

stone masonry dam with an uncontrolled spillway and a 150-foot-long non-overflow section; (2) a 2000-foot-long canal, between 25 and 40 feet wide; (3) a powerhouse separate from the dam containing a 600-kW generating unit; (4) a reservoir with a surface area of 20 acres at normal pool elevation of 315 feet mean sea level and a gross storage capacity of 100 acre-feet; and (5) appurtenant facilities. The project operates run-of-river and generates and estimated average of 2,461,000 kW hours a year.

Pursuant to section 16.20(c) of the Commission's regulations, an existing licensee with a minor license not subject to sections 14 and 15 of the Federal Power Act must file an application for a subsequent license at least 24 months prior to the expiration of the current license.<sup>2</sup> PK Ventures has not filed an application for a subsequent license for the Bynum project.

Pursuant to section 16.24(b)(2) of the Commission's regulations, an existing licensee that fails to file a license application pursuant to section 16.20(b) shall be deemed to have filed a notice of intent indicating that it does not intend to file an application for subsequent license. Therefore, pursuant to section 16.25 of the Commission's regulations, interested parties have 90 days from the date of this notice to file a NOI to file an application for a subsequent license. An application for subsequent license or exemption for the Bynum Project (No. 4093) must be filed within 18 months of the date of filing the NOI. The existing licensee is prohibited from filing an application either individually or in combination with other entities.<sup>3</sup>

[Docket No. CP13-491-000]

#### Northern Natural Gas Company; Southern Natural Gas Company, L.L.C.; Florida Gas Transmission Company, LLC; Notice of Application

Take notice that on June 4, 2013, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124; on behalf of itself, Southern Natural Gas Company, L.L.C., and Florida Gas Transmission Company, LLC, (collectively, Applicants) filed an application: under section 7(b) of the Natural Gas Act to abandon in-place the Matagorda Offshore Pipeline System, located on shore and in federal and state waters offshore Texas, all as more fully set forth in the joint application which is on file with the Commission and open to public inspection. Applicants also request Commission approval to abandon the services provided with respect to receipt points located on the facilities proposed for abandonment. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link, select "Docket #" and follow the instructions (call 202-502-8222 or for TTY, 202-502-8659).

Any questions regarding the joint application should be directed to: Michael T. Loeffler, Senior Director, Certificates and External Affairs for Northern, 1111 South 103rd Street, Omaha, Nebraska 68124 by phone (402) 398-7103.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit an original and 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to

the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

*Comment Date:* 5:00 p.m. Eastern Time on July 10, 2013.

Dated: June 19, 2013.
