

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 271**

[EPA-R04-RCRA-2012-0173; FRL-9822-9]

North Carolina: Final Authorization of State Hazardous Waste Management Program Revisions**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

SUMMARY: North Carolina has applied to EPA for final authorization of changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). These changes correspond to certain Federal rules promulgated between July 1, 2004, and June 30, 2008 (also known as RCRA Clusters XV through XVIII). With this proposed rule, EPA is proposing to grant final authorization to North Carolina for these changes. Along with this proposed rule, EPA is publishing an immediate final rule in the "Rules and Regulations" section of today's **Federal Register** pursuant to which EPA is authorizing these changes. EPA did not issue a proposed rule before today because EPA believes this action is not controversial and does not expect comments that oppose it. EPA has explained the reasons for this authorization in the immediate final rule. Unless EPA receives written comments that oppose this authorization during the comment period, the immediate final rule in today's **Federal Register** will become effective on the date it establishes, and EPA will not take further action on this proposal. If EPA receives comments that oppose this action, EPA will withdraw the immediate final rule and it will not take effect. EPA will then respond to public comments in a later final rule based on this proposed rule. You may not have another opportunity to comment on these State program changes. If you want to comment on this action, you must do so at this time.

DATES: Send your written comments by July 15, 2013.**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-R04-RCRA-2012-0173, by one of the following methods:

- <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Email:* gleanon.gwen@epa.gov
- *Fax:* (404) 562-9964 (prior to faxing, please notify the EPA contact listed below)

- *Mail:* Send written comments to Gwendolyn Gleaton, Permits and State

Programs Section, RCRA Programs and Materials Management Branch, RCRA Division, U.S. Environmental Protection Agency, Atlanta Federal Center, 61 Forsyth Street SW., Atlanta, Georgia 30303-8960.

- *Hand Delivery or Courier:*

Gwendolyn Gleaton, Permits and State Programs Section, RCRA Programs and Materials Management Branch, RCRA Division, U.S. Environmental Protection Agency, Atlanta Federal Center, 61 Forsyth Street SW., Atlanta, Georgia 30303-8960. Such deliveries are only accepted during the Regional Office's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-R04-RCRA-2012-0173. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or email. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through www.regulations.gov, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. (For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>).

Docket: All documents in the docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly

available only in hard copy. Publicly available docket materials are available either electronically in www.regulations.gov, or in hard copy. You may view and copy North Carolina's application at the EPA, Region 4, RCRA Division, Atlanta Federal Center, 61 Forsyth Street SW., Atlanta, Georgia 30303-8960.

You may also view and copy North Carolina's application from 8:00 a.m. to 4:00 p.m. at the North Carolina Department of Environment and Natural Resources, 217 West Jones Street, Raleigh, North Carolina 27603; telephone number (919) 707-8219. Interested persons wanting to examine these documents should make an appointment with the office at least a week in advance.

FOR FURTHER INFORMATION CONTACT: Gwendolyn Gleaton, Permits and State Programs Section, RCRA Programs and Materials Management Branch, RCRA Division, U.S. Environmental Protection Agency, Atlanta Federal Center, 61 Forsyth Street SW., Atlanta, Georgia 30303-8960; telephone number: (404) 562-8500; fax number: (404) 562-9964; email address: gleanon.gwen@epa.gov.

SUPPLEMENTARY INFORMATION: For additional information, please see the immediate final rule published in the "Rules and Regulations" section of this **Federal Register**.

Dated: May 16, 2013.

Gwendolyn Keyes Fleming,
Regional Administrator, Region 4.

BILLING CODE 6560-50-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**National Institutes of Health****42 CFR Part 52i**

[Docket Number NIH-2007-0931]

RIN 0925-AA61

National Institute on Minority Health and Health Disparities Research Endowments**AGENCY:** National Institutes of Health, Department of Health and Human Services.**ACTION:** Notice of proposed rulemaking.

SUMMARY: The National Institutes of Health (NIH) proposes to issue regulations governing National Institute on Minority Health and Health Disparities (NIMHD) endowment grants awarded to section 736 and section 464z-4 Centers of Excellence to

facilitate minority health disparities research and other health disparities research.

DATES: Comments must be received on or before August 13, 2013 in order to ensure that the NIH will be able to consider the comments when preparing the final rule.

ADDRESSES: Individuals and organizations interested in submitting comments, identified by RIN 0925-AA47 and Docket No. NIH-2007-0931, may do so by any of the following methods:

Electronic Submissions

You may submit electronic comments in the following way:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

To ensure timely processing of comments, the NIH is no longer accepting comments submitted to the agency by email. The NIH encourages you to continue to submit electronic comments by using the Federal eRulemaking Portal: <http://www.regulations.gov>.

Written Submissions

You may submit written comments in the following ways:

- *Fax:* 301-402-0169 (not a toll-free number).
- *Mail:* Jerry Moore, NIH Regulations Officer, Office of Management Assessment, National Institutes of Health, 6011 Executive Boulevard, Room 601, MSC 7669, Rockville, MD 20852-7669.

Instructions: All submissions received must include the agency name and docket number and Regulatory Information Number (RIN) for this rulemaking. All comments received may be posted without change, including any personal information provided.

Docket: For access to the docket to read background documents or comments received, go to the eRulemaking.gov Portal and insert the docket number provided in brackets in the heading on page one of this document into the "Search" box and follow the prompts.

FOR FURTHER INFORMATION CONTACT: Jerry Moore at the address above or telephone 301-496-4607 (not a toll-free number).

SUPPLEMENTARY INFORMATION: Section 464z-3 (42 U.S.C. 285t) of the Public Health Service (PHS) Act authorizes the Director of the NIMHD to carry out a program to facilitate minority health disparities research and other health disparities research by providing research endowments to eligible centers of excellence under sections 736 and

464z-4 of the PHS Act. The program is called the NIMHD Research Endowment Program (Endowment Program). The objective of the Endowment Program is to build research and training capacity and infrastructure at eligible section 736 health professions schools (42 U.S.C. 293) and section 464z-4 biomedical and behavioral research institutions (42 U.S.C. 285t-1) to facilitate minority health and other health disparities research to close the disparity gap in the burden of illness and death experienced by racial and ethnic minority Americans and other health disparity populations. Endowment Program activities may include strengthening the research infrastructure through the renovation of facilities, purchasing of state-of-the-art instruments and equipment, and enhancing information technology; enhancing the academic environment by recruiting a diverse faculty and creating relevant courses in such topics as research methodology and health disparities as additions to the existing curriculum; enhancing recruitment of individuals currently underrepresented in the biomedical, clinical, behavioral, and social sciences; or other relevant activities.

Section 464z-4 of the PHS Act authorizes the NIMHD Director to make awards to designated biomedical and behavioral research institutions, alone or as a participant in a consortium, that meet certain criteria for the purpose of assisting the institutions in supporting programs of excellence in training for members of health disparity populations or other health disparity populations. This program is called the NIMHD Center of Excellence for Research and Training. Section 464z-4(f) of the PHS Act permits the NIMHD Director to expend a portion of such an award for research endowment.

To be eligible to apply for the Endowment Program, Centers of Excellence (funded under section 736 or section 464z-4 of the PHS Act) must have an institutional endowment that is equal to or less than 50 percent of the national median of endowment funds at institutions that conduct similar biomedical research and training of health professionals. Endowment Program applications filed by institutions meeting eligibility requirements undergo peer review by outside experts to evaluate the scientific and technical merit of the proposed activities and the adequacy of the endowment fund management plan.

Reviewers use the criteria of significance, investigators, innovation, approach, and environment to determine the overall impact of the application. After receiving an

Endowment Program award, a grantee must provide documentation to the NIMHD over a 20-year period regarding endowment fund activity, including investments, income, and expenditures for activities consistent with its strategic plan.

With this notice of proposed rulemaking (NPRM), the NIH is announcing its proposed regulations governing endowments and inviting the public to comment on this proposal.

This NPRM specifies the endowment research grants or endowment portion of an award to which the proposed regulations apply (section 52i.1), the definitions (section 52i.2), who is eligible (section 52i.3) and how to apply for a grant under the program (section 52i.5), and under what conditions an eligible institution that is a recipient may transfer to a foundation a research endowment grant (section 52i.4). Additionally, the NPRM specifies how endowment grant applications will be evaluated (section 52i.6), what is the nature of the grants (52i.7), how much endowment fund income a grantee may withdraw and for what purpose (sections 52i.9 and 52i.10), what a grantee must record and report (section 52i.11), and when and for what purposes a grantee may spend the endowment fund corpus (section 52i.8). This NPRM also specifies what happens if a grantee fails to administer the research endowment grant in accordance with applicable regulations (section 52i.12), what other HHS policies and regulations apply (section 52i.13), and what additional conditions the NIMHD Director may impose when, in his judgment, the conditions are necessary (section 52i.14).

The following is provided as public information.

Regulatory Impact Analyses (RIA)

We have examined the impacts of the this rule as required by Executive Order 12866, Regulatory Planning and Review (September 30, 1993); Executive Order 13563, Improving Regulation and Review (January 18, 2011); the Regulatory Flexibility Act (5 U.S.C. 601-612); the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4); and Executive Order 13132, Federalism (August 4, 1999).

Executive Orders 12866 and 13563

Executive Order 12866, Regulatory Planning and Review, directs agencies to assess all costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health

and safety, and other advantages; distributive impacts; and equity). A RIA must be prepared for major rules with economically significant effects (\$100 million or more in one year). Based on our analysis, we believe that the proposed rulemaking does not constitute an economically significant regulatory action. Additionally, if a regulatory action is deemed to fall within the scope of the definition of the term “significant regulatory action” contained in section 3(f) of Executive Order 12866, pre-publication review by the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB) is required. This proposed rule was reviewed under the criteria of Executive Order 12866 and was not deemed a “significant regulatory action.”

Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health, and safety effects; distributive impacts; and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility.

Benefits

The proposed regulations will add transparency for potential applicants regarding who is eligible and how to apply for a grant under the program, how grant applications will be evaluated, and under what conditions an eligible institution that is a recipient may transfer to a foundation a research endowment grant. Additionally, the NPRM specifies the nature of the grants, how much endowment fund income a grantee may withdraw and for what purpose, what a grantee must record and report, and when and for what purposes a grantee may spend the endowment fund corpus.

This NPRM also enhances compliance and effective fiduciary responsibilities for the federal government. It specifies what happens if a grantee fails to administer the research endowment grant in accordance with applicable regulations, what other HHS policies and regulations apply, and additional conditions the NIMHD Director may impose when, in his judgment, the conditions are necessary. The Director may, with respect to any grant award, impose additional conditions prior to, or at the time of, any award when in the Director’s judgment the conditions are necessary to ensure the carrying out of the purposes of the award, the interests of the public health, or the conservation of grant funds.

Costs

Based on the provisions of the PHS Act, approximately twelve Institutions of Higher Education (IHEs) are eligible for the NIMHD Research Endowment Program. Costs for participation can be subdivided into those associated with the application process and those required for the necessary recordkeeping. The application process includes a competitive submission, as well as noncompetitive progress report for those institutions awarded funds under the NIMHD Research Endowment Program for subsequent years within the project period. Based on estimates provided in the PHS 424 instructions, an average application should require approximately 22 hours to complete and 15 hours for a subsequent progress report, according to the PHS 2590 instructions. The contribution of various professional disciplines such as biomedical researchers, contract/grants specialists, and technical staff to the reporting and recordkeeping requirements varies. Cost estimates are based on a blended analysis of institutional salary structure and prevailing market conditions for certain categories of personnel. In addition, fiscal year 2012 NIH salary limitations were included in the derivation of cost estimates, where applicable.

	Annual number of respondents ¹	Annual frequency	Estimated cost per response ²	Estimated annual costs ³

^{12,13,14,15} Based on contracts/grants staff at \$33.65/hour.

¹⁶ Based on contracts/grants staff at \$33.65/hour.

Alternatives

The unique and complex nature of the NIMHD Research Endowment Program with regard to the management of endowment funds, restrictive nature of expenditures, and strict reporting provides a challenge to the necessary federal oversight. The proposed draft rule provides the guidelines for the creation of an operation structure of the institutional program. The implementation of the draft rule would provide clarity to eligible and participating institutions with regard to expectations as a grantee under the program, as well as enhance the ability of the federal government to ensure the grantees are in compliance with all the applicable provisions of the statute.

The Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601–612) requires agencies to analyze regulatory options that would minimize any significant impact of the rule on small entities. For the purposes of this analysis, small entities include small business concerns as defined by the Small Business Administration, usually businesses with fewer than 500 employees. Eligibility requirements of the Research Endowment program, as codified in Public Law 111–148, limits the universe of potential applicants to approximately twelve IHEs. Utilizing sources of information such as local business bureaus, workforce statistics, and institution Web sites, a reasonable determination was made as to the approximate number of employees at eligible institutions. The range estimates are from 175–550 for the smallest institution to 3,976 for the largest. Consequently, less than 10 percent of these eligible IHEs have fewer than 500 employees. Accordingly, the Secretary certifies that any final rule resulting from this proposed rule will not have a significant impact on a significant number of small entities.

Unfunded Mandates Reform Act of 1995

Section 202(a) of the Unfunded Mandates Reform Act of 1995 requires that agencies prepare a written statement, which includes an assessment of anticipated costs and benefits, before proposing “any rule that includes any Federal mandate that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more (adjusted annually for inflation [with base year of 1995]) in any 1 year.” The current inflation-adjusted statutory threshold is approximately \$139 million based on the Bureau of Labor Statistics inflation calculator. The Secretary certifies that this rule does not mandate any spending by state, local or tribal government in the aggregate or by the private sector. Participation in the NIMHD Research Endowment Program is voluntary and not mandated.

Executive Order 13132

Executive Order 13132, Federalism, requires federal agencies to consult with state and local government officials in the development of regulatory policies with federalism implications. The Secretary reviewed the proposed rule as required under the Executive Order and determined that it does not have federalism implications. The Secretary certifies that the proposed rule will not have an effect on the states or on the distribution of power and responsibilities among the various levels of government.

Paperwork Reduction Act

This proposed rule contains requirements that are subject to OMB approval under the Paperwork Reduction Act of 1995, as amended (44 U.S.C. chapter 35). Sections 52i.3(b)(2), 52i.4(a), 52i.4(c), 52i.5(a), 52i.9, 52i.11(b), and 52i.11(d) contain reporting and information collection

requirements that are subject to OMB approval under the Paperwork Reduction Act. Sections 52i.10, 52i.11(a)(1), 52i.11(a)(2), 52i.11(a)(3), 52i.11(a)(4), and 52i.11(b) contain recordkeeping requirements that are subject to OMB review under the Paperwork Reduction Act. The title, description, and respondent description of the information collection and recordkeeping requirements contained in this proposed rule have been submitted to OMB for review. Other organizations and individuals desiring to submit comments on the information collection and recordkeeping requirements, including the burden estimates provided, should send their comments to: (1) Seleda Perryman, Project Clearance Officer, National Institutes of Health, Rockledge Center 1, 6705 Rockledge Drive, Room 3509, Bethesda, MD 29817, telephone 301–594–7949 (not a toll-free number); and (2) the Office of Information and Regulatory Affairs, OMB, *OIRA_submission@omb.eop* or by fax to 202–395–6974, and mark “Attention: Desk Officer for the National Institutes of Health, Department of Health and Human Services.” After we obtain OMB approval, we will publish the OMB control number in the **Federal Register**.

Title: National Institute on Minority Health and Health Disparities Research Endowments.

Description: The NIMHD Research Endowment Program builds research capacity and research infrastructure in order to facilitate minority health research and research regarding other health disparity populations at eligible institutions under sections 736 and 464z–4 of the PHS Act.

Respondent Description: Institutions currently funded under Section 736 or Section 464z–4 of the Public Health Service Act (PHS Act).

Catalogue of Federal Domestic Assistance

The Catalogue of Federal Domestic Assistance-numbered program applicable to this rule is: 93.307—Minority Health and Health Disparities Research

List of Subjects in 42 CFR Part 52i

Grant programs—Health, medical research.

For reasons described in the preamble, it is proposed to amend title 42 of the Code of Federal Regulations by adding part 52i to read as follows.

PART 52i—NATIONAL INSTITUTE ON MINORITY HEALTH AND HEALTH DISPARITIES RESEARCH ENDOWMENT PROGRAMS

Sec.

- 52i.1 To what programs does this part apply?
- 52i.2 Definitions.
- 52i.3 Who is eligible to apply?
- 52i.4 Under what conditions may an eligible institution designate a foundation as the recipient of a research endowment grant?
- 52i.5 How to apply for a grant.
- 52i.6 Evaluation and disposition of research endowment grant applications.
- 52i.7 Grant awards.
- 52i.8 When and for what purposes may a grantee spend the endowment fund corpus?
- 52i.9 How much endowment fund income may a grantee spend and for what purposes?
- 52i.10 How shall a grantee calculate the amount of endowment fund income that it may withdraw and spend?
- 52i.11 What shall a grantee record and report?
- 52i.12 What happens if a grantee fails to administer the research endowment grant in accordance with applicable regulations?
- 52i.13 Other HHS policies and regulations that apply.
- 52i.14 Additional conditions.

Authority: 42 U.S.C. 216, 285t–285t–1.

§ 52i.1 To what programs does this part apply?

This part applies to grants awarded under section 464z–3(h) of the Public Health Service Act (the Act), which authorizes the Director of the National Institute on Minority Health and Health Disparities (NIMHD) to carry out a program of research endowment grants to eligible institutions to facilitate minority health and health disparities research (the NIMHD Research Endowment Program), and, with the exception of §§ 52i.5 and 52i.6, applies to that portion of an award made under section 464z–4(f) of the Act authorized by the NIMHD Director for research endowment.

§ 52i.2 Definitions.

As used in this part:

Act means the Public Health Service Act, as amended (42 U.S.C. 201 et seq.).

Center of Excellence means, for purposes of grants authorized by section 464z–3(h) of the Act, an institution designated as a Center of Excellence and receiving a grant under section 736 (42 U.S.C. 293) or section 464z–4 (42 U.S.C. 285t–1) of the Act.

Director means the Director, NIMHD, of the National Institutes of Health.

Endowment fund means a fund that is established by state law, by an institution, or by a foundation associated with an institution that is exempt from taxation and is maintained for the purpose of generating income for the support of minority and health disparities research or research training if the funds are from a grant made under section 464z–4 of the Act. The principal or corpus of the fund may not be spent except as noted in § 52i.8(b).

Endowment fund corpus means an amount equal to the total grant funds awarded under this part or equal to the amount designated as endowment under section 464z–4 of the Act.

Endowment fund income means the income generated from investing the

corpus, i.e., the amount of which exceeds the endowment fund corpus.

Health disparity population means a population that, as determined by the Director of the NIMHD after consultation with the Director of the Agency for Healthcare Research and Quality, has a significant disparity in the overall rate of disease incidence, prevalence, morbidity, mortality, or survival rates in the population as compared to the health status of the general population.

Health disparities research means basic, clinical, and behavioral research on health disparity populations (including individual members and communities of such populations) that relates to health disparities, including the causes of such disparities and methods to prevent, diagnose, and treat such disparities.

Health disparity students means students of minority health disparity populations or other health disparities populations.

Institutional endowment (IE) means the corporate or system-wide endowment fund that is the sum total of the endowment assets of all campuses and their components. This includes, but is not limited to, endowments managed by an institution's foundations/associations as well as state university systems.

Institution system-wide means all campuses and components.

Minority health conditions means, with respect to individuals who are members of minority groups, all diseases, disorders, and conditions (including with respect to mental health and substance abuse):

- (1) Unique to, more serious, or more prevalent in such individuals;
- (2) For which the factors of medical risk or types of medical intervention may be different for such individuals, or for which it is unknown whether such

factors or types are different for such individuals; or

(3) With respect to which there has been insufficient research involving such individuals as subjects or insufficient data on such individuals.

Minority health disparities research means basic, clinical, and behavioral research on minority health conditions, including research to prevent, diagnose, and treat such conditions.

Racial and ethnic minority or minority group means American Indians (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians and other Pacific Islanders, Blacks, and Hispanics. Hispanic means individuals whose origin is Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin.

Secretary means the Secretary of Health and Human Services and any other officer or employee of the Department of Health and Human Services to whom the authority involved has been delegated.

§ 52i.3 Who is eligible to apply?

(a) To be eligible for a grant under section 464z-3(h) of the Act an applicant:

(1) Must be a Center of Excellence under section 736 (42 U.S.C. 293) or section 464z-4 (42 U.S.C. 285t-1) of the Act, and

(2) Must have an institutional endowment that is equal to or less than 50 percent of the national median of endowment funds at institutions that conduct similar biomedical research and training of health professionals.

(b) To be eligible for a portion of a grant award to be expended as a research endowment under section 464z-4(f) of the Act, an applicant:

(1) Must be a designated biomedical and behavioral research institution under section 464z-4 of the Act, and

(2) Must submit those materials prescribed by the Director, NIMHD.

§ 52i.4 Under what conditions may an eligible institution designate a foundation as the recipient of a research endowment grant?

A number of universities and other organizations have established closely affiliated, but separately incorporated, organizations to facilitate the administration of research and other programs supported by federal funds. Such legally independent entities are often referred to as "foundations," although this term does not necessarily appear in the name of the organization. An institution awarded an endowment grant under section 464z-3(h) of the Act or using designated grant funds for

endowment purposes under section 464z-4(f) of the Act may designate a foundation associated with the institution to receive the endowment funds only for investment purposes if:

(a) The institution assures in its application that the foundation is legally authorized to receive the endowment funds and to administer the endowment funds in accordance with the regulations set forth in this part;

(b) The foundation agrees to administer the endowment funds in accordance with the regulations in this part;

(c) The institution agrees to be liable for any violation by the foundation of any applicable regulation, including any violation resulting in monetary liability; and

(d) The grantee institution has control and is responsible for the administration of the grant accounts.

§ 52i.5 How to apply for a grant.

(a) Each institution interested in applying for a grant under section 464z-3(h) of the Act must submit an application at such time and in such form and manner as the Secretary may prescribe.

(b) An institution described in § 52i.3 that has received a grant under this part may apply for another grant under this part if:

(1)(i) The institution still meets the eligibility requirements in § 52i.3; and

(ii) The institution is in the last year of funding provided by NIH under this part; or

(2) The institution no longer has an active grant under this part from NIH.

§ 52i.6 Evaluation and award of research endowment grant applications.

All applications filed in accordance with this part and meeting the minimal eligibility requirements shall be evaluated and recommended by technical and scientific peer review. The review evaluation shall take into account, among other pertinent factors:

(a) The scientific and technical merit of the proposed project to facilitate minority health disparities research and other health disparities research;

(b) The likelihood of its producing meaningful results;

(c) The adequacy of the applicant's resources available for the project; and

(d) The adequacy of the applicant's plan for managing the endowment fund.

§ 52i.7 Grant awards.

(a) Within the limits of funds, and upon such review and recommendation as may be required by law, the Director shall award a grant to those applicants whose approved projects will in the

Director's judgment best promote the purposes of this part.

(b) An institution described in § 52i.3 that receives a grant under this part or an institution described in section 464z-4(f) of the Act authorized to use grant funds for endowment purposes shall follow the spending rules under the law of the state in which the institution is located and the spending rules/policies adopted by the recipient institution, provided that such spending rules are not inconsistent with applicable federal regulations/policies.

(c) Grants awarded under this part or grant funds designated for endowment purposes as described under section 464z-4(f) of the Act must be invested no later than 90 days after the start date of the grant.

(d) The institution, in investing the endowment fund established under this section, shall exercise the judgment and care, under the circumstances then prevailing, that a person of prudence, discretion, and intelligence would exercise in the management of such person's own affairs and avoid all appearances of conflict of interest in the management of this fund.

(e) The total amount of an endowment grant under this part or the designated amount of the grant under section 464z-4(f) of the Act must be maintained as corpus by the institution for 20 years from the date of award.

(f) In the case of situations in which investment conditions result in the corpus referred to in paragraph (e) of this section having a net market value less than the value of the funds at the time of their receipt, appropriate actions must be taken (e.g., careful review of the investment strategy) in order to preserve the value of the endowment corpus.

(g) An institution described in § 52i.3 receiving an endowment grant under section 464z-3(h) of the Act may not simultaneously receive endowment funds under section 464z-4(f) of the Act.

(h) Consistent with section 464z-4(f) of the Act, the Director, NIMHD, may designate for a research endowment some of the funds awarded to a Center of Excellence for research education and training.

§ 52i.8 When and for what purposes may a grantee spend the endowment fund corpus?

(a) A grantee may not withdraw or spend any part of the endowment fund corpus for a total of 20 years from the date of the original grant award.

(b) At the end of the 20-year period, during which the endowment corpus must be maintained, the grantee institution is encouraged to preserve the

endowment fund corpus but may use the endowment fund corpus for any purpose that expands or develops the institution's minority health and/or health disparities research and/or training capacity.

§ 52i.9 How much endowment fund income may a grantee spend and for what purposes?

(a) Any endowment income realized in the initial year following the grant award under this part shall not be expended to support programmatic activities until after conclusion of the initial year of the grant.

(b) After the first year of the grant, a grantee awarded funds under this part may spend endowment income realized from funds it receives solely in accordance with the regulations of this part, the terms and conditions of the award, NIMHD policies and procedures, and the grantee's strategic plan that has been approved by the NIMHD and includes priorities for the use of the endowment fund income.

§ 52i.10 How shall a grantee calculate the amount of endowment fund income that it may withdraw and spend?

A grantee awarded funds under this part shall calculate the amount of endowment fund income that it may withdraw and spend at a particular time as follows:

(a) On each date that the grantee plans a withdrawal of endowment fund income, the grantee must determine the amount of the income by calculating the value of the fund that exceeds the endowment fund corpus.

(b) If the total value of the endowment fund exceeds the endowment fund corpus, the grantee may withdraw and spend the excess amount, i.e., the endowment fund income, in accordance with § 52i.9.

§ 52i.11 What shall a grantee record and report?

A grantee awarded funds under this part shall:

(a) Maintain appropriate records in compliance with this part and other requirements as referenced in terms of the award, including documentation of:

- (1) The type and amount of investments of the endowment fund;
 - (2) The amount of endowment fund income and corpus;
 - (3) The amount and purpose of expenditures of endowment fund income; and
 - (4) The expenses and charges associated with the management of the endowment funds if such expenses and charges were paid from the grant funds.
- (b) Retain records in accordance with 45 CFR 74.53. The endowment fund

corpus, fund income, and fund expenditures must be reported over a 20-year period, and supporting records are to be retained for 3 years after the submission of the final report to the NIMHD;

(c) Permit authorized officials the authority to conduct a review, as set forth in 45 CFR 74.53(e) (which states that the Department of Health and Human Services (HHS) awarding agencies, the HHS Inspector General, the U.S. Comptroller General, and any of their duly authorized representatives "have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts, or copies of such documents"); and

(d) Submit Financial Status Reports, as set forth in 45 CFR 74.52, as required by the NIMHD and in the form prescribed. A final Financial Status Report shall be required 20 years after the date of the original grant award.

§ 52i.12 What happens if a grantee fails to administer the research endowment grant in accordance with applicable regulations?

(a) The Director, after giving notice and an opportunity for a hearing, may authorize the termination of a grant awarded and/or recovery of funds under this part during the 20-year period if the grantee:

(1) Withdraws or spends any part of the endowment fund corpus in violation of this part;

(2) Spends any portion of the endowment fund income not permitted to be spent in this part;

(3) Fails to invest the endowment fund corpus in accordance with the investment standards set forth in this part;

(4) Fails to meet the requirements in § 52i.7; or

(5) Otherwise fails to comply with the terms and conditions of the award.

(b) Recovery of funds may include up to the amount of endowment awards plus any income earned.

§ 52i.13 Other HHS policies and regulations that apply.

Several other regulations and policies apply to grants under this part. These include, but are not limited to:

(a) 2 CFR part 376—HHS Nonprocurement debarment and suspension

(b) 42 CFR part 50, Subpart A—Responsibilities of PHS awardee and applicant institutions for dealing with and reporting possible misconduct in science

(c) 42 CFR part 50, Subpart D—Public Health Service grant appeals procedures

(d) 45 CFR part 16—Procedures of the Departmental Grant Appeals Board

(e) 45 CFR part 46—Protection of human subjects

(f) 45 CFR part 74—Uniform administrative requirements for awards and subawards to institutions of higher education, hospitals, other nonprofit organizations, and commercial organizations; and certain grants and agreements with states, local governments, and Indian tribal governments

(g) 45 CFR part 80—Nondiscrimination under programs receiving federal assistance through the Department of Health and Human Services—Effectuation of Title VI of the Civil Rights Act of 1964

(h) 45 CFR part 81—Practice and procedure for hearings under part 80 of this title

(i) 45 CFR part 82—Government-wide requirements for drug-free workplace (financial assistance)

(j) 45 CFR part 84—Nondiscrimination on the basis of handicap in programs and activities receiving or benefiting from federal financial assistance

(k) 45 CFR part 86—Nondiscrimination on the basis of sex in education programs and activities receiving or benefiting from federal financial assistance

(l) 45 CFR part 91—Nondiscrimination on the basis of age in HHS programs and activities receiving federal financial assistance

(m) 45 CFR part 92—Uniform administrative requirements for grants and cooperative agreements to state and local government

(n) 45 CFR part 93—New restrictions on lobbying

§ 52i.14 Additional conditions.

The Director may, with respect to any grant award, impose additional conditions prior to, or at the time of, any award when in the Director's judgment the conditions are necessary to ensure the carrying out of the purposes of the award, the interests of the public health, or the conservation of grant funds.

Dated: February 19, 2013.

Francis S. Collins,
Director, National Institutes of Health.

Approved: May 2, 2013.

Kathleen Sebelius,
Secretary.

BILLING CODE 4140–01–P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

50 CFR Part 20

[Docket No. FWS–HQ–MB–2013–0057;
FF09M21200–134–FXMB1231099BPP0]

RIN 1018–AY87

Migratory Bird Hunting; Supplemental Proposals for Migratory Game Bird Hunting Regulations for the 2013–14 Hunting Season; Notice of Meetings

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; supplemental.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), proposed in an earlier document to establish annual hunting regulations for certain migratory game birds for the 2013–14 hunting season. This supplement to the proposed rule provides the regulatory schedule, announces the Service Migratory Bird Regulations Committee and Flyway Council meetings, and provides Flyway Council recommendations resulting from their March meetings.

DATES: *Comments:* You must submit comments on the proposed regulatory alternatives for the 2013–14 duck hunting seasons on or before June 22, 2013. Following subsequent **Federal Register** notices, you will be given an opportunity to submit comments for proposed early-season frameworks by July 27, 2013, and for proposed late-season frameworks and subsistence migratory bird seasons in Alaska by August 31, 2013.

Meetings: The Service Migratory Bird Regulations Committee will meet to consider and develop proposed regulations for early-season migratory bird hunting on June 19 and 20, 2013, and for late-season migratory bird hunting and the 2014 spring/summer migratory bird subsistence season in Alaska on July 31 and August 1, 2013. All meetings will commence at approximately 8:30 a.m.

ADDRESSES: *Comments:* You may submit comments on the proposals by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments on Docket No. FWS–HQ–MB–2013–0057.

- *U.S. mail or hand-delivery:* Public Comments Processing, Attn: FWS–HQ–MB–2013–0057; Division of Policy and Directives Management; U.S. Fish and Wildlife Service; 4401 N. Fairfax Drive, MS 2042–PDM; Arlington, VA 22203.

We will not accept emailed or faxed comments. We will post all comments on <http://www.regulations.gov>. This generally means that we will post any personal information you provide us (see the Public Comments section below for more information).

Meetings: The Service Migratory Bird Regulations Committee will meet in room 200 of the U.S. Fish and Wildlife Service's Arlington Square Building, 4401 N. Fairfax Dr., Arlington, VA.

FOR FURTHER INFORMATION CONTACT: Ron W. Kokel, U.S. Fish and Wildlife Service, Department of the Interior, MS MBSP–4107–ARLSQ, 1849 C Street NW., Washington, DC 20240; 703–358–1714.

SUPPLEMENTARY INFORMATION:

Regulations Schedule for 2013

On April 9, 2013, we published in the **Federal Register** (78 FR 21200) a proposal to amend 50 CFR part 20. The proposal provided a background and overview of the migratory bird hunting regulations process, and addressed the establishment of seasons, limits, and other regulations for hunting migratory game birds under §§ 20.101 through 20.107, 20.109, and 20.110 of subpart K. This document is the second in a series of proposed, supplemental, and final rules for migratory game bird hunting regulations. We will publish proposed early-season frameworks in early July and late-season frameworks in early August. We will publish final regulatory frameworks for early seasons on or about August 16, 2013, and for late seasons on or about September 14, 2013.

Service Migratory Bird Regulations Committee Meetings

The Service Migratory Bird Regulations Committee (SRC) will meet June 19–20, 2013, to review information on the current status of migratory shore and upland game birds and develop 2013–14 migratory game bird regulations recommendations for these species, plus regulations for migratory game birds in Alaska, Puerto Rico, and the Virgin Islands. The Committee will also develop regulations recommendations for September waterfowl seasons in designated States, special sea duck seasons in the Atlantic Flyway, and extended falconry seasons. In addition, the Committee will review and discuss preliminary information on the status of waterfowl.

At the July 31–August 1, 2013, meetings, the Committee will review information on the current status of waterfowl and develop 2013–14 migratory game bird regulations recommendations for regular waterfowl
