

filed by the applicant and by all other parties. A party must submit 5 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

*Comment Date:* 5:00 p.m. Eastern Time on July 11, 2013.

Dated: June 20, 2013.

**Kimberly D. Bose,**  
Secretary.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 9654-018]

#### Brenda Wirkkala See; Notice of Application Accepted for Filing, Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Type of Application:* Surrender of License.
- b. *Project No.:* 9654-018.
- c. *Date Filed:* December 26, 2012.
- d. *Applicant:* Brenda Wirkkala See.
- e. *Name of Project:* Burnham Creek Hydroelectric Project.
- f. *Location:* Burnham Creek, just upstream from the confluence with the South Fork of the Naselle River, in Pacific County, Washington.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.
- h. *Applicant Contact:* Ms. Brenda Wirkkala See, P.O. Box 99, Naselle, WA 98638 (360) 484-3878.
- i. *FERC Contact:* Mr. Henry Woo, (202) 502-8872, [henry.woo@ferc.gov](mailto:henry.woo@ferc.gov).
- j. Deadline for filing comments, motions to intervene, and protests, is 30 days from the issuance date of this notice by the Commission. All documents may be filed electronically via the Internet. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov/docs-filing/efiling.asp>. If unable to be filed electronically, documents may be paper-filed. To paper-file, an original and seven copies should be mailed to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments.

Please include the project number (P-9654-018) on any comments, motions, or recommendations filed.

k. *Description of Request:* The applicant proposes to surrender the license for the Burnham Creek (P-9654) Hydroelectric Project. The applicant states that the license is being surrendered because the project has been made inoperable due to a hurricane force windstorm in December of 2007 which damaged the power line. The cost of restoring the project is too

great when weighed against the benefits that can be obtained.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Responsive Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). All comments, motions to intervene, or protests should relate to project works which are the subject of the exemption surrender. Agencies may obtain copies of the application directly from the

applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

Dated: June 20, 2013.

**Kimberly D. Bose,**  
Secretary.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[ Docket No. CP09-6-001; PF12-7-000;  
Docket No. CP09-7-001]

#### LNG Development Company (d/b/a Oregon LNG); Oregon Pipeline Company, LLC; Notice of Application

Take notice that on June 7, 2013, LNG Development Company, LLC (d/b/a Oregon LNG) (Oregon LNG), 8100 NE Parkway Drive, Suite 165, Vancouver, WA 98662, filed in Docket No. CP9-6-001 an application to amend its application filed on October 10, 2008 in Docket No. CP09-6-000 pursuant to Section 3(a) of the Natural Gas Act (NGA) and Parts 153 and 380 of the Commission's regulations, seeking authorization to site, construct and operate a bi-directional LNG terminal and associated facilities in the town of Warrenton in Clatsop County, Oregon, as both a place of exit for the exportation of LNG and as a place of entry for the importation of LNG.

Also take notice that on June 7, 2013, Oregon Pipeline Company, LLC, (Oregon Pipeline Company), 8100 NE Parkway Drive, Suite 165, Vancouver, WA 98662, filed in Docket No. CP9-7-001 an application to amend its application filed on October 10, 2008 in Docket No. CP09-7-000 pursuant to Section 7(c) of the NGA and Parts 157 and 284 of the Commission's regulations, to modify the proposed pipeline route and certain facilities, as well as to enable bi-directional flow of gas on the pipeline. As modified, the

proposed pipeline would be routed through Clatsop, Columbia, and Tillamook Counties in Oregon, and Cowlitz County in Washington, and end at a new interconnect with the system of Northwest Pipeline GP (Northwest) near Woodland, Washington.

Specifically, the proposed project will entail the construction, operation and maintenance of the following major facilities: (i) A bidirectional LNG receiving and export facility (including berthing accommodations for a single LNG vessel, unloading facilities, and associated piping and appurtenances); (ii) a liquefaction facility consisting of two liquefaction trains of 4.5 million metric tons per annum each, for an overall nominal liquefaction rate of up to 9.0 MTPA; (iii) vaporization facilities with a base load natural gas send out capacity of 0.5 Bscf/d; (iv) LNG storage facilities (including two LNG storage tanks and associated piping and control equipment) capable of storing a total of 320,000 cubic meters of LNG; (v) associated utilities, infrastructure and support systems; and (vi) an approximately 86.8-mile-long, 36-inch diameter pipeline, which will employ a maximum allowable operating pressure of 1,440 pounds per square inch gauge and deliverability of up to 1.25 Bscf/d, all as more fully set forth in the application which is on file with the Commission and open to public inspection, all as more fully set forth in the application which is on file with the Commission and open to public inspection. Copies of this filing are available for review at the Commission in the Public Reference Room, or may be viewed on the Commission's Web site web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding these applications should be directed to Peter Hansen, LNG Development Company, LLC, 8100 NE Parkway Drive, Suite 165, Vancouver, WA 98662, (503) 298-4967, [peterh@oregonlng.com](mailto:peterh@oregonlng.com) or Lisa M. Toney, Fulbright & Jaworski LLP, 666 Fifth Avenue, New York, NY 10103, (212) 318-3009, [lisa.toney@noronrosefulbright.com](mailto:lisa.toney@noronrosefulbright.com).

On July 16, 2012, the Commission staff granted LNG Development Company, LLC and Oregon Pipeline Company (collectively referred as Oregon LNG) request to utilize the Pre-Filing Process and assigned Docket No. PF12-18 to staff activities involved with Oregon LNG's Bidirectional Project.

Now, as of the filing of the application on June 7, 2013, the Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket Nos. CP09-6-001 and CP09-7-001, as noted in the caption of this Notice.

Because the environmental review of Oregon LNG's Bidirectional Project must also include Northwest's connecting supply pipeline to the LNG terminal, the Commission cannot begin preparation of the Environmental Impact Statement (EIS) to comply with the National Environmental Policy Act of 1969, until Pacific Connector's application is filed. Within 90 days after the Commission issues a Notice of Application for the Northwest application, the Commission staff will issue a Notice of Schedule for Environmental Review that will indicate the anticipated date for the Commission's staff issuance of the final EIS analyzing both proposals. The issuance of a Notice of Schedule for Environmental Review will also serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's final EIS.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, before the comment date of this notice, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in
