

deliveries must be held together with rubber bands or fasteners. Any envelopes and boxes must be disposed of before entering the building.

- Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743.

- U.S. Postal Service first-class, Express, and Priority mail must be addressed to 445 12th Street SW., Washington, DC 20554.

48. *Availability of Documents.* Comments, reply comments, and *ex parte* submissions will be available for public inspection during regular business hours in the FCC Reference Center, Federal Communications Commission, 445 12th Street SW., CY-A257, Washington, DC, 20554. These documents will also be available via ECFS. Documents will be available electronically in ASCII, Microsoft Word, and/or Adobe Acrobat.

49. *People with Disabilities.* To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the FCC's Consumer and Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY).

E. Additional Information

50. For additional information on this proceeding, contact Diana Sokolow, Diana.Sokolow@fcc.gov, or Maria Mullarkey, Maria.Mullarkey@fcc.gov, of the Media Bureau, Policy Division, (202) 418-2120.

IV. Ordering Clauses

51. Accordingly, *it is ordered* that pursuant to the Twenty-First Century Communications and Video Accessibility Act of 2010, Public Law 111-260, 124 Stat. 2751, and the authority found in sections 4(i), 4(j), 303, 330(b), 713, and 716 of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 154(j), 303, 330(b), 613, and 617, this *Further Notice of Proposed Rulemaking is adopted*, effective thirty (30) days after the date of publication in the **Federal Register**.

52. *It is further ordered* that the Commission's Consumer and Governmental Affairs Bureau, Reference Information Center, *shall send* a copy of this *Further Notice of Proposed Rulemaking* in MB Docket No. 11-154, including the Initial Regulatory Flexibility Act Analysis, to the Chief Counsel for Advocacy of the Small Business Administration.

List of Subjects in 47 CFR Part 79

Cable television operators, Communications equipment, Multichannel video programming distributors (MVPDs), Satellite television service providers, Television broadcasters.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

Proposed Rules

For the reasons discussed in the preamble, the Federal Communications Commission proposes to amend 47 CFR part 79 as follows:

PART 79—CLOSED CAPTIONING AND VIDEO DESCRIPTION OF VIDEO PROGRAMMING

■ 1. The authority citation for Part 79 continues to read as follows:

Authority: 47 U.S.C. 151, 152(a), 154(i), 303, 307, 309, 310, 330, 544a, 613, 617.

■ 2. Amend § 79.103 to add paragraph (c)(12) to read as follows:

§ 79.103 Closed caption decoder requirements for all apparatus.

* * * * *

(c) * * *

(12) *Synchronization.* All apparatus that render closed captions must do so consistent with the timing data included with the video programming the apparatus receives.

* * * * *

BILLING CODE 6712-01-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

50 CFR Part 17

[Docket No. FWS-R1-ES-2013-0028; 4500030113]

RIN 1018-AZ38

Endangered and Threatened Wildlife and Plants; Designating Critical Habitat for Three Plant Species on Hawaii Island

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; reopening of comment period.

SUMMARY: We, the U.S. Fish and Wildlife Service, announce the reopening of the public comment period on our October 17, 2012, proposed designation of critical habitat for three plant species (*Bidens micrantha* ssp.

ctenophylla (kookoolau), *Isodendron pyriformum* (wahine noho kua), and *Mezoneuron kavaense* (uhiuhi)) on Hawaii Island under the Endangered Species Act of 1973, as amended (Act). In response to requests we received, we are reopening the comment period to allow all interested parties an opportunity to comment on the proposed designation of critical habitat and the draft economic analysis. Comments previously submitted on the proposed rule or draft economic analysis need not be resubmitted as they will be fully considered in our determinations on this rulemaking action. We also announce a public information meeting on our proposed rule and associated documents.

DATES: *Written Comments:* We will consider all comments received or postmarked on or before September 3, 2013. Comments submitted electronically using the Federal eRulemaking Portal (see **ADDRESSES**, below) must be received by 11:59 p.m. Eastern Time on the closing date.

Public Information Meeting: We will hold a public information meeting in Kailua-Kona, Hawaii, on Wednesday, August 7, 2013, from 3 p.m. to 5 p.m. (see **ADDRESSES** section, below).

ADDRESSES: *Document availability:* You may obtain copies of the proposed rule on the Internet at <http://www.regulations.gov> at Docket No. FWS-R1-ES-2012-0070, or by mail from the Pacific Islands Fish and Wildlife Office (see **FOR FURTHER INFORMATION CONTACT**).

Written Comments: You may submit written comments by one of the following methods:

(1) *Electronically:* Go to the Federal eRulemaking Portal: <http://www.regulations.gov>. Search for Docket No. FWS-R1-ES-2013-0028.

(2) *By hard copy:* Submit comments by U.S. mail or hand-delivery to: Public Comments Processing, Attn: FWS-R1-ES-2013-0028; Division of Policy and Directives Management; U.S. Fish and Wildlife Service; 4401 N. Fairfax Drive, MS 2042-PDM; Arlington, VA 22203.

Public Information Meeting: The public information meeting will be held in the Council Chambers of the West Hawaii Civic Center located at 74-5044 Ane Keohokalole Highway, Kailua-Kona, HI 96740 (telephone 808-323-4444).

We request that you send comments only by the methods described above. We will post all comments on <http://www.regulations.gov>. This generally means that we will post any personal information you provide us (see the Public Comments section below for more information).

FOR FURTHER INFORMATION CONTACT:

Loyal Mehrhoff, Field Supervisor, U.S. Fish and Wildlife Service, Pacific Islands Fish and Wildlife Office, 300 Ala Moana Boulevard, Room 3-122, Honolulu, HI 96850; by telephone 808-792-9400; or by facsimile 808-792-9581. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 800-877-8339.

SUPPLEMENTARY INFORMATION:

We are proposing to designate critical habitat for *Bidens micrantha* ssp. *ctenophylla*, which we proposed to list as endangered on October 17, 2012 (77 FR 63928), and for two plant species that are already listed as endangered (*Isodendron pyriform* and *Caesalpinia kavae*) (we proposed a taxonomic revision for *Caesalpinia kavae* on October 17, 2012 (77 FR 63928), to change the name to *Mezoneuron kavae*; we will refer to this plant species as *Mezoneuron kavae* in this document)).

Background

On October 17, 2012, the Service published a proposed rule in the **Federal Register** (77 FR 63928) to list 15 species (13 plants and 2 animals) found on Hawaii Island as endangered. We also proposed critical habitat for 1 of those 13 plant species (*Bidens micrantha* ssp. *ctenophylla*). In addition, we proposed critical habitat for two previously listed plant species (*Isodendron pyriform* and *Mezoneuron kavae*) that do not have designated critical habitat and occur in the same ecosystem as *Bidens micrantha* ssp. *ctenophylla*. In all, the critical habitat proposed for these three species is an area totaling 18,766 acres (7,597 hectares), of which approximately 55 percent is already designated as critical habitat for endangered or threatened species. The October 17, 2012, proposal had a 60-day comment period, ending December 17, 2012.

On April 30, 2013, we announced the reopening of the comment period for the proposed listing of the 15 species and proposed critical habitat for 3 species on Hawaii Island, the availability of our draft economic analysis of the proposed critical habitat, and the public hearing and public information meeting scheduled for May 15, 2013 (78 FR 25243). The comment period was reopened for 30 days, ending on May 30, 2013. The Service held a public information meeting and public hearing on May 15, 2013, at the West Hawaii Civic Center, Kailua-Kona, Hawaii. Additional information may be found in the October 17, 2012, proposed rule (77

FR 63928) and the April 30, 2013, reopening of the comment period and availability of the draft economic analysis (78 FR 25243).

Pursuant to a court-ordered deadline, we must make a final determination on whether to list the 15 species by September 30, 2013. In order to allow additional opportunity for public comment on the critical habitat proposal, we plan to publish the final critical habitat determination subsequent to the listing determination.

Public Comments

We are again seeking written comments and information during this reopened comment period on our proposed designation of critical habitat for three plant species that published in the **Federal Register** on October 17, 2012 (77 FR 63928), and on our draft economic analysis of the proposed critical habitat designation and the amended required determinations that were made available for review on April 30, 2013 (78 FR 25243). The October 17, 2012, proposed rule proposed to list 15 species on the island of Hawaii as endangered, as well as to designate critical habitat for 3 species. However, we will be publishing two final rules, one making a final determination on the listing proposal and another making a final determination on the critical habitat designation.

With regard to the proposed critical habitat determination, we are particularly interested in comments concerning:

(1) The reasons why we should or should not designate habitat as “critical habitat” under section 4 of the Act, including whether there are threats to the species from human activity, the degree of which can be expected to increase due to the designation, and whether that increase in threat outweighs the benefit of designation such that the designation of critical habitat is not prudent.

(2) Specific information on:

(a) The amount and distribution of the species’ habitat;

(b) What areas occupied by the species at the time of listing that contain features essential for the conservation of the species we should include in the designation and why;

(c) Special management considerations or protection that may be needed in critical habitat areas we are proposing, including managing for the potential effects of climate change; and

(d) What areas not occupied at the time of listing are essential to the conservation of the species and why.

(3) Land use designations and current or planned activities in the subject areas

and their possible impacts on proposed critical habitat.

(4) Any foreseeable economic, national security, or other relevant impacts that may result from designating any area that may be included in the final designation. We are particularly interested in any impacts on small entities and the benefits of including or excluding areas from the proposed designation that are subject to these impacts.

(5) Whether our approach to designating critical habitat could be improved or modified in any way to provide for greater public participation and understanding, or to assist us in accommodating public concerns and comments.

If you submitted comments or information on the proposed rule (77 FR 63928) during the initial comment period from October 17, 2012, to December 17, 2012, or the reopened comment period (78 FR 25243) from April 30, 2013, to May 30, 2013, please do not resubmit them. We have incorporated them into the public record as part of the original comment period, and we will fully consider them in our final determinations.

You may submit your comments and materials concerning the proposed rules by one of the methods listed in **ADDRESSES**. We request that you send comments only by the methods described in **ADDRESSES**.

If you submit a comment via <http://www.regulations.gov>, your entire comment—including any personal identifying information—will be posted on the Web site. We will post all hardcopy comments on <http://www.regulations.gov> as well. If you submit a hardcopy comment that includes personal identifying information, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so.

Comments and materials we receive, as well as supporting documentation we used in preparing the proposed rule, will be available for public inspection on <http://www.regulations.gov> at Docket No. FWS-R1-ES-2013-0028 for the proposed critical habitat designation, or by appointment, during normal business hours, at the U.S. Fish and Wildlife Service, Pacific Islands Fish and Wildlife Office (see **FOR FURTHER INFORMATION CONTACT**).

Public Information Meeting

We are holding a public information meeting on the date listed in the **DATES** section at the address listed in the **ADDRESSES** section (above). We are

holding this second public information meeting to provide an additional opportunity for the public to ask questions or seek clarification on the proposed rule and the draft economic analysis. Since this is an informational meeting and not a public hearing, no oral testimony will be taken.

Authority

The authority for this action is the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Dated: June 20, 2013.

Rachel Jacobson,

Principal Deputy Assistant Secretary for Fish and Wildlife and Parks.

BILLING CODE 4310-55-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 622

[Docket No. 130403321-3321-01]

RIN 0648-BD16

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper-Grouper Fishery off the Southern Atlantic States; Regulatory Amendment 19

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes regulations to implement Regulatory Amendment 19 to the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP), as prepared by the South Atlantic Fishery Management Council (Council). If implemented, Regulatory Amendment 19 and this rule would revise the optimum yield (OY), the commercial and recreational annual catch limits (ACLs) and the recreational annual catch target (ACT) for black sea bass harvested in or from the South Atlantic exclusive economic zone (EEZ). This rule would also establish an annual prohibition on the use of black sea bass pots in the South Atlantic from November 1 through April 30. The intent of this rule is to provide socio-economic benefits to snapper-grouper fishermen and communities that utilize the snapper-grouper resource, while maintaining fishing mortality at sustainable levels according to the best scientific information available. The

rule would also prevent interactions between black sea bass pot gear and whales listed under the Endangered Species Act (ESA) during periods of large whale migrations and during the northern right whale calving season off of the southeastern coast.

DATES: Written comments must be received on or before August 1, 2013.

ADDRESSES: You may submit comments on the amendment identified by “NOAA-NMFS-2013-0096” by any of the following methods:

- **Electronic submissions:** Submit electronic comments via the Federal e-Rulemaking Portal: <http://www.regulations.gov>. Go to www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2013-0096, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.

- **Mail:** Submit written comments to Rick DeVactor, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF file formats only.

Electronic copies of Regulatory Amendment 19, which includes an environmental assessment, an initial regulatory flexibility analysis (IRFA), and a regulatory impact review, may be obtained from the Southeast Regional Office Web site at <http://sero.nmfs.noaa.gov/sf/pdfs/SGRegAmend19.pdf>.

FOR FURTHER INFORMATION CONTACT: Rick DeVactor, Southeast Regional Office, telephone: 727-824-5305, or email: rick.devactor@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery of the South Atlantic, which includes black sea bass, is managed under the FMP. The FMP was prepared by the Council and is implemented through regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery

Conservation and Management Act (Magnuson-Stevens Act).

Background

The Magnuson-Stevens Act requires NMFS and regional fishery management councils to prevent overfishing and to achieve, on a continuing basis, the OY for federally managed fish stocks. These mandates are intended to ensure that fishery resources are managed for the greatest overall benefit to the nation, particularly with respect to providing food production and recreational opportunities, and protecting marine ecosystems. To further this goal, the Magnuson-Stevens Act requires fishery managers to end overfishing of stocks while achieving OY from the fishery, and to minimize bycatch and bycatch mortality to the extent practicable. The black sea bass component of the snapper-grouper fishery in the South Atlantic is managed through a variety of measures to achieve OY. These measures include restrictions on the total harvest, recreational and commercial allocations, recreational and commercial ACLs, and accountability measures (AMs).

The black sea bass stock in the South Atlantic was assessed through the Southeast Data, Assessment, and Review (SEDAR) stock assessment process in 2003 (SEDAR 2). SEDAR 2 determined that the South Atlantic black sea bass stock was overfished and undergoing overfishing. In 2006, the Council implemented a 10-year rebuilding plan for black sea bass that included measures to end overfishing. The black sea bass stock was reassessed in 2011 (SEDAR 25) and determined to no longer be overfished or undergoing overfishing, but was not fully rebuilt. In 2013, the SEDAR 25 Update assessment determined that the black sea bass stock is now rebuilt. The SEDAR 25 Update assessment indicates that the black sea bass ACLs can be increased without jeopardizing the health of the population. The Council’s Scientific and Statistical Committee (SSC) reviewed the SEDAR 25 Update assessment in April 2013, and determined that the assessment was based on the best scientific information available and recommended new acceptable biological catch (ABC) levels for 2013, 2014, and 2015. These ABCs, which decrease over time, are higher than the current ABC. The Council approved the new ABCs at its May 2013 Council meeting.

In Amendment 18A to the FMP (77 FR 32408, June 1, 2012), the Council established an OY formula of $ABC = OY = ACL$, using values from SEDAR 25 (2011) and the SSC’s ABC recommendation at that time.
