21. This document seeks comment on a potential new or revised information collection requirement. If the Commission adopts any new or revised information collection requirement, the Commission will publish a separate notice in the Federal Register inviting the public to comment on the requirement, as required by the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3501–3520). In addition, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the Commission seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

22. Pursuant to sections 1.415 and 1.419 of the Commission’s rules, 47 CFR 1.415, 1.419, interested parties may file comments and reply comments on or before the dates indicated on the first page of this document. Comments may be filed using the Commission’s Electronic Comment Filing System (ECFS). See Electronic Filing of Documents in Rulemaking Proceedings, 63 FR 24121, May 1, 1998.

- Electronic Filers: Comments may be filed electronically using the Internet by accessing the ECFS: http://fjallfoss.fcc.gov/ecfs2/.
- Paper Filers: Parties who choose to file by paper must file an original and one copy of each filing. If more than one docket or rulemaking number appears in the caption of this proceeding, filers must submit two additional copies for each additional docket or rulemaking number.

Filing can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail. All filings must be addressed to the Commission’s Secretary, Office of the Secretary, Federal Communications Commission.

1. All hand-delivered or messenger-delivered paper filings for the Commission’s Secretary must be delivered to FCC Headquarters at 445 12th St. SW., Room TW-A325, Washington, DC 20554. The filing hours are 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes and boxes must be disposed of before entering the building.

2. Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743.

3. U.S. Postal Service first-class, Express, and Priority mail must be addressed to 445 12th Street SW., Washington, DC 20554.

23. People with Disabilities: To request materials in accessible formats for people with disabilities (braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202–418–0530 (voice), 202–418–0432 (tty).

24. This matter shall be treated as a “permit-but-disclose” proceeding in accordance with the Commission’s ex parte rules. Persons making ex parte presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral or written ex parte presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the ex parte presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter’s written comments, memoranda or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during ex parte meetings are deemed to be written ex parte presentations and must be filed consistently with § 1.1206(b). In proceedings governed by § 1.49(f) or for which the Commission has made available a method of electronic filing, written ex parte presentations and memoranda summarizing oral ex parte presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in native format (e.g., doc., .xml., ppt., searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission’s ex parte rules.

Federal Communications Commission.

[FAR Case 2012–023; Docket 2012–0023; Sequence 1]

RIN 9000–AM60

Federal Acquisition Regulation; Uniform Procurement Identification

AGENCY: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Proposed rule.

SUMMARY: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to implement a uniform Procurement Instrument Identification (PIID) numbering system, which will require the use of Activity Address Codes (AACs) as the unique identifier for contracting offices and other offices, in order to standardize procurement transactions across the Federal Government. This proposed rule continues and strengthens efforts at standardization accomplished under a previous FAR case.

DATES: Interested parties should submit written comments to the Regulatory Secretariat at one of the addressees shown below on or before August 5, 2013 to be considered in the formation of the final rule.

ADDRESSES: Submit comments in response to FAR Case 2012–023 by any of the following methods:

- Regulations.gov: http://www.regulations.gov. Submit comments via the Federal eRulemaking portal by searching for “FAR Case 2012–023”. Select the link “Submit a Comment” that corresponds with “FAR Case 2012–023”. Follow the instructions provided at the “Submit a Comment” screen. Please include your name, company name (if any), and “FAR Case 2012–023” on your attached document.
Government by a number of conducted across the Federal among various financial transactions a uniform award identification system number 3 of this report is to implement Federal spending data. The GAT Board tasked the board to, among other things, Transparency Board (GAT Board) and the Government Accountability and actions to the office level, not just to the Governmentwide scheme that identifies particular by establishing a standard, respondents offered encouragement and reaction to the concept of standardizing PIIDs in procurement transactions. A procure unique PIIDs and supplementary subpart 4.16 for agencies to assign and community. FAR case 2009–023 (PIIDs) beyond the Federal Procurement Procurement Instrument Identifier, FAR published a final FAR rule, Unique Procurement Instrument Identifier, FAR Case 2009–023, which began the process of standardizing the use of unique Procurement Instrument Identifiers (PIIDs) beyond the Federal Procurement Data System (FPDS) to encompass the overall Federal procurement community. FAR case 2009–023 provided policy and instructions at FAR subpart 4.16 for agencies to assign and utilize unique PIIDs and supplementary PIIDs in procurement transactions. A number of public comments received during the rulemaking process expressed positive feedback and reaction to the concept of standardizing PIIDs across Government. Several respondents offered encouragement and suggestions for furthering the effort, in particular by establishing a standard, Governmentwide scheme that identifies actions to the office level, not just to the agency level.

In June of 2011, the President created the Government Accountability and Transparency Board (GAT Board) and tasked the board to, among other things, recommend ways to improve tracking of Federal spending data. The GAT Board submitted its report with three specific recommendations to the President in December of 2011. Recommendation number 3 of this report is to implement a uniform award identification system among various financial transactions conducted across the Federal Government by a number of communities, e.g., procurement, grants, and finance. The goal of this recommendation is to ensure uniformity and consistency of data, thereby enhancing the transparency to the public of Federal spending data. This proposed FAR rule is consistent with GAT Board recommendation three. Currently, agencies and contracting offices within agencies have PIIDs of varying lengths, which may or may not contain spaces or hyphens. The disparate numbering systems in use today impede successful achievement of transparency and accountability in the following ways:

- The ability to trace transactions across electronic interfaces is difficult and at times impossible. In some cases paper processing or tracking is the only available means.
- The collection, review, and validation of data are labor intensive and inefficient.
- The inconsistencies in reporting and collection of data increase the uncertainty of data validity.
- The ability to reconcile data as reported by the vendor community with the data reported and certified by agencies is impacted.

The effectiveness of the oversight community’s efforts is questioned due to data quality concerns.

With this proposed rule the Federal procurement community continues to improve standardization of a unique instrument identifier moving the procurement community in the direction of the GAT Board recommendation of uniformity and consistency of data. This, in turn, will promote achievement of rigorous accountability of procurement dollars and processes and compliance to regulatory and acquisition requirements such as those of the Federal Funding Accountability and Transparency Act of 2006. The GAT Board recommendation, as it applies to other financial transactions, (e.g., grants, loans, financial payments) is not addressed by this proposed rule.

II. Proposed Changes to FAR Parts 2 and 4

At FAR 2.101 Definitions, AAC is defined to mean a distinct six-position code consisting of a combination of alpha and/or numeric characters assigned to identify agency specific offices, units, activities, or organizations.

At FAR 4.605, Contract Reporting Procedures, a paragraph is added to direct the use ofAACs as the contracting office code and as the program/funding office code for purposes of FPDS reporting.

Changes are proposed to FAR subpart 4.16, Unique Procurement Instrument Identifiers and describe policies and procedures for the assignment of unique PIIDs containing AACs. Agencies will initially use the new unique PIID structure for all new solicitations and awards, and their associated amendments and modifications, beginning not later than October 1, 2014. Not later than October 1, 2016, agencies shall use the required structure for all contract actions (including for all contract actions already in effect). At FAR 4.1602 Policy, paragraphs (a) through (c), instructions are provided delineating that which is applicable before, during and after the transition period.

A new procedural section, FAR 4.1604 is added to provide instruction on the construct and configuration of the basic PIID and the supplementary PIID. The basic PIID is made up of 13 to 17 alpha and/or numeric characters configured to convey certain information. Positions one through six of the PIID are the AAC Activity Address Code. Positions seven and eight are the last two digits of the fiscal year of the date the procurement instrument is signed, i.e., issued or awarded. Position nine is an alpha character that will indicate the type of instrument or action. Positions 10 through 17 are the serial numbering of the PIID and are issued sequentially. Positions 10 through 17 are the agency-assigned numbers. Positions 10 through 17 may be alpha-numeric, but shall not contain special characters (such as hyphens and dashes) or spaces.

Supplementary PIIDs are used to identify amendments and modifications. Amendment supplementary PIIDs for solicitations are numeric, four positions, and are issued sequentially beginning with 0001. Supplementary PIIDs for modifications to contracts or agreements may be alpha and/or numeric. Modifications issued by an administering contracting office shall begin with the letter A. Modifications issued by a procuring contracting office shall begin with the letter P.

Supplementary identification numbers shall be assigned in sequence and not until it has been determined that a modification is to be issued.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting
flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

DoD, GSA, and NASA do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seg. However, an Initial Regulatory Flexibility Analysis (IRFA) has been prepared and is summarized as follows:

Although this proposed rule is directed at internal Government processes and procedures and does not impose any requirements on the vendor community, it may affect some entities if those entities have arranged certain of their business systems to recognize PIIDs of agencies they interact with, and those agencies do not currently mirror the PIID configuration of this proposed rule. The proposed rule would provide a predictable standardized format vendors may use in interactions with the Federal government. In FY 2012 awards were made to 67,785 unique vendors that likely interact with agencies that do not currently use the proposed PIID configuration, of these, 45,353 were small business vendors.

The Regulatory Secretariat has submitted a copy of the IRFA to the Chief Counsel for Advocacy of the Small Business Administration. A copy of the IRFA may be obtained from the Regulatory Secretariat. DoD, GSA, and NASA invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD, GSA, and NASA will also consider comments from small entities concerning the existing regulations in subparts affected by this rule in consistent with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAR case 2012–023) in correspondence.

V. Paperwork Reduction Act

The proposed rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

List of Subjects in 48 CFR Parts 2 and 4

Government procurement.
(c) Additional agency specific identification information. If agency procedures require additional identification information in solicitations, contracts, or other related procurement instruments for administrative purposes, separate and clearly identify the additional information from the PIID.

6. Add section 4.1603 to read as follows:

4.1603 Procedures.

(a) Elements of a PIID. The PIID consists of a combination of thirteen to seventeen alpha and/or numeric characters sequenced to convey certain information. Do not use special characters (such as hyphens, dashes or spaces).

   (1) Positions 1 through 6. The first six positions identify the department/agency and office issuing the instrument. Use the AAC assigned to the issuing office for positions 1 through 6. Civilian agency points of contact for obtaining an AAC are on the AAC Contact list maintained by the General Services Administration and can be found at http://www.gsa.gov/graphics/fas/Civilian_contacts.pdf. For Department of Defense (DoD) inquiries contact the service/agency Central Service Point or DoDAAC Monitor, or if unknown, email DODAADHQ@DLA.MIL for assistance.

   (2) Positions 7 through 8. The seventh and eighth positions are the last two digits of the fiscal year in which the procurement instrument is issued or awarded. This is the date the action is signed, not the effective date if the effective date is different.

   (3) Position 9. Indicate the type of instrument by entering one of the following upper case letters in position nine. Departments and independent agencies may assign those letters identified for department use below in accordance with their agency policy, however, any use must be applied to the entire department or agency.

   (4) Position 10 through 17. Enter the number assigned by the issuing agency in these positions. Agencies may choose a minimum of four characters up to a maximum of eight characters to be used, but the same number of characters must be used agency-wide. If a number less than the maximum is used, do not use leading or trailing zeroes to make it equal the maximum in any system or data transmission. A separate series of numbers may be used for any type of instrument listed in paragraph (a)(3) of this section. An agency may reserve blocks of numbers or alpha-numeric numbers for use by its various components.

   (5) Illustration of PIID. The following illustrates a properly configured PIID using four characters in the final positions:

<table>

(b) Elements of a supplementary PIID. Use the supplementary PIID to identify amendments to solicitations and modifications to contracts and agreements.

(1) Amendments to solicitations. Number amendments to solicitations sequentially using a four position numeric serial number added to the 13–17 character PIID beginning with 0001.

(2) Modifications to contracts and agreements. Number modifications to contracts and agreements using a six position alpha or numeric, or a combination thereof, added to the 13–17 character PIID.

(i) Position 1. Identify the office issuing the modification. The letter P shall be designated for modifications issued by the procuring contracting office. The letter A shall be used for modifications issued by the contract administration office (if other than the procuring contracting officer).

(ii) Positions 2 through 6. These positions may be alpha, numeric, or a combination thereof, in accordance with agency procedures.

(iii) Each office authorized to issue modifications shall assign the supplementary identification numbers in sequence. Do not assign the numbers until it has been determined that a modification is to be issued.

DEPARTMENT OF COMMERCE
National Oceanic and Atmospheric Administration
50 CFR Part 224
[Docket No 1108195182318–01]
RIN 0648–BB20
Endangered Fish and Wildlife; Proposed Rule To Eliminate the Expiration Date Contained in the Final Rule To Reduce the Threat of Ship Collisions With North Atlantic Right Whales
AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.
ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes to eliminate the expiration date (or “sunset clause”) contained in regulations requiring vessel speed restrictions to reduce the likelihood of lethal vessel collisions with North Atlantic right whales. The regulations restrict vessel speeds to no more than 10 knots for vessels 65 ft (19.8 m) or greater in overall length in certain locations and at certain times of the year along the east coast of the U.S. Atlantic seaboard. The speed regulations will expire December 9, 2013, unless the sunset clause is removed. NMFS seeks public comment on the Proposed Rule to eliminate the sunset clause and on metrics for assessing the long term costs and benefits of the rule to the endangered North Atlantic right whale population.

DATES: Written or electronic comments (see ADDRESSES) must be received no later than 5 p.m. local time on August 5, 2013.

ADDRESSES: Copies of this proposed rule and related documents can be obtained from: www.nmfs.noaa.gov/pr/shipstrike. Written requests for copies of these documents should be addressed to: Chief, Marine Mammal and Sea Turtle Conservation Division, Attn: Right Whale Ship Strike Reduction Rule, Office of Protected Resources, NMFS, 1315 East-West Highway, Silver Spring, MD 20910. You may submit comments, identified by [NOAA–NMFS–2012–0058], by any of the following methods: Electronic Submissions: Submit all electronic public comments via the Federal eRulemaking Portal http://www.regulations.gov. Mail: Send comments to: Chief, Marine Mammal and Sea Turtle Conservation Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910, Attn: Right Whale Ship Strike Reduction Rule.

Instructions: All comments received are a part of the public record and will generally be posted to http://www.regulations.gov without change. All Personal Identifying Information (for example, name, address, etc.)
