[Docket No. USCG–2013–0245]

RIN 1625–AA00

Safety Zone; Inbound Transit of M/V TEAL, Savannah River; Savannah, GA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary moving safety zone around the M/V TEAL during its inbound transit on the Savannah River to the Georgia Ports Authority, Garden City Terminal Container Berth 8 (CB8). This safety zone facilitates the safe transit and offload of four oversized ship to shore (STS) cranes. The moving safety zone will transition to a temporary fixed safety zone when the M/V TEAL moors to CB8. This regulation is necessary to protect life and property on the navigable waters of the Savannah River due to the hazards associated with the transport of these oversized cranes and offloading operations. Entry into this zone is prohibited unless specifically authorized by the Captain of the Port (COTP) Savannah or a designated representative.

DATES: This rule will be enforced with actual notice from 5 a.m. on June 5, 2013, until June 18, 2013. This rule is effective in the Code of Federal Regulations from June 18, 2013 until 7:30 p.m. on June 24, 2013.

A. Regulatory History and Information

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. The Coast Guard did not receive notice of the transit until there was insufficient time remaining to undertake notice and comment. Publishing an NPRM and delaying its effective date would be impracticable because immediate action is needed to protect the M/V TEAL and other vessels and mariners from the hazards associated with the transit and offloading operations of four STS cranes to CB8.

Under 5 U.S.C. 553(d)(3), for the same reasons as above, the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date would be impracticable and contrary to the public interest.

B. Basis and Purpose

The legal basis for the rule is the Coast Guard’s authority to establish regulated navigation areas and other limited access areas: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, 160.5; Public Law 107–295, 116

Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

The Coast Guard is establishing this temporary moving safety zone to facilitate the safe transit of the M/V TEAL and four STS cranes on the Savannah River. The large STS cranes pose a danger to other vessels that may meet or attempt to overtake the M/V TEAL in the narrow waterway of the Savannah River.

The purpose of the rule is to ensure the safety of life and vessels on a navigable waterway of the United States during the M/V TEAL transit and operations.

C. Discussion of the Final Rule

The moving safety zone will cover all waters of the Savannah River one nautical mile ahead and astern of the M/V TEAL. During the vessel's inbound transit, no other vessel may meet, pass, or overtake the M/V TEAL, unless authorized by the COTP Savannah or a designated representative.

The moving safety zone will become a fixed safety zone when the M/V TEAL moors to CB8 at approximate position 32°08.23' N, 81°08.52' W. The fixed safety zone will extend over the water 500 yards around the M/V TEAL. No person or vessel will be allowed to transit the safety zone during crane offloading operations, unless authorized by the COTP Savannah or a designated representative.

Entry into the safety zone is prohibited for all vessels unless specifically authorized by the COTP Savannah or a designated representative. U.S. Coast Guard assets or designated representatives will enforce this safety zone, and coordinate vessel movements into the zone when safe to minimize the zone's impact on vessel movements. Persons or vessels desiring to enter, transit through, anchor in, or remain within the safety zones may contact the Captain of the Port Savannah by telephone at (912) 652-4353, or a designated representative via VHF radio on channel 16, to request authorization. If authorization to enter, transit through, anchor in, or remain within the safety zone is granted by the Captain of the Port Savannah or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port Savannah or a designated representative. The Coast Guard will provide notice of the safety zones by Broadcast Notice to Mariners, and on-scene designated representatives.

Due to fluctuations in the M/V TEAL's transit schedule, the time of arrival and 14 to 16 day duration

needed to unload the cranes are based upon the best available information known at the time this rule was drafted. Therefore, this rule is effective from 5 a.m. (EST) on June 5, 2013 until 7 p.m. (EST) on June 24, 2013, however it will only be enforced upon the commencement of the M/V TEAL's inbound transit and remain in effect until all cranes have been offloaded. The COTP Savannah or a designated representative will inform the public through broadcast notice to mariners of the enforcement periods for this safety zone.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

The economic impact of this rule is not significant for the following reasons: this safety zone will only be enforced during the in-bound transit of the M/V TEAL on the Savannah River and while the M/V TEAL is moored at CB8. Once all STS cranes have been offloaded from the M/V TEAL the safety zone will be terminated. The transit of the M/V TEAL is expected to take 4 to 6 hours.

The Coast Guard has notified the Georgia Ports Authority and Savannah Pilots Association of the needs, conditions, and effective dates and times of the safety zone so that they may schedule arriving and departing vessels that may be affected by this safety zone to minimize shipping delays. The presence of moored vessels is not expected to impede the safe in-bound transit of the M/V TEAL, and sufficient channel width is anticipated while the M/V TEAL is moored so that other vessels may transit through the area. Additionally, there are only two waterfront facilities upriver of CB8 and there are no known vessels scheduled to moor at these facilities while this regulation is in effect.

Notifications of the enforcement periods of this safety zone will be made

to the marine community through broadcast notice to mariners. Representatives of the COTP will be on-scene to coordinate the movements of vessels seeking to enter the safety zone. These representatives will authorize vessel transits into the zone to the maximum safely allowable during the M/V TEAL's transit.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule may affect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit the Savannah River while M/V TEAL is transiting in-bound on the Savannah River and while moored at CB8. This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: (1) The COTP Savannah may consider granting vessels permission to enter into the moving safety zone if conditions allow for such transit to be conducted safely, (2) all vessels may transit through the fixed safety zone when crane offloading operations are not in progress, and (3) the Coast Guard will issue a broadcast notice to mariners informing the public of the safety zone.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The

Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to

minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a "significant energy action" under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the creation of a temporary safety zone. This rule is categorically excluded, under figure 2-1, paragraph (34)(g), of the Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**.

I. Introduction

On March 19, 2013, the Commission issued a notice of proposed rulemaking concerning minor clarifying amendments to the Commission's rules of practice and procedure in 39 CFR part 3001.¹ The proposed amendments suggested minor changes that would remove obsolete references, adopt new terminology, and make technical edits. Interested persons were provided an opportunity to comment on the proposed amendments. *Id.* at 6. After consideration of the comments submitted, the Commission adopts the

proposed amendments with several minor modifications.

II. Comments

The Public Representative and the Postal Service filed comments on May 17, 2013. No other interested person submitted comments. The Postal Service's comments offer no substantive suggestions and commend "the Commission for undertaking to prepare these clarifications and improvements. . . ." ²

The Public Representative states that the "minor amendments are a step in the right direction" but "suggests that the Commission undertake a more comprehensive review of its rules of practice and procedure to address inconsistencies, remove outdated rules, and assure that rules conform with current practice before the Commission."³ Suggestions for "a more comprehensive update of the rules" include:

- moving all general definitions to part 3001 and removing duplicative definitions and definitions contained in other parts. *Id.* at 1-2.
- clarifying the definitions of the classes of persons that appear before the Commission (*i.e.*, party, participant, complainant) and ensuring that the terms are used as intended. *Id.* at 2-3.
- distinguishing commenters as described in rule 3001.20b with interested persons who file comments at the Commission's invitation. *Id.* at 3, 5.
- proposing a revised definition of "hearing". *Id.* at 4.
- clarifying that the Public Representatives are not classified as "decision-making Commission personnel" for the purposes of rule 3001.7. *Id.*
- using consistent terminology to describe the filing and acceptance of documents filed online. *Id.*
- removing the requirement that the Postal Service file requests for changes in rate and classifications both online and in hard copy. *Id.* at 4-5.
- allowing the presiding officer to grant late filed motions to intervene. *Id.* at 5.
- removing references to intermediate decisions. *Id.* at 5, 7.
- clarifying the rights of limited participators in discovery matters in

rules 3001.26, 3001.27, and 3001.28.

Id. at 7.

- clarifying the person(s) responsible for prehearing conferences and ruling on motions in cases where a presiding officer is not appointed. *Id.* at 6, 7.
- eliminating the requirement in rule 3001.31(g) that eight copies of all prepared testimony and exhibits be filed. *Id.* at 7.
- revising rule 3001.33 to be consistent with online filings. *Id.* at 8.
- revising rule 3001.39(c) to conform with current Commission practice. *Id.*
- allowing requests to open and close public meetings to be filed electronically. *Id.* at 9.
- removing rule 3001.75. *Id.*

III. Summary of Changes to the Proposed Rules

As discussed below, the Commission is making the following changes to the rules proposed in Order No. 1677.

In paragraph (j) of rule 3001.5, the proposed rules contained the phrase "§§ 3001.17 and 3001.18(a) of this section". "[O]f this section" is unnecessary and has been removed from the final rule. In paragraph (o), the phrase "of this chapter" has been added following the reference to part 3025 for clarification.

In rule 3001.7, the Commission adopts the Public Representative's suggestion to clarify that individuals assigned to represent the interests of the general public in a particular docket are excluded from the definition of "decision-making Commission personnel" for purposes of applying *ex parte* restrictions. Therefore, a new paragraph 3001.7(a)(2)(iii) is added to refer to the Public Representative and other Commission personnel assigned to represent the interests of the general public pursuant to 39 U.S.C. 505. In addition, Order No. 1677 inadvertently proposed that paragraphs (b)(1) through (b)(5) be deleted from the rule. The final rules leave those paragraphs intact.

In rule 3001.10, the Commission agrees with the Public Representative's suggestion that requests for changes in rates and classifications no longer need to be filed in hard copy. Therefore, paragraph (a)(4) is removed; paragraph (a)(5) is redesignated as paragraph (a)(4); and paragraph (a)(6) is redesignated as paragraph (a)(5).

In rule 3001.12, paragraph (a)(1) is removed to reflect the elimination of current rule 3001.10(a)(4). Paragraph (a)(2) is redesignated as paragraph (a)(1), and paragraph (a)(3) is redesignated as paragraph (a)(2).

In rule 3001.17, paragraph (a)(2) is revised to include a reference to § 3030.30. In rule 3001.25(a), language
