

- A comparison of actual accomplishments to the objectives established for the period;
- Reasons for slippage if established objectives were not met;
- Additional pertinent information when appropriate;
- A comparison of actual and projected quarterly expenditures in the grant; and,
- Amount of Federal cash on hand at the beginning and end of the reporting period.

The final performance report must contain a summary of activities for the entire grant period. All required deliverables should be submitted with the final performance report. The final SF 425, "Federal Financial Report," must be submitted to OEA within 90 days after the end of the grant. Any grant funds actually advanced and not needed for grant purposes shall be returned immediately to OEA. Upon award, OEA will provide a schedule for reporting periods and report due dates in the Grant Agreement.

VII. Agency Contacts

For further information, to answer questions, or for help with problems, contact: Mr. Michael Gilroy, OEA DIA Program Co-Lead, at (703) 697-2081, michael.gilroy@osd.mil, or regular mail at 2231 Crystal Drive, Suite 520, Arlington, VA 22202-3711. The OEA homepage address is: <http://www.oea.gov>.

VIII. Other Information

No Obligation for Future Funding—Amendment or renewal of an award to increase funding or to extend the period of performance is at the discretion of OEA. If an applicant is awarded funding under this FFO, neither the DOC, EDA, National Institute of Standards and Technology, DOL, ETA, nor Small Business Administration are under any obligation to provide any additional future funding in connection with that award or to make any future award(s).

Intellectual Property Rights—In the event of a grant award, the Grantee may copyright any work that is subject to copyright and was developed, or for which ownership was purchased, under an award. The Federal awarding agencies reserve a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so. Such uses include, but are not limited to, the right to modify and distribute such products worldwide by any means, electronically or otherwise. The grantee may not use Federal funds to pay any royalty or license fee for use of a copyrighted

work, or the cost of acquiring by purchase a copyright in a work, where the Department has a license or rights of free use in such work. If revenues are generated through selling products developed with grant funds, including intellectual property, these revenues are program income. Program income is added to the grant and must be expended for allowable grant activities.

DEPARTMENT OF DEFENSE

Department of the Army; Army Corps of Engineers

Notice of Solicitation of Applications for Stakeholder Representative Members of the Missouri River Recovery Implementation Committee

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice.

SUMMARY: The Commander of the Northwestern Division of the U.S. Army Corps of Engineers (Corps) is soliciting applications to fill vacant stakeholder representative member positions on the Missouri River Recovery Implementation Committee (MRRIC). Members are sought to fill vacancies on

a committee to represent various categories of interests within the Missouri River basin. The MRRIC was formed to advise the Corps on a study of the Missouri River and its tributaries and to provide guidance to the Corps with respect to the Missouri River recovery and mitigation activities currently underway. The Corps established the MRRIC as required by the U.S. Congress through the Water Resources Development Act of 2007 (WRDA), Section 5018.

DATES: The agency must receive completed applications and endorsement letters no later than July 19, 2013.

ADDRESSES: Mail completed applications and endorsement letters to U.S. Army Corps of Engineers, Omaha District (Attn: MRRIC), 1616 Capitol Avenue, Omaha, NE 68102-4901 or email completed applications to info@mrric.org. Please put "MRRIC" in the subject line.

FOR FURTHER INFORMATION, CONTACT: Mary S. Roth, 402-995-2919.

SUPPLEMENTARY INFORMATION: The operation of the MRRIC is in the public interest and provides support to the Corps in performing its duties and responsibilities under the Endangered Species Act, 16 U.S.C. 1531 *et seq.*; Sec. 601(a) of the Water Resources Development Act (WRDA) of 1986, Public Law 99-662; Sec. 334(a) of WRDA 1999, Public Law 106-53, and Sec. 5018 of WRDA 2007, Public Law 110-114. The Federal Advisory Committee Act, 5 U.S.C. App. 2, does not apply to the MRRIC.

A Charter for the MRRIC has been developed and should be reviewed prior to applying for a stakeholder representative membership position on the Committee. The Charter, operating procedures, and stakeholder application forms are available electronically at www.MRRIC.org.

Purpose and Scope of the Committee. The duties of the MRRIC cover two areas:

1. The Committee provides guidance to the Corps, and affected federal agencies, state agencies, or Native American Indian Tribes on a study of the Missouri River and its tributaries to determine the actions required to mitigate losses of aquatic and terrestrial habitat, to recover federally-listed species protected under the Endangered Species Act, and to restore the river's ecosystem to prevent further declines among other native species. This study is identified in Section 5018 (a) of the WRDA. It will result in a single, comprehensive plan to guide the implementation of mitigation, recovery,

and restoration activities in the Missouri River Basin. This plan is referred to as the Missouri River Ecosystem Restoration Plan (MRERP). For more information about the MRERP go to www.MRERP.org.

2. The MRRIC also provides guidance to the Corps with respect to the Missouri River recovery and mitigation plan currently in existence, including recommendations relating to changes to the implementation strategy from the use of adaptive management; coordination of the development of consistent policies, strategies, plans, programs, projects, activities, and priorities for the Missouri River recovery and mitigation plan. Information about the Missouri River Recovery Program is available at www.MoRiverRecovery.org.

3. Other duties of MRRIC include exchange of information regarding programs, projects, and activities of the agencies and entities represented on the Committee to promote the goals of the Missouri River recovery and mitigation plan; establishment of such working groups as the Committee determines to be necessary to assist in carrying out the duties of the Committee, including duties relating to public policy and scientific issues; facilitating the resolution of interagency and intergovernmental conflicts between entities represented on the Committee associated with the Missouri River recovery and mitigation plan; coordination of scientific and other research associated with the Missouri River recovery and mitigation plan; and annual preparation of a work plan and associated budget requests.

Administrative Support. To the extent authorized by law and subject to the availability of appropriations, the Corps provides funding and administrative support for the Committee.

Committee Membership. Federal agencies with programs affecting the Missouri River may be members of the MRRIC through a separate process with the Corps. States and federally-recognized Native American Indian Tribes, as described in the Charter, are eligible for Committee membership through an appointment process. Interested state and Tribal government representatives should contact the Corps for information about the appointment process.

This Notice is for individuals interested in serving as a stakeholder member on the Committee. In accordance with the Charter for the MRRIC, stakeholder membership is limited to 28 people, with each member having an alternate. Members and alternates must be able to demonstrate

that they meet the definition of "stakeholder" found in the Charter of the MRRIC. Applications are currently being accepted for representation in the stakeholder interest categories listed below:

- a. Conservation Districts;
- b. Fish and Wildlife;
- c. Flood Control;
- d. Hydropower;
- e. Irrigation;
- f. Major Tributaries;
- g. Recreation;
- h. Thermal Power;
- i. Water Quality; and
- j. Waterway Industries.

Terms of stakeholder representative members of the MRRIC are three years. There is no limit to the number of terms a member may serve. Incumbent Committee members seeking reappointment do not need to re-submit an application. However, they must submit a renewal letter and related materials as outlined in the "Streamlined Process for Existing Members" portion of the document *Process for Filling MRRIC Stakeholder Vacancies* (www.MRRIC.org).

Members and alternates of the Committee will not receive any compensation from the federal government for carrying out the duties of the MRRIC. Travel expenses incurred by members of the Committee will not be reimbursed by the federal government.

Application for Stakeholder Membership. Persons who believe that they are or will be affected by the Missouri River recovery and mitigation activities may apply for stakeholder membership on the MRRIC. Committee members are obligated to avoid and disclose any individual ethical, legal, financial, or other conflicts of interest they may have involving MRRIC. Applicants must disclose on their application if they are directly employed by a government agency or program (the term "government" encompasses state, tribal, and federal agencies and/or programs).

Applications for stakeholder membership may be obtained electronically at www.MRRIC.org. Applications may be emailed or mailed to the location listed (see **ADDRESSES**). In order to be considered, each application must include:

1. The name of the applicant and the primary stakeholder interest category that person is qualified to represent;
2. A written statement describing the applicant's area of expertise and why the applicant believes he or she should be appointed to represent that area of expertise on the MRRIC;
3. A written statement describing how the applicant's participation as a

stakeholder representative will fulfill the roles and responsibilities of MRRIC;

4. A written description of the applicant's past experience(s) working collaboratively with a group of individuals representing varied interests towards achieving a mutual goal, and the outcome of the effort(s);

5. A written description of the communication network that the applicant plans to use to inform his or her constituents and to gather their feedback, and

6. A written endorsement letter from an organization, local government body, or formal constituency, which demonstrates that the applicant represents an interest group(s) in the Missouri River basin.

To be considered, the application must be complete and received by the close of business on July 19, 2013, at the location indicated (see **ADDRESSES**). Applications must include an endorsement letter to be considered complete. Full consideration will be given to all complete applications received by the specified due date.

Application Review Process.

Committee stakeholder applications will be forwarded to the current members of the MRRIC. The MRRIC will provide membership recommendations to the Corps as described in Attachment A of the *Process for Filling MRRIC Stakeholder Vacancies* document (www.MRRIC.org). The Corps is responsible for appointing stakeholder members. The Corps will consider applications using the following criteria:

- Ability to commit the time required.
- Commitment to make a good faith (as defined in the Charter) effort to seek balanced solutions that address multiple interests and concerns.
- Agreement to support and adhere to the approved MRRIC Charter and Operating Procedures.
- Demonstration of a formal designation or endorsement by an organization, local government, or constituency as its preferred representative.
- Demonstration of an established communication network to keep constituents informed and efficiently seek their input when needed.
- Agreement to participate in collaboration training as a condition of membership.

All applicants will be notified in writing as to the final decision about their application.

Certification. I hereby certify that the establishment of the MRRIC is necessary and in the public interest in connection with the performance of duties imposed

on the Corps by the Endangered Species Act and other statutes.

Dated: June 10, 2013.

Mary S. Roth,

Project Manager for the Missouri River, Recovery Implementation Committee (MRRIC).

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. IC13-17-000]

Commission Information Collection Activities (FERC-551); Comment Request; Extension

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Notice of information collection and request for comments.

SUMMARY: In compliance with the requirements of the Paperwork Reduction Act of 1995, the Federal Energy Regulatory Commission (Commission or FERC) is soliciting public comment on the currently approved information collection, Reporting of Flow Volume and Capacity by Interstate Natural Gas Pipelines. This collection originally affected both intrastate and interstate natural gas pipelines, but for reasons described below only pertains to interstate natural gas pipelines.

DATES: Comments on the collection of information are due August 16, 2013.

ADDRESSES: You may submit comments (identified by Docket No. IC13-17-000) by either of the following methods:

- *eFiling at Commission's Web site:* <http://www.ferc.gov/docs-filing/efiling.asp>.
- *Mail/Hand Delivery/Courier:*

Federal Energy Regulatory Commission, Secretary of the Commission, 888 First Street NE., Washington, DC 20426.

Instructions: All submissions must be formatted and filed in accordance with submission guidelines at: <http://www.ferc.gov/help/submission-guide.asp>. For user assistance contact FERC Online Support by email at ferconlinesupport@ferc.gov, or by phone at: (866) 208-3676 (toll-free), or (202) 502-8659 for TTY.

Docket: Users interested in receiving automatic notification of activity in this docket or in viewing/downloading comments and issuances in this docket may do so at <http://www.ferc.gov/docs-filing/docs-filing.asp>.

FOR FURTHER INFORMATION: Ellen Brown may be reached by email at DataClearance@FERC.gov, telephone at (202) 502-8663, and fax at (202) 273-0873.

SUPPLEMENTARY INFORMATION:

Title: Reporting of Flow Volume and Capacity by Interstate Natural Gas Pipelines.

OMB Control No.: 1902-0243.

Type of Request: Three-year extension of the FERC-551 information collection requirements with no changes to the current reporting requirements except as described below.

Abstract: Interstate pipelines are required to post on their Web sites the volumes of no-notice service flows¹ at each receipt and delivery point before 11:30 a.m. central clock time three days after the day of gas flow.

FERC implemented Order Nos. 720 and 720-A to comply with the Energy Policy Act of 2005 ("EPA Act 2005") and specifically Section 23 of EPA Act 2005, which amended the NGA to direct FERC to "facilitate price transparency in markets for the sale or transportation of physical natural gas in interstate commerce." On October 24, 2011, the United States Court of Appeals for the Fifth Circuit issued a decision granting the Texas Pipeline Association and the Railroad Commission's petition for review and vacating FERC's Order Nos. 720 and 720-A. In its order, the 5th Circuit held that Order Nos. 720 and 720-A exceeded the scope of FERC's authority under the Natural Gas Act of 1938 and FERC could not require intrastate natural gas pipelines to post the information. However, the court's decision did not disrupt the reporting and posting obligations of interstate natural gas pipelines.²

Type of Respondents: Interstate Natural Gas Pipelines.

*Estimate of Annual Burden:*³ The Commission estimates the total Public Reporting Burden for this information collection for Interstate Natural Gas

¹ See 18 CFR 284.7(a)(4) (requiring pipelines to provide no-notice service).

² Order Granting Motion to Clarify Opinion, *Texas Pipelines Ass'n v. FERC*, 661 F.3d 258 (Dec. 20, 2011).

³ The Commission defines burden as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, reference 5 Code of Federal Regulations 1320.3.
