**III. Comments**

On January 7, 2013, we published in the **Federal Register** (78 FR 957) a notice of our intent to request that OMB renew approval for this information collection. In that notice, we solicited comments for 60 days, ending on March 8, 2013. We received one comment. The commenter did not address the information collection requirements.

We again invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Dated: June 14, 2013.

**INTERNATIONAL TRADE COMMISSION**

**[Investigation Nos. 731-TA-1207-1209 (Preliminary)]**

**Prestressed Concrete Steel Rail Tie Wire From China, Mexico, and Thailand**

**Determinations**

On the basis of the record <sup>1</sup> developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from China, Mexico, and Thailand of prestressed concrete steel rail tie wire, provided for in subheading 7217.10.80 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV).

**Commencement of Final Phase Investigations**

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the Department of Commerce (Commerce) of affirmative preliminary determinations in the investigations under section 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under section 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of these investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and

countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

**Background**

On April 23, 2013, a petition was filed with the Commission and Commerce by Davis Wire Corp. of Kent, WA and Insteel Wire Product Co. of Mount Airy, NC, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV imports of prestressed concrete steel rail tie wire from China, Mexico, and Thailand. Accordingly, effective April 23, 2013, the Commission instituted antidumping duty investigation Nos. 731-TA-1207-1209 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of April 30, 2013 (78 FR 25303). The conference was held in Washington, DC, on May 14, 2013, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission filed its determinations on the agency's electronic document information system (EDIS) on June 14, 2013. The views of the Commission are contained in USITC Publication 4397 (June 2013), entitled *Prestressed Concrete Steel Rail Tie Wire from China, Mexico, and Thailand: Investigation Nos. 731-TA-1207-1209 (Preliminary)*.

By order of the Commission.

Issued: June 14, 2013.
