SUPPLEMENTARY INFORMATION:

Background: On February 23, 2012, the White House released *Consumer Data Privacy in a Networked World: A Framework for Protecting Privacy and Promoting Innovation in the Global Digital Economy* (the "Privacy Blueprint").¹ The Privacy Blueprint directs NTIA to convene multistakeholder processes to develop legally enforceable codes of conduct that specify how the Consumer Privacy Bill of Rights applies in specific business contexts.² On June 15, 2012, NTIA announced that the goal of the first multistakeholder process is to develop a code of conduct to provide transparency in how companies providing applications and interactive services for mobile devices handle personal data.³ On July 12, 2012, NTIA convened the first meeting of the first privacy multistakeholder process, followed by additional meetings through June 2013.

Matters to Be Considered: The July 9, 2013 meeting is part of a series of NTIA-convened multistakeholder discussions concerning mobile application transparency. More information about stakeholders' work is available at <http://www.ntia.doc.gov/other-publication/2012/privacy-multistakeholder-process-mobile-application-transparency>.

Time and Date: NTIA will convene a meeting of the privacy multistakeholder process on July 9, 2013 from 1:00 p.m. to 5:00 p.m., Eastern Daylight Time. The meeting time is subject to change. The meeting is subject to cancellation if stakeholders complete their work developing a code of conduct prior to the meeting date.
