#### **SUPPLEMENTARY INFORMATION:**

*I. Background:* The Army Unemployment Compensation for Ex-Servicemembers (UCX) Claimants' Initiative, funded by the U.S. Department of Labor, Employment and Training Administration (ETA), provides grants to four states to improve strategies for providing reemployment services to Army UCX claimants and for leveraging assets and sharing data across partners. The major goals of the initiative are to create a strong collaborative partnership among the Unemployment Insurance (UI) system, the public workforce system, and the

three components of the Army (active, National Guard, and Reserve) that will support the rapid reemployment of UCX claimants; improve the sharing of UCX data that will lead to improved outreach and better understanding of UCX claimants and their service delivery needs; and increase outreach, exposure to jobs, and reemployment strategies for UCX claimants that fully leverage existing resources with new and innovative service delivery strategies. The period of performance for the grants is from July 1, 2012, to June 30, 2014.

The purpose of the evaluation, funded by the Chief Evaluation Office, is to determine the extent to which the initiative's goals were achieved by each of the four grantee states. The evaluation will examine the services received by UCX claimants and how claimants' employment outcomes changed over the course of the grant period. Policymakers, program administrators, and service providers will gain information about the relative effectiveness of various strategies developed by states, ease of implementation, and suggestions for replication.

This package requests clearance for semi-structured discussions that will take place during a single round of two-day visits to each of the sites in the winter of 2013-2014. The site visits will involve an array of individuals that varies by state based on the projects that each state has decided to implement. Conversations will take place with grantee leaders, staff of an American Job Center, and representatives of the UI system in each state. Other discussants will include a suitable combination of representatives of the Army and other participants in the initiative. The site visit will facilitate an assessment of the progress of these efforts, information gathering, and potential for the delivery of additional in-person technical assistance.

*II. Desired Focus of Comments:* Currently, the Department of Labor is soliciting comments concerning the above data collection for Evaluation of the Army UCX Claimants Initiative. Comments are requested to:

\* Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

\* Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

\* Enhance the quality, utility, and clarity of the information to be collected; and

\* Minimize the burden of the information collection on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions:* At this time, the Department of Labor is requesting clearance for site visit data collection for the Evaluation of the Army Unemployment Compensation for Ex-Servicemembers (UCX) Claimants Initiative.

*Type of review:* New information collection request.

*OMB Control Number:* 1205-0NEW.

*Affected Public:* Staff associated with implementing the Army UCX Claimants Initiative in four states.

*Frequency:* Once.

*Total Responses:* 40.

*Average Time per Response:* 45 minutes.

*Estimated Total Burden Hours:* 30 hours.

*Total Burden Cost:* \$0.

Comments submitted in response to this request will be summarized and/or included in the request for Office of Management and Budget approval; they will also become a matter of public record.
