifies the notice of decisions to acquire land in trust under this part, including broadening notice of any right to file an administrative appeal.

SUPPLEMENTARY INFORMATION:

I. Executive Summary of Rule

Section 5 of the Indian Reorganization Act (IRA) (25 U.S.C. 465) authorizes the Secretary of the Interior to acquire land in trust for individual Indians and Indian tribes. The Department of the Interior’s regulations at 25 CFR part 151 implement this statutory provision, as well as other statutes authorizing the acquisition of land in trust for individual Indians and Indian tribes. In 1996, the Department revised part 151 by procedural rulemaking. That procedural rule added a paragraph (b) to § 151.12, which established a 30-day waiting period following publication of notice in the **Federal Register** or in a newspaper of general circulation serving the affected area announcing the final agency determination to take the subject
