I. Introduction

On May 24, 2013, the Postal Service filed a formal request pursuant to 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.* to add Global Reseller Expedited Package (GREP) Contracts 2 to the competitive product list.¹ The Postal Service contemporaneously filed a contract related to the proposed new

product pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. On May 28, 2013, the Postal Service filed the certified statement and supporting financial information required by 39 CFR 3015.5(c).² For purposes of 39 CFR 3015.5(a), the Commission considers May 28, 2013 (the day the Postal Service submitted all information required under that section), to be the date of filing of the Request. In the future, the Postal Service should file all of its supporting information contemporaneously with its request.

Customers for GREP contracts are sales agents, or “Resellers,” who market Express Mail International, Priority Mail International, and First-Class Package International Service at discounted prices to mailers, particularly small and medium-size businesses. Request at 5. Governors’ Decision No. 10–1 established prices and classifications “not of general applicability” for the GREP Contracts 1 product, and the Commission added GREP Contracts 1 to the competitive product list by operation of Order No. 445 in Docket Nos. MC2010–21 and CP2010–36. *Id.* at 1–2. The Postal Service now seeks to establish a new baseline agreement for a product it proposes to designate as GREP Contracts 2. *Id.* at 2.

The Postal Service asserts that Governors’ Decision No. 11–6 authorizes Postal Service management to prepare and present to the Commission product descriptions for competitive services with non-published rates that include text for inclusion in the Mail Classification Schedule (MCS). *Id.* at 1–2, 3. The Postal Service asserts this classification change is consistent with the requirements of 39 U.S.C. 3642 and proposes conforming MCS language that it styles as a revision to the language for GREP Contracts 1. *Id.* at 7, Attachment 2B. The request to add GREP Contracts 2 to the MCS has been assigned Docket No. MC2013–51.

The Postal Service states that the instant contract is the immediate successor to the contract included in GREP Contracts 1 in Docket No. CP2011–55. *Id.* at 4. The contract has been assigned Docket No. CP2013–64.

II. Contents of Filing

In support of its Request, the Postal Service filed the following six attachments:

- Attachment 1—an application for non-public treatment of materials to

maintain the contract and supporting documents under seal;

- Attachment 2A—a redacted copy of Governors’ Decision No. 11–6, which authorizes Postal Service management to prepare any necessary product description of nonpublished competitive services, including text for inclusion in the MCS, and to present such matter for review by the Commission;

- Attachment 2B—draft MCS language;

- Attachment 2C—a certified statement required by 39 CFR 3015.5(c)(2);³

- Attachment 3—a Statement of Supporting Justification as required by 39 CFR 3020.32; and

- Attachment 4—a redacted copy of the contract.

The Postal Service also filed supporting financial documents for the contract as part of the Supplement.

The Postal Service filed a copy of the contract and Governors’ Decision No. 11–6 with attachments under seal. Request at 4. It later filed the certified statement required by 39 CFR 3015.5(c)(2) and supporting documents establishing compliance with 39 U.S.C. 3633 and 39 CFR 3015.5 under seal, incorporating by reference the application for non-public treatment submitted with its Request. Supplement at 2.

In the Statement of Supporting Justification, Frank Cebello, Executive Director, Global Business Management, asserts that the service to be provided under the contract will “improve the Postal Service’s competitive posture,” make a positive contribution to institutional costs, and increase contribution toward the requisite 5.5 percent of the Postal Service’s total institutional costs. Notice, Attachment 3 at 2. Thus, Mr. Cebello contends, there will be no issue of subsidization of competitive products by market dominant products as a result of this contract. *Id.* He states that he is unaware of any small business concerns that could offer comparable services, and that the contract will have a positive net impact on small business concerns because the contract provides “an additional option for shipping articles internationally.” *Id.* at 5.

In the certified statement required under 39 CFR 3015.5, Steven Phelps, Acting Manager, Regulatory Reporting and Cost Analysis, Finance Department, states that the prices under the contract result “in a cost coverage of in excess of the minimum required by the

Nevertheless, Mr. Phelps concludes that the contract "should cover its attributable costs and preclude the subsidization of competitive products by market dominant products." *Id.*

The contract is scheduled to take effect upon the termination of the contract approved in Docket No. CP2011–55. Request at 5. The contract is scheduled to expire 1 year from the date the Postal Service notifies the customer that all necessary regulatory approvals have been received. *Id.* Either party may terminate the contract with 30 days written notice. *Id.* Attachment 4 at 8.

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549–0213.

Extension:

Rule 17Ad–10, SEC File No. 270–265,
OMB Control No. 3235–0273.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 17Ad–10 (17 CFR 240.17Ad–10), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 17Ad–10 generally requires registered transfer agents to: (1) Create and maintain current and accurate securityholder records; (2) promptly and accurately record all transfers, purchases, redemptions, and issuances, and notify their appropriate regulatory agency if they are unable to do so; (3) exercise diligent and continuous attention in resolving record inaccuracies; (4) disclose to the issuers for whom they perform transfer agent functions and to their appropriate regulatory agency information regarding record inaccuracies; (5) buy-in certain record inaccuracies that result in a physical over issuance of securities; and (6) communicate with other transfer agents related to the same issuer. These requirements assist in the creation and maintenance of accurate securityholder records, enhance the ability to research errors, and ensure the transfer agent is aware of the number of securities that are properly authorized by the issuer, thereby avoiding over issuance.

The rule also has specific recordkeeping requirements. It requires registered transfer agents to retain certificate detail that has been deleted for six years and keep current an accurate record of the number of shares or principal dollar amount of debt securities that the issuer has authorized
