I. Introduction

On June 6, 2013, the Postal Service filed a notice, pursuant to 39 CFR 3015.5, stating that it has entered into an additional negotiated service agreement (Agreement) with Germany's foreign postal operator, Deutsche Post.¹ The Postal Service seeks to have the inbound portion of the Agreement, which concerns delivery of inbound Air and Surface CP² and EMS in the United States, included within the Inbound Competitive Multi-Service Agreements with Foreign Postal Operators 1

(MC2010-34) product on the competitive product list. Notice at 3.

II. Contents of Filing

The Postal Service's filing consists of the Notice, redacted financial workpapers, and four attachments. Attachment 1 is a redacted copy of the Agreement. Attachment 2 is the certified statement required by 39 CFR 3015.5(c)(2). Attachment 3 is a redacted copy of Governors' Decision No. 10-3. Attachment 4 is an application for non-competitive treatment of material.

The Agreement's intended effective date is July 1, 2013. *Id.* at 2. The rates for inbound Air and Surface CP and EMS included in the Agreement are to remain in effect until either party terminates the Agreement in accordance with Article 9. Attachment 1 at 3. Article 9 permits either party to terminate the Agreement at the end of a calendar quarter without cause upon 90 days written notice. *Id.*

The Notice reviews the regulatory history of the Inbound Competitive Multi-Service Agreements with Foreign Operators 1 product and identifies the agreement with Koninklijke TNT Post BV and TNT PakketService Benelux BV (approved in Docket No. CP2010-95) as the baseline agreement for purposes of determining functional equivalence.³ *Id.* at 2-3. It asserts that the Agreement fits within applicable Mail Classification Schedule language and addresses functional equivalency with the baseline agreement, including similarity of cost characteristics. *Id.* at 4-5. The Postal Service also identifies differences between the Agreement and the baseline agreement, such as the addition of several articles, revisions to existing articles, and new annexes, but asserts that these differences do not detract from a finding of functional equivalency. *Id.* at 5-8.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69716; File No. SR-CBOE-2013-060]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Rule 6.74A

June 7, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 31, 2013, Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to delay the operative date of a recent change to Rule

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

6.74A. There are no proposed changes to the rule text.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On May 2, 2013, the Exchange submitted a rule change, which became effective on that date, to amend Rule 6.74A related to the Automated Improvement Mechanism ("AIM") to provide Trading Permit Holders that initiate an AIM auction with the option to auto-match competing prices from other market participants up to a designated limit price.³ The proposed rule change in that filing became effective on filing and was set to become operative on June 1, 2013.

The purpose of this rule filing is to delay the operative date of the change to Rule 6.74A in rule filing SR-CBOE-2013-048 until CBOE has completed the necessary changes to its system to implement this new AIM feature. The Exchange will announce the implementation date of the proposed rule change in a Regulatory Circular to be published no later than 90 days following the effective date. The implementation date will be no later than 180 days following the effective date.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁴ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁵ requirements that the rules of

an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁶ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes that delaying the operative date of this change to AIM will protect investors because it will provide the Exchange with sufficient time to complete its system work and perform sufficient testing that is necessary to ensure that this new AIM feature will function as described in rule filing SR-CBOE-2013-048.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. This proposed rule change delays the operative date of the change to AIM for all Trading Permit Holders, and the Exchange will announce the new operative date in a Regulatory Circular that is available for all Trading Permit Holders. Additionally, following the new operative date of the change to AIM, any Trading Permit Holder that initiates an AIM auction will have the option to use the new feature to auto-match up to a limit price.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- i. Significantly affect the protection of investors or the public interest;
- ii. Impose any significant burden on competition; and

iii. Become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6)⁸ thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)⁹ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁰ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest.

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange notes that the proposed rule change should provide the Exchange with sufficient time to complete the necessary system work and perform sufficient testing to ensure that this new AIM feature functions as described in rule filing SR-CBOE-2013-048 upon implementation. The Commission believes that the waiver of the operative delay is consistent with the protection of investors and the public interest. The Commission also notes that the filing introducing this new functionality, SR-CBOE-2013-048, was subject to a 30-day operative delay, and the Commission did not receive any comments on that proposal. Accordingly, the Commission hereby designates the proposal operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

⁷ 15 U.S.C. 78s(b)(3)(A).

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of the filing of the proposed rule, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On March 5, 2013, the Exchange filed a proposed rule change to extend the pre-market hours of the Exchange to 4:00 a.m. EST, from the current opening time of 7:00 a.m. EST (the "4 a.m. Filing").³ The changes proposed in that filing became operative on March 18, 2013. The change to the text of rule 4120(c)(7)(B) was inadvertently omitted from that filing. The purpose of this filing is to change the reference to "7 a.m." in rule 4120(c)(7)(B) to "4:00 a.m." in order to make it consistent with the other changes in the 4 a.m. Filing.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act⁵ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect
