Copies of the completed draft EIS will be sent to the environmental mailing list for public review and comment. Becoming an Intervenor

Once Magnolia LNG, LLC files its application with the Commission, you may want to become an “intervenor” which is an official party to the Commission’s proceeding. Intervenors play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission’s final ruling. An intervenor formally participates in the proceeding by filing a request to intervene. Instructions for becoming an intervenor are in the User’s Guide under the “e-filing” link on the Commission’s Web site. Please note that the Commission will not accept requests for intervenor status at this time. You must wait until the Commission receives a formal application for the project. To know when a formal application is filed with the Commission, we recommend that interested parties eSubscribe to the docket for this project (PF13–9–000). Directions to eSubscribe are detailed below.
