Proposed Project

Emerging Infections Program—New—National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Emerging Infections Programs (EIPs) are population-based centers of excellence established through a network of state health departments collaborating with academic institutions; local health departments; public health and clinical laboratories; infection control professionals; and healthcare providers. EIPs assist in local, state, and national efforts to prevent, control, and monitor the public health impact of infectious diseases. Various parts of the EIP have received separate OMB clearance (OMB Control

No. 0920-0802, ABCs, and OMB Control No. 0920-0852, All Age Influenza Hospitalization Surveillance); however this request seeks to have these core EIP activities under one clearance.

Activities of the EIPs fall into the following general categories: (1) Active surveillance; (2) applied public health epidemiologic and laboratory activities; (3) implementation and evaluation of pilot prevention/intervention projects; and (4) flexible response to public health emergencies. Activities of the EIPs are designed to: (1) Address issues that the EIP network is particularly suited to investigate; (2) maintain sufficient flexibility for emergency response and new problems as they arise; (3) develop and evaluate public health interventions to inform public health policy and treatment guidelines; (4) incorporate training as a key function; and (5) prioritize projects that lead directly to the prevention of disease.

The total estimated burden is 12,319 hours. There is no cost to respondents other than their time.

World Trade Center Health Program Scientific/Technical Advisory Committee; Nominations of Candidates

This notice supersedes the following documents published in the **Federal Register**: June 11, 2013 Volume 78, Number 112, Pages 35036-35037; June 21, 2013 Volume 78, Number 120, Page 37542; June 28, 2013 Volume 78, Number 125, Page 38983.

Request for Nominations of Candidates to Serve on the World Trade Center Health Program Scientific/Technical Advisory Committee (the STAC or the Committee), Centers for Disease Control and Prevention (CDC), Department of Health and Human Services.

The CDC is soliciting nominations for membership on the World Trade Center (WTC) Health Program Scientific/Technical Advisory Committee (STAC). Title I of the James Zadroga 9/11 Health and Compensation Act of 2010 (Pub. L. 111-347) was enacted on January 2, 2011, amending the Public Health Service Act (PHS Act) by adding Title XXXIII establishing the WTC Health Program within HHS (Title XXXIII of the PHS Act is codified at 42 U.S.C. 300mm to 300mm-61). Section 3302(a) of the PHS Act established the WTC Health Program Scientific/Technical Advisory Committee (STAC). The STAC is governed by the provisions of the Federal Advisory Committee Act, as amended (Pub. L. 92-463, 5 U.S.C. App.), which sets forth standards for the formation and use of advisory committees in the Executive Branch. PHS Act Section 3302(a)(1) establishes that the STAC will: review scientific and medical evidence and to make recommendations to the [WTC Program] Administrator on additional WTC Program eligibility criteria and on additional WTC-related health conditions.

The committee may be consulted for other matters as related to and outlined in the Act at the discretion of the WTC Program Administrator. Agency or

Official to Whom the Committee Reports Section 3302(a)(1) instructs the committee to provide advice to the WTC Program Administrator. In accordance with Section 3302(a)(2) of the PHS Act, the WTC Program Administrator will appoint the members of the committee, which must include at least:

- 4 occupational physicians, at least two of whom have experience treating WTC rescue and recovery workers;
- 1 physician with expertise in pulmonary medicine;
- 2 environmental medicine or environmental health specialists;
- 2 representatives of WTC responders;
- 2 representatives of certified-eligible WTC survivors;
- 1 industrial hygienist;
- 1 toxicologist;
- 1 epidemiologist; and
- 1 mental health professional.

At this time the Administrator is seeking nominations for members fulfilling the following categories:

- occupational physician;
- physician with expertise in pulmonary medicine;
- environmental medicine or environmental health specialist;
- representative of WTC responders;
- representative of certified-eligible WTC survivors;

Other members may be appointed at the discretion of the WTC Program Administrator.

A STAC member's term appointment may last 3 years. If a vacancy occurs, the WTC Program Administrator may appoint a new member who represents the same interest as the predecessor. STAC members may be appointed to successive terms. The frequency of committee meetings shall be determined by the WTC Program Administrator based on program needs. Meetings may occur up to four times a year. Members are paid the Special Government Employee rate of \$250 per day, and travel costs and per diem are included and based on the Federal Travel Regulations.

Any interested person or organization may self-nominate or nominate one or more qualified persons for membership.

Nominations must include the following information:

- The nominee's contact information and current occupation or position;
- The nominee's resume or curriculum vitae, including prior or current membership on other National Institute for Occupational Safety and Health (NIOSH), CDC, or HHS advisory committees or other relevant organizations, associations, and committees;
- The category of membership (occupational, pulmonary or

environmental medicine physician, environmental health specialist, representative of responder or survivor beneficiaries) that the candidate is qualified to represent;

- A summary of the background, experience, and qualifications that demonstrates the nominee's suitability for the nominated membership category;
- Articles or other documents the nominee has authored that indicate the nominee's knowledge and experience in relevant subject categories; and
- A statement that the nominee is aware of the nomination, is willing to regularly attend and participate in STAC meetings, and has no known conflicts of interest that would preclude membership on the Committee.

STAC members will be selected upon the basis of their relevant experience and competence in their respective categorical fields. The information received through this nomination process, in addition to other relevant sources of information, will assist the WTC Program Administrator in appointing members to serve on the STAC. In selecting members, the WTC Program Administrator will consider individuals nominated in response to this **Federal Register** notice as well as other qualified individuals.

The CDC is committed to bringing greater diversity of thought, perspective and experience to its advisory committees. Nominees from all races, genders, ages, and persons living with disabilities are encouraged to apply. Nominees must be U.S. citizens.

Candidates invited to serve will be asked to submit the "Confidential Financial Disclosure Report," OGE Form 450. This form is used by CDC to determine whether there is a financial conflict between that person's private interests and activities and their public responsibilities as a Special Government Employee as well as any appearance of a loss of impartiality, as defined by Federal regulation. The form may be viewed and downloaded at <http://www.oge.gov/Forms-Library/OGE-Form-450-Confidential-Financial-Disclosure-Report/>. This form should not be submitted as part of a nomination.

DATES: Nominations must be submitted (postmarked or electronically received) by August 9, 2013.

Submissions must be electronic or by mail. Submissions should reference docket #229-A. Electronic submissions: You may electronically submit nominations, including attachments, to nioshdocket@cdc.gov. Attachments in Microsoft Word are preferred. Regular, Express, or Overnight Mail: Written nominations may be submitted (one
