

establish policy, direct program activities, and better allocate resources. The introduction of a new sample design is planned for the 2014 NSDUH. In addition to moving towards a proportional allocation by state, the 2014 sample design places more sample in the 26 or older age groups than in previous designs to more accurately estimate drug use and related mental health measures among the aging drug use population. An additional stage of selection was also added to aid in the

possible adoption of address-based sampling in the future. The questionnaire content for the 2014 NSDUH will remain identical to what was administered in 2013, with the exception of updates to year references and the State-specific Medicaid, Children’s Health Insurance Program (CHIP), and Temporary Assistance for Needy Families (TANF) program names. Making minimal changes to the instrument will allow SAMHSA’s Center for Behavioral Health Statistics

and Quality (CBHSQ) to isolate the effects of the revised sample design in the 2014 NSDUH and to prepare for the 2015 NSDUH redesign. As with all NSDUH/NHSDA ¹ surveys conducted since 1999, the sample size of the survey for 2014 will be sufficient to permit prevalence estimates for each of the fifty States and the District of Columbia. The total annual burden estimate is shown in Table 1.

Project: Confidentiality of Alcohol and Drug Abuse Patient Records—(OMB No. 0930–0092)—Revision

Statute (42 U.S.C. 290dd–2) and regulations (42 CFR Part 2) require federally conducted, regulated, or directly or indirectly assisted alcohol and drug abuse programs to keep alcohol and drug abuse patient records confidential. Information requirements are (1) written disclosure to patients about Federal laws and regulations that protect the confidentiality of each patient, and (2) documenting “medical personnel” status of recipients of a disclosure to meet a medical emergency. Annual burden estimates for these requirements are summarized in the table below:

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C.

This notice is published for the convenience of the importing public and U.S. Customs and Border Protection personnel.

DATES: *Effective Date:* July 1, 2013.

SUPPLEMENTARY INFORMATION:

Background

Pursuant to 19 U.S.C. 1505 and Treasury Decision 85–93, published in the **Federal Register** on May 29, 1985 (50 FR 21832), the interest rate paid on applicable overpayments or underpayments of customs duties must be in accordance with the Internal Revenue Code rate established under 26 U.S.C. 6621 and 6622. Section 6621 was amended (at paragraph (a)(1)(B) by the Internal Revenue Service Restructuring and Reform Act of 1998, Public Law 105–206, 112 Stat. 685) to provide different interest rates applicable to

overpayments: one for corporations and one for non-corporations.

The interest rates are based on the Federal short-term rate and determined by the Internal Revenue Service (IRS) on behalf of the Secretary of the Treasury on a quarterly basis. The rates effective for a quarter are determined during the first-month period of the previous quarter.

In Revenue Ruling 2013–10, the IRS determined the rates of interest for the calendar quarter beginning July 1, 2013, and ending on September 30, 2013. The interest rate paid to the Treasury for underpayments will be the Federal short-term rate (1%) plus two percentage points (2%) for a total of three percent (3%) for both corporations and non-corporations. For corporate overpayments, the rate is the Federal short-term rate (1%) plus one percentage point (1%) for a total of two percent (2%). For overpayments made by non-corporations, the rate is the Federal short-term rate (1%) plus two percentage points (2%) for a total of three percent (3%). These interest rates are subject to change for the calendar quarter beginning October 1, 2013, and ending December 31, 2013.

For the convenience of the importing public and U.S. Customs and Border Protection personnel the following list of IRS interest rates used, covering the period from before July of 1974 to date, to calculate interest on overdue accounts and refunds of customs duties, is published in summary format.
