Conclusion

As previously noted, TSA appreciates the information that stakeholders have already provided during the consultation phase of this rulemaking required by the 9/11 Act.¹¹ We are also aware that a great deal of focus has been placed on the issue of enhancing security through training over the last decade. In finalizing a proposed rule, TSA wants to ensure that we adequately reflect these efforts. Any information that can be provided is appropriate and will be considered by TSA.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5681-N-24]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 402-3970; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has

reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, and suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Theresa Ritta, Office of Enterprise Support Programs, Program Support Center, HHS, room 12-07, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Ann Marie Oliva at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: INTERIOR: Mr. Michael Wright, Acquisition & Property Management, Department of the Interior, 1801 Pennsylvania Ave. NW., 4th Floor, Washington, DC 20006: (202) 254-5522; (This is not a toll-free number).

Proposed Low-Effect Habitat Conservation Plan for the City of Santa Cruz Graham Hill Water Treatment Plant, Santa Cruz County, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have received an application from the City of Santa Cruz (applicant) for a 30-year incidental take permit under the Endangered Species Act of 1973, as amended (Act). The proposed permit would authorize take of the federally endangered Mount Hermon June beetle (*Polyphylla barbata*) and the federally endangered Zayante band winged grasshopper (*Trimerotropis infantilis*), and will address associated impacts and conservation measures for the federally endangered Ben Lomond spineflower (*Chorizanthe pungens* var. *hartwegiana*), incidental to otherwise lawful activities associated with the operation and maintenance of the

existing Graham Hill Water Treatment Plant, construction of new facilities, which have the potential for minor temporary and long-term impacts to Mount Hermon June beetle habitat within Santa Cruz County, California, and restoration activities at the mitigation site.

The Service's proposed action is the issuance of a permit to the City of Santa Cruz for a low-effect habitat conservation plan (HCP) for incidental take of Mount Hermon June beetle and Zayante band-winged grasshopper. Associated impacts and conservation measures for Ben Lomond spineflower would also be included in the HCP. We are requesting comments on the applicant's permit application and on our preliminary determination that the proposed HCP qualifies as a low-effect HCP, eligible for a categorical exclusion under the National Environmental Policy Act (NEPA) of 1969, as amended. The basis for this determination is discussed in the Environmental Action Statement (EAS) and the associated low-effect screening form, which are available for public review, along with the draft HCP.

DATES: Written comments should be received on or before July 15, 2013.

ADDRESSES: You may download a copy of the HCP, draft Environmental Action Statement, Low-Effect Screening Form, and related documents on the Internet at <http://www.fws.gov/ventura>, or you may request documents by U.S. mail or phone (see below). Please address written comments to Diane K. Noda, Field Supervisor, Ventura Fish and Wildlife Office, U.S. Fish and Wildlife Service, 2493 Portola Road, Suite B, Ventura, California 93003. Comments may also be sent by facsimile to (805) 644-3958.

FOR FURTHER INFORMATION CONTACT: Lena Chang, Fish and Wildlife Biologist, at the above address or by calling (805) 644-1766.

SUPPLEMENTARY INFORMATION:

Background

The Mount Hermon June beetle and Zayante band-winged grasshopper were listed by the U.S. Fish and Wildlife Service as endangered on January 1, 1997. The Ben Lomond spineflower was federally listed as endangered on February 4, 1994. Section 9 of the Act (16 U.S.C. 1531 *et seq.*) and its implementing regulations prohibit the "take" of fish or wildlife species listed as endangered or threatened. "Take" is defined under the Act to include the following activities: "[T]o harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to
