Section 64.904(a) requires each incumbent LEC required to file a cost allocation manual is to either have an attest engagement performed by an independent auditor every two years, covering the prior two year period, or have a financial audit performed by an independent auditor biennially. In either case, the initial engagement shall be performed in the calendar year after the carrier is first required to file a cost allocation manual. *See* section 904(a)-(c). Instead of requiring mid-sized carriers to incur the expense of a biennial attestation engagement, they now file a certification with the Commission stating that they are in compliance with 47 CFR 64.901 of the Commission's rules. The certification must be signed, under oath, by an officer of the incumbent LEC, and filed with the Commission on an annual basis. Such certifications of compliance represent a less costly means of enforcing compliance with our cost allocation rules. *See* 47 CFR 64.905 of the Commission's rules. The requirements are imposed to ensure that the carriers are properly complying with Commission rules. They serve as an important aid in the Commission's monitoring program.
